DWARF PEACH TREES

**RAISE FULL SIZE FRUIT IN
YOUR OWN BACK YARD**

New Dwarf Peach Tree

Our new DWARF PEACH TREES produce big, full-size peaches on trees that grow no taller than about 6 feet when fully matured. Require very little space — heavy producers — start bearing very young. We believe this is the first time DWARF PEACH TREES have ever been offered. Our DWARF PEACH TREES are grown on special DWARF HARDY ROOTS, which are longer lived than ordinary peach trees. DWARF PEACH TREES are also ornamental. For more description, see page 11.

We offer you:

Hale Haven, Redhaven, and Elberta

2½ to 3 ft. trees, each \$2.35, 3 for \$6.15.

3 to 4 ft. trees, each \$2.95, 3 for \$7.25.

Also DWARF APPLE, DWARF PEAR, DWARF CHERRY and DWARF PLUM TREES on page 8.

Crimson King MAPLE

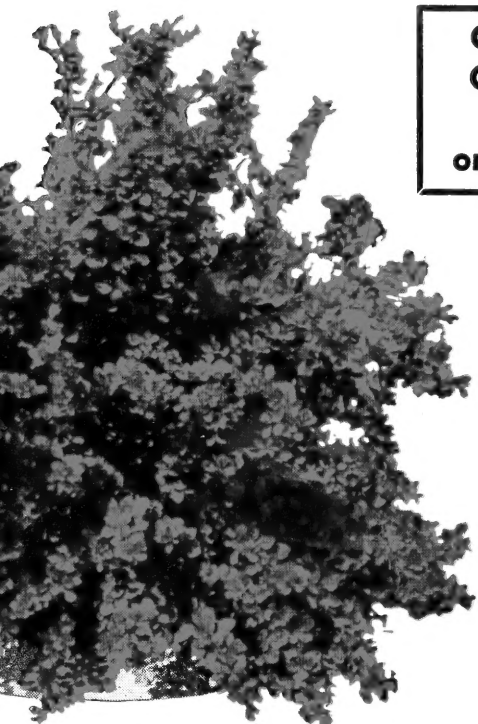

(The New Red Norway Maple)

Crimson King originated in Norway. Crimson King grows identical with the common maple, and to the same size, but is covered with extremely blood-red leaves the entire year. Has proven to be entirely hardy. One of the most outstanding ornamental trees ever produced. Will increase the value and the beauty of your home considerably.

PRICES: 4 to 5 ft. Trees, each \$3.95; 2 for \$7.45.

**Other Varieties of
Ornamental Trees
and Shrubs
on pages 33 thru 43.**

Red Barberry

RED BARBERRY

Similar to Green Barberry in all respects, except color, which is a brilliant red. In early Spring it assumes a deep, bronzy red color, which it retains until Fall, when it changes to vivid orange, scarlet, and red shades. Far more brilliant than ordinary Barberry.

2-Yr. Plants	Each	5	10
9-12 inch		\$1.45	\$2.50
12-15 inch	\$.45	1.85	3.00

(See pages 36 and 43)

Beautiful MOUNTAIN ASH

Dazzling orange berries. The most beautiful specimen of lawn trees. You'll want two in your front yard to balance your planting. Large clusters of orange berries remain throughout the winter, brightening the landscape. Graceful branches of fancy leaves thickly clothe mature specimens.

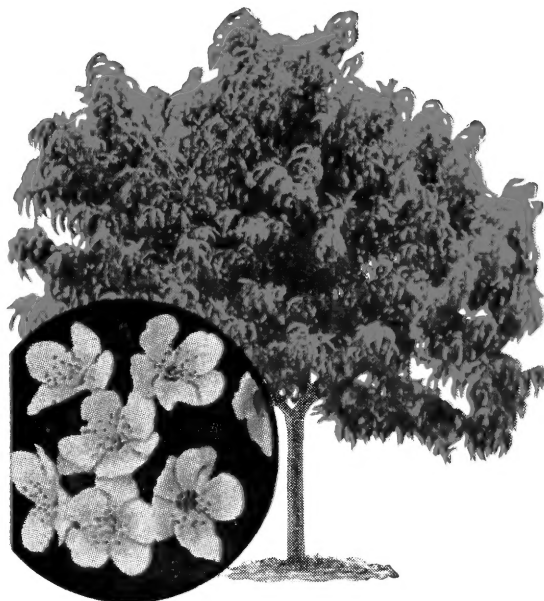

Prices: 3-Yr. Transplanted Trees—
4-5 ft., each \$2.00; 5-6 ft., each \$2.50; 6-8 ft., each \$3.50.

Crimson King Maple NEW Red Leaf PEACH TREE The Sensational New Blood-Leaf Ornamental

Something new in an ornamental tree. Many ornamental trees have been offered with colored foliage, but never a Blood Leaf Peach Tree with BEAUTIFUL RED FOLIAGE — bright red early in the spring, gradually dulling to a deep maroon towards Fall. Its pink blossoms against the red foliage create a most pleasant contrast with your other plantings.

Prices: 2-3 ft. Trees, each \$1.15; 3-4 ft. Trees, each \$1.45; 4-5 ft. Trees, each \$1.75.

Red Leaf Peach

The Zilke Guarantee of Satisfaction

We guarantee all plants and trees sold by us to be State Inspected and apparently free from disease and insect pests. We also guarantee them true-to-name, and will replace, free of charge any that may prove otherwise through possible error.

Rudolph H. Zilke, Jr.

We guarantee all plants, trees, shrubs, bulbs and seeds to reach you in good growing condition or will replace any stock that arrives in poor condition, if we are notified within five days after you receive the shipment. It is mutually agreed between ourselves and the customers that we shall not be liable for more than the original purchase price.

We will replace any stock, at one-half of the catalog price that does not live the first season, if you think it was the fault of the stock in any way, providing the complaint is received before July 1st of the year planted. It is impossible for us to consider any claim made after July 1st.

OUR
FARMS**

WE ARE NURSERYMEN NOT DEALERS

When you order from us you are dealing direct with the growers. We are farmers, honest-to-goodness dirt farmers. We find it a pleasure to improve our methods as we go about our work satisfying our many customers.

It's our business to save you every cent we can on your nursery stock. It is also our business to send you the very best that can be grown. Another part of our business is to see that you are perfectly satisfied. We do not care how many plants you can get for a dollar, if they are not good, healthy, strong plants or if they do not reach you in good growing condition, you have not received your money's worth and you are not going to be satisfied, are you?

It is not the number of plants you get, but the quality of the plants that satisfies. Wouldn't you honestly rather have fewer choice plants for a dollar and be perfectly satisfied than to get more poor quality plants for a dollar and be bitterly disappointed? There's a mighty big difference between perfect satisfaction and bitter disappointment. When it comes to nursery stock, you can buy plants and trees at almost any price, but the stock that will produce the best results is the cheapest you can buy. It is always our aim to produce quality stock at the lowest price possible.

You are welcome to come and see us at any time, you may find us in our overalls pitching in right along with our help, but we will be more than glad to take off time to visit with you and show you around. We have no white collar men or desk engineers, everyone works at Zilke's. We live with our work, you will find our office and packing house on U. S. 12 highway, 3 miles north of Bridgman or 10 miles south of Benton Harbor, the world's largest fruit market.

IT IS EASY TO ORDER BY MAIL

Dear Friend Customer:

As this is our only salesman, we again take pleasure in coming to you with this small catalog of big nursery bargains. We again offer you the highest quality hardy northern grown stock at wholesale prices. Through these annual catalogs and your business with us we feel acquainted with you. Whether your order is for \$1.00 or \$50.00 it will receive our personal attention and you will get a square deal.

You probably will receive a great number of catalogs this spring, listing many varieties of fruit of every description, but just remember that the Zilke Nursery is offering only the best of each class, the kinds that produce the most and best crops or fruits, that thrive and show the most natural disease resistance. Every plant, tree, shrub, and bulb that we offer is State inspected and free from disease.

Varieties are an important consideration in planning either your fruit garden or your ornamental planting. Some of the old varieties are still in first rank, but many must give up their places to the newer and finer kinds. We urge you to give the new Fairhaven Peach, Streamliner Everbearing Strawberry, Stanley Prune, Thornless Boysenberry, and the new Blueberry plants a fair trial. We feel sure you will be more than pleased with the results.

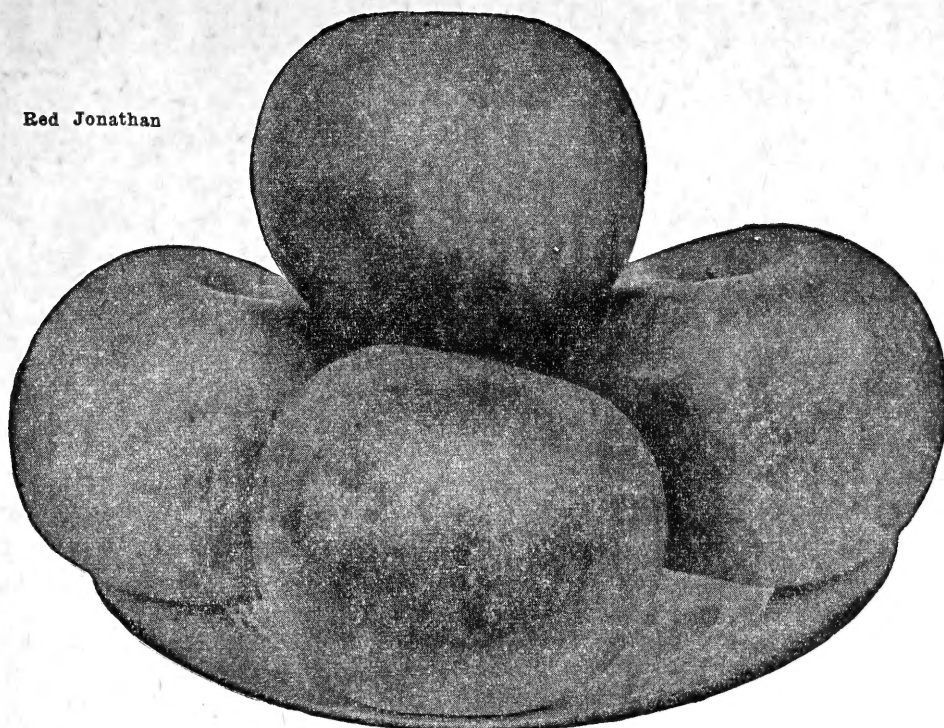

Here at the Zilke Nursery we utilize every known scientific method of selection, breeding, production and protection in shipment that will insure your getting perfect plants in perfect condition, with strong, fibrous roots for quick, sure growth.

It will be our constant study in the future, as it has been in the past, to give perfect satisfaction to our old customers as well as our new ones who entrust their order with us. Our success, we feel confident, depends wholly on the satisfaction we may be able to give our customer friends.

Yours very truly,

ZILKE BROS. NURSERY

Red Jonathan

ZILKE'S HARDY APPLE TREES ARE BUD SELECTED

JUMBO OR KING SIZE APPLE TREES

14/16 inch and up, 6 to 8 ft. trees.

WE OFFER YOU THE FOLLOWING VARIETIES

RED DELICIOUS - YELLOW DELICIOUS

RED JONATHAN - RED ASTRACHAN

\$2.25 Each; 3 for \$6.00; 5 for \$9.25

CORTLAND—New. Bears very young. Fruit large, beautiful dark red striped with carmine and yellow. Flesh fine grained, crisp, juicy, white and firm. Ripens about two weeks after McIntosh.

DOUBLE RED DELICIOUS—A remarkable introduction of recent years, which has established its claim to first rank, both for commercial and home orchards. Fruit large; acid. Flesh fine grained, crisp, juicy, melting, and really delicious. Tree hardy, vigorous grower, producing enormous annual yields.

LODI—The New Lodi ripens about the last of July. One of the very best early summer varieties, larger than Transparent, skin is clear white, changing to pale yellow when ripe. Flesh white, tender, subacid. An annual bearer that is becoming a commercial variety. Tends to bear very young.

MILTON—The tree is hardy, vigorous and an annual bearer. The fruits are pinkish red with a heavy bloom, most beautiful. The flesh is white, tender, crisp, juicy, and of McIntosh flavor but more sprightly. Milton is the handsomest of all the McIntosh tribe. Milton is like a McIntosh but ripens with Wealthy or a month before McIntosh. 2 yr. trees, 3 to 4 ft., \$1.00 each; 3 for \$2.50.

NEW DUNNING APPLE—New Dunning is the earliest ripening good red sweet apple yet to be discovered. Ripens early in August. Very handsome red striped apple of medium size, excellent quality. Recommended for a roadside market sort, being early, sweet and very attractive. Price, available only in 2 yr., 3-4 ft. trees, \$1.00 each.

MC INTOSH—McIntosh is considered one of the finest winter apples. Fruit is large, has good red color and white flesh. Juicy and highly aromatic apple with outstandingly good flavor. Trees are very hardy and very productive; comes into fruiting early and yields large crops every year. A big seller for fresh fruit, cooking and all purposes.

RED DUCHESS—The fruit resembles the Duchess except that the color is a solid red. Will pollinate its parent. 2 yr. 3 to 4 ft. trees, \$1.00 each; 3 for \$2.50.

RED JONATHAN—Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender—a splendid family sort and highly profitable for market. Tree long lived, productive, and an early bearer. Will keep well without especial care, also stand much handling.

RED ASTRACHAN—Well-known old sort, large and roundish. Crimson color; juicy, rich acid flavor. A vigorous grower with dark foliage. August.

STAYMAN'S WINESAP—Fruit large, bright red color. Flesh tinged with yellow; firm, crisp with pleasant, rich and acid flavor appealing to everyone.

YELLOW DELICIOUS—Best yellow apple. Waxy golden color. Luscious flavor, finest in the world. Bears fruit very young. Keeps until late spring without becoming mealy. Very hardy.

YELLOW TRANSPARENT—Ripens in July. One of the very best early varieties. Skin is clear white, changing to pale yellow when ripe. Flesh white, tender, subacid.

DOLGA CRAB APPLE—Dazzling bright red crab apple. The very best crab apple for bright red jelly and jells very easy, nothing like it. Good to eat and beautiful in appearance. Very hardy and produces heavily. Thrives anywhere. Bears young. 2 yr. trees, 2½ to 3 ft., 85¢ each; 3 to 4 ft., \$1.15 each.

SWEET CHERRIES

SCHMIDT'S BIGGAREAU—The Black Giant of Sweet Cherries. A splendid market or home use cherry, because of its attractive and all around good qualities. Considered one of the very best of the Black Sweet Cherries. Delicious to eat, fresh and canned and very attractive. Fruit grows in large clusters. Keeps well and is an excellent shipper. In size it is very large, usually unsurpassed by any black sweet cherry. Bears fruit very young, hardy and a sure cropper. We recommend this variety very highly. For prices see top of page.

WINDSOR—One of the best quality dark cherries, often referred to as Black Oxheart. Has pinkish flesh and almost black skin. Large, juicy and firm. Delicious to eat, fresh and wonderful for canning. Used extensively for fancy preserving. Tree grows upright and is a rapid and vigorous grower. A good variety. For Prices see top of page.

NAPOLEON (Royal Ann)—Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Profitable for market, finding a ready sale, for canning and dessert. Ripens in July. (Not available to the 5/16 to 7/16 size) For prices see top of page.

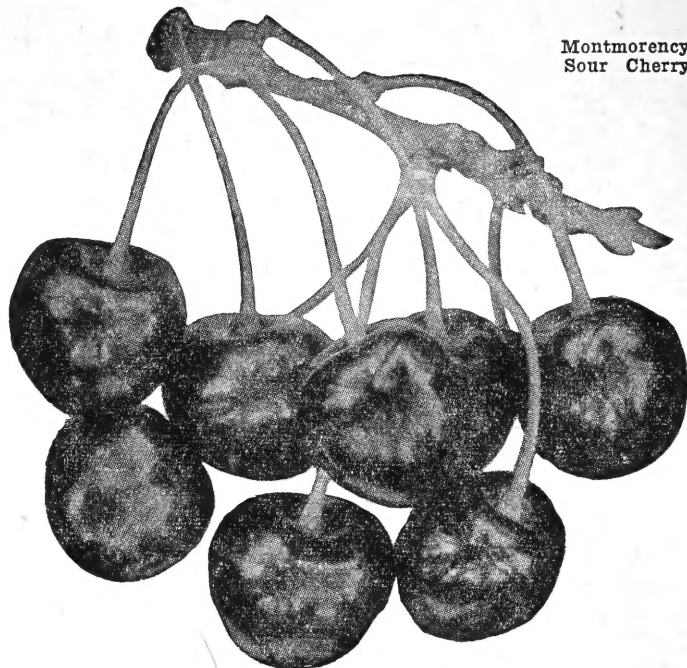

BLACK BING—This black Cherry bears fruit of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety. Also excellent for drying and home canning. May be used for locker storage after quick freezing. Always brings top prices on the market due to its large size and deep color. (Not available in the 5/16 to 7/16 size.) For prices see top of page.

NOIR DE GUBEN—This variety has been grown in Europe for many years, it is a reddish black cherry of good size, crops abundantly. The flesh is firm, juicy, very sweet and aromatic. It is a cherry of the Schmidt's type, a little earlier in season. The tree is vigorous, thrifty grower, healthy, and productive. It is a choicely good cherry for home and roadside trade. Special Super Size Trees, \$2.50 Each; 2 for \$4.50.

SCHRECKEN BIGGAREAU—It is a large heart-shaped glossy black cherry, handsome in appearance. The flesh is melting but firmer than the early-ripening sweets, moderately sweet, and full of aromatic dark-colored juice. Ripens with Black Tartarian but is much larger in size and firmer flesh makes this variety much more valuable than Tartarian. The tree is vigorous and productive. Strong 4 to 5 foot trees, \$1.75 each.

NEW NOBLE—A dark-colored firm fleshed sweet cherry for market and home use. The fruit is large, heart-shaped, slightly flattened at the apex, dark purplish red, firm fleshed, and of very high quality, and seems to crack less than those of the late sweet varieties. We recommend this variety very highly as a choice late sweet cherry. Strong 4 to 5 foot trees, \$1.50 each.

Plant Our Special Jumbo Size Cream of the Crop Cherry Trees and Save Several Years of Waiting for Fruit.

Montmorency
Sour Cherry

NEW VICTORY CHERRY

SOLD ONLY BY ZILKE BROS. NURSERY

Our new subacid sour cherry which is sweeter than Montmorency. This new cherry does not have the bitter sour cherry taste, found in most sour cherries. Requires almost no sugar when canning. The tree is a very heavy yielder of beautiful bright fruit. Every family orchard should have at least 2 trees of the New Victory Cherry. Special Super Size, 11/16 and up, \$2.25 each; Heavy Jumbo Size Trees, 14/16 and up, \$2.75 each.

STATE DEPARTMENT OF AGRICULTURE BUREAU ORCHARD AND NURSERY INSPECTION BUDWOOD CERTIFICATION CERTIFICATE

No. 29

This is to certify that the Stone Fruit Stock of Zilke Bros. Nursery (Cherry Scionwood), Baroda, has been propagated from virus disease free budwood, and is apparently free from dangerous insects and dangerously contagious fruit diseases.

Date of Inspection 10-11-1951
Fee paid \$10.00

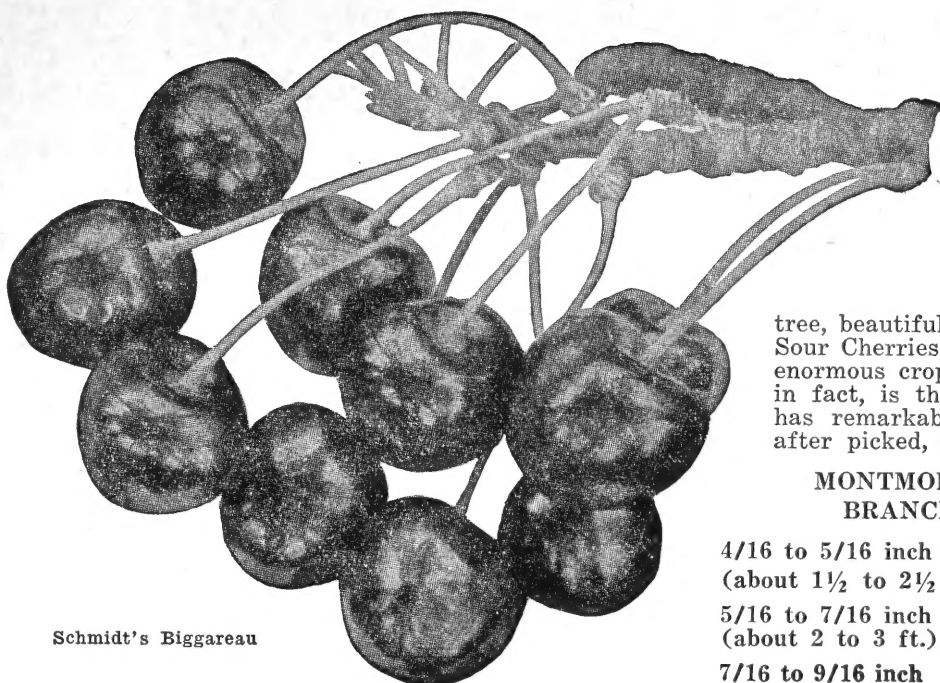

Chas. Figy
Commissioner

This certificate to be void after September 15, 1952
Lansing, Michigan 11-28-1951.

C. A. Boyer
Director Bureau Orchard and Nursery Inspection

GEANT D' HEDELFINGEN SWEET CHERRY

Ripens just ahead of Windsor. Its performance in the Station orchard, Canada and Europe justifies its being recommended as a large, firm-fleshed high quality, late black cherry. The fruit has the valuable attribute of being more resistant to cracking than most cherries. Extra Heavy Special Super Size Trees, \$2.50 each; 2 for \$4.50.

Schmidt's Biggareau

AUGUST SUPREME CHERRY

A new Sweet Cherry that commercial growers and customers who have roadside stands and local markets are looking for because it ripens the middle of August, extending the Sweet Cherry season. This cherry has no competition as it ripens when all other cherries are gone—fruit is sure to sell and bring higher prices. If you want to extend your season and make some real money when other cherries are gone, this is the variety for you. Cherries are very red, almost black in color, similar to Black Tartarian; high in quality. The tree itself is vigorous and productive. Strong 4 to 5 foot trees, \$2.15 each; 3 for \$5.50; Special Super Size Trees, \$2.50 each; 3 for \$6.75.

GIL PECK SWEET CHERRY—The fruit is large, dark purplish black, similar in shape to Giant and as good in quality. It is firm fleshed, juicy, very sweet and richly flavored. The season is late. Well worthy of a trial for home and commercial purposes. Heavy 4 to 5 foot Trees, \$2.15 each; 3 for \$5.50; Special Super Size Trees, \$2.50 each; 3 for \$6.75.

BLACK TARTARIAN—One of the leading Sweet Cherries for canning and shipping. Very large fruits are a deep purple, almost black, and have a wonderfully good flavor; ripens in July. Excellent pollenizer. Trees are hardy and bear quite young. Bear immense crops. (Not available in the 5/16 to 7/16 or 7/16 to 9/16 size.) For Prices See Page 6.

STATE CERTIFIED TREES

We are located in Berrien County, one of the best sections for growing trees, we can produce some of the finest rooted sour cherry trees in the United States. We are budding only of the finest strains of Large Montmorency and our trees are certified by the state. Results from our Montmorency Cherry Trees speak from all parts of the country. Commercial growers from the cherry sections of Wisconsin and Michigan are coming here for their source. We are very proud of the excellent results, reported by our customers from our Super Rooted High Powered Trees.

SOUR CHERRY

WORLD'S FINEST SOUR CHERRY

LARGE MONTMORENCY—The largest and best Sour Cherry grown for market and canning. Preferred by canners and pie makers everywhere. Deliciously sub-acid, it is good to eat from the tree, beautiful dark red, very firm, one of the best Sour Cherries. Montmorency is a regular bearer of enormous crops, brings good prices and ships well, in fact, is the best market cherry. Montmorency has remarkable keeping quality, on the tree and after picked, always a top notcher.

MONTMORENCY CHERRY TREE PRICES BRANCHED, WELL-ROOTED TREES

On larger amounts ask for special prices.

IMPROVED MONTMORENCY

The improved large strain of Montmorency that we offer you bears young. OUR TREES ARE NOW CERTIFIED BY THE MICHIGAN STATE DEPARTMENT OF AGRICULTURE TO BE PROPAGATED FROM VIRUS DISEASE-FREE BUDWOOD. This special precaution costs you nothing extra, and you are assured of the very best.

COMMERCIAL GROWERS

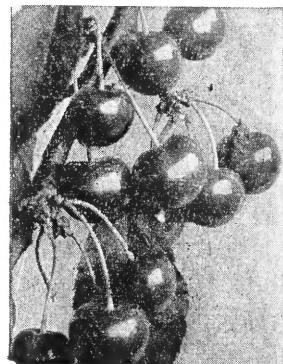

We raise Montmorency cherry trees by the thousands and can quote special prices to you folks in the commercial cherry growing sections who plant these trees in large quantities. If you are interested in quantities of 200 to 1,000 trees, it will pay you to come and see us or write us for prices on your requirements.

DWARF NANKING CHERRY

Originated by the Minnesota Fruit Breeding Farm. Especially selected and bred for the excellence and abundance of their fruit, as well as for their beauty as ornamental shrubs.

Bears great crops of fine cherries. Fruit is so abundant it takes but a few minutes to pick a quart or two in your own yard for making fresh cherry pie or sparkling jelly.

The shapely bushes grow 7 ft. tall, work well into a planting about the house or shrub border. Apple-blossom pink buds appear very early and open to pure white. Nanking starts bearing 3rd year and by the 4th season branches are literally covered with bright red fruit of superb quality for pies, preserves, jam or jelly. Order at least two plants to insure pollination. Strong 2-3 foot trees. \$1.35 each, 3 for \$3.60; 5 for \$5.50.

DWARF FRUIT TREES

DWARF FRUIT TREES BEAR FULL SIZE FRUIT

The Dwarf Fruit Trees are especially adapted to the city or suburban home, where large-spreading standard size fruit trees are not wanted. They may be worked into the landscape planting wherever you would like to use a flowering tree, or they may be planted in the lawn. These are the true dwarf trees that you have been reading about in the leading magazines. Trees are budded on special roots so that they will never grow very large or tall. They are extremely decorative, especially at spring blooming time, can be pruned to desired height and shape. A beautiful sight in the spring, when aglow with blooms. These trees are dwarf in size only, they will bear full size fruit in great abundance.

DWARF APPLE TREES

4 Yr. Trees, 4½ to 6 ft. tall, \$3.75 each; 2 for \$7.00.

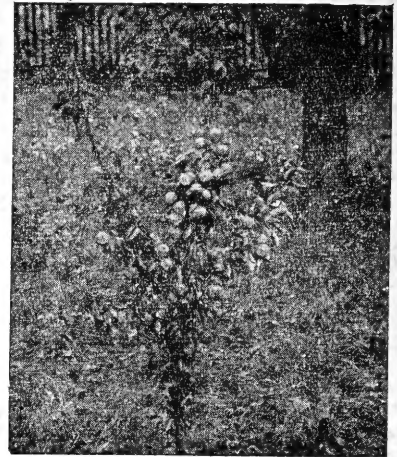

CORTLAND—Large, beautiful dark red striped with carmine and yellow. Flesh is crisp, juicy, white and firm.

YELLOW DELICIOUS—Best waxy golden yellow colored apple. Luscious flavor, finest in the world. Very hardy grower.

RED DELICIOUS—Large fruit, flesh fine grained, crisp, juicy, melting, and really delicious.

NORTHERN SPY—Best winter keeping variety, large, very attractive, bright red color.

R. I. GREENING—Excellent cooking apple. Beautiful yellow color. A large superior apple, good keeper.

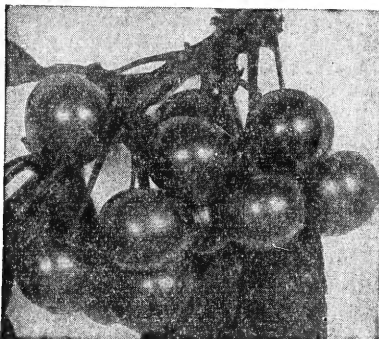

Dwarf Apple Tree

DWARF OKA CHERRY

NEWEST AND BEST DARK, LUSCIOUS, WINE-RED FLESH CHERRY

The flesh color is a rich, intense purplish black red. It is in all a very remarkable fruit to look at and surely a delight to eat. Jelly and jam made from Oka Cherries are as deliciously sweet as they are beautiful to look at. The tree of Oka has a dwarf bushy habit and bears from the ground up. This remarkable feature is of unique value when harvesting the fruit. No need for a stepladder for all the fruit is within easy reach.

Dwarf Oka Cherry

But the dwarf size in no way indicates the size of the crop of cherries, for the strength of the plant goes into fruit production and not into surplus tree growth, and so consequently the limbs and branches burden themselves with fruit. Leaves are small, sort of a pointed oval shape, and a bright, shiny green color. Plant 2

trees for perfect pollinization. 2 yr. trees, 3 to 4 ft. tall, \$1.40 each; 2 for \$2.65.

DWARF BUSH CHERRY

ORNAMENTAL SHRUB - VALUABLE FRUIT

Shapely, ornamental shrub, with long pointed gray-green leaves, silvery beneath. Covered with snow-white flowers in Spring. Cherries are in large clusters, easy to pick. Makes excellent jelly, jam and juice. The bushes reach a height of four to five feet and are perfectly hardy everywhere. Produces an enormous bush in your garden or along the edge of your yard. You will find them beautiful and enjoyable. 2 yr., 18 to 24 inches tall, 75c each; 3 for \$1.95; Bearing age plants, \$1.35 each; 2 for \$2.25.

FOR DWARF PEACH TREES

See Page 11

DWARF PEAR TREES

THESE DWARF PEAR TREES ARE OF BEARING SIZE, MOST OF THESE TREES FRUITED LAST SUMMER. THESE ARE TRANSPLANTED TREES.

3 Yr. Trees, 4 to 5 ft. tall, \$3.00 each; 2 for \$5.75.

BARTLETT—Best summer pear.

DUCHESS—Largest fall pear.

CLAPP'S FAVORITE—Early summer.

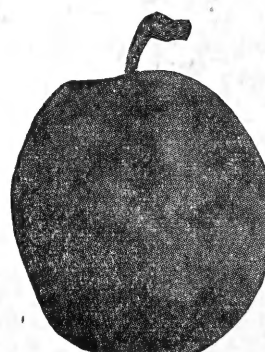

DWARF OPATA CHERRY

THE PERFECT POLLINIZER

Bears loads of dark purple red cherry-plums, generally the 2nd year. Excellent to eat out of hand. Fruit ripens very early in August, is thin skinned and has very small pit. A good polinizer for OKA Cherry, Hansen BUSH Cherry, Opata Cherry and SAPA Plum. 2 yr. trees, 3 to 4 ft. tall, \$1.40 each; 2 for \$2.65.

DWARF SAPA PLUM

MOST BEAUTIFUL COLOR

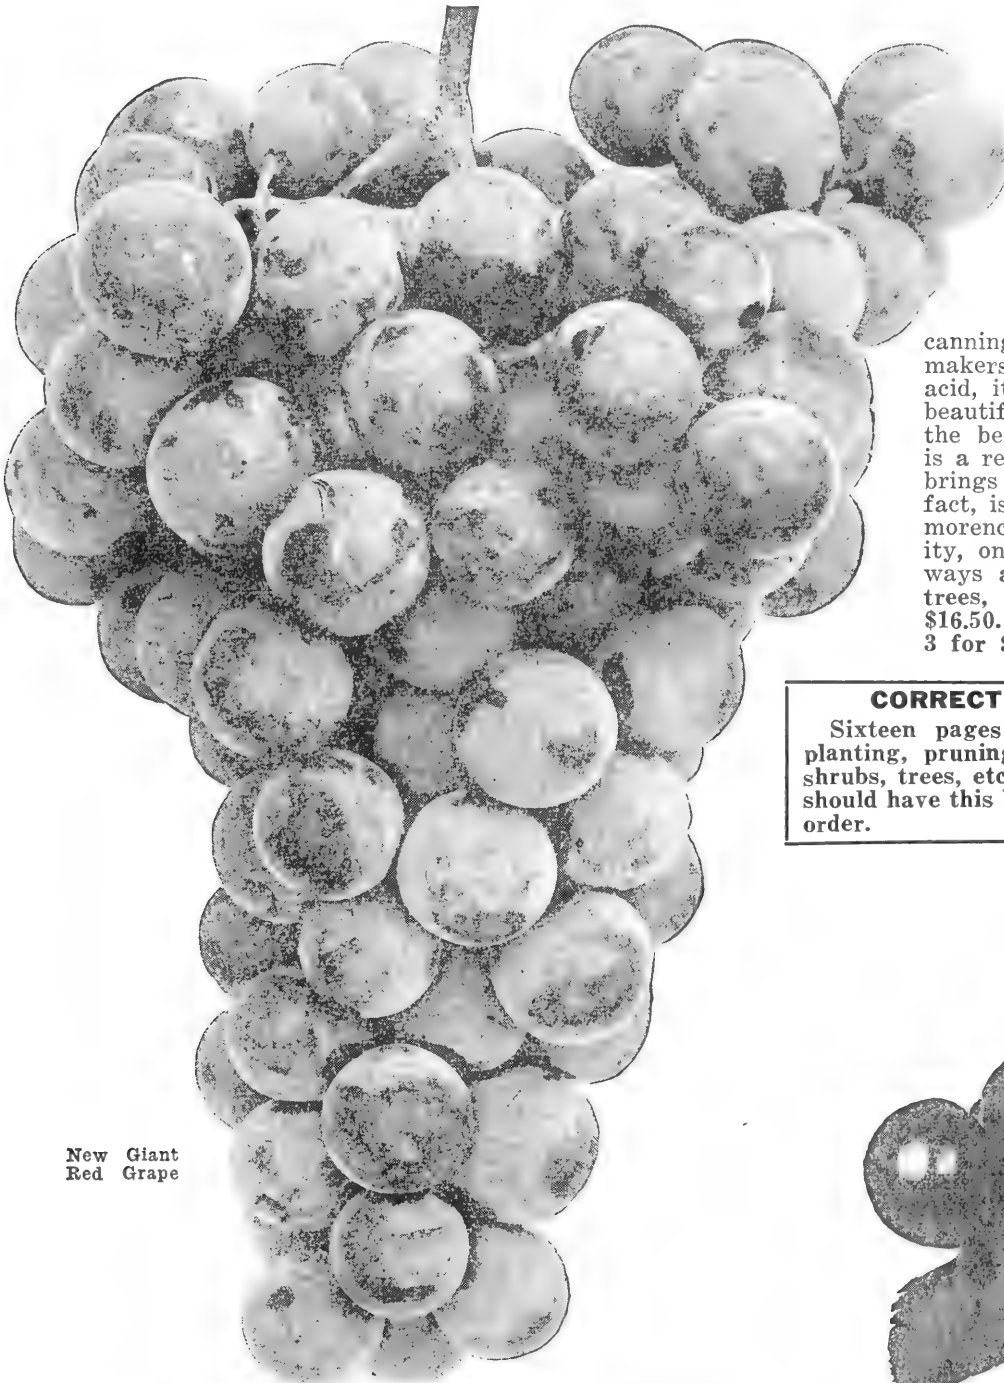

Dwarf Sapa Plum

Sapa fruit is dark purple outside and rich wine-red inside. It is a large sized hybrid plum with small pit and very richly flavored. Trees often produce blooms in the nursery row, should be grown in bush form and pruned severely to encourage growth of new shoots that will fruit heavily and regularly. Sapa is planted very heavily in the northwest because they can take the severe and cold winters with flying colors. 2 yr. trees, 3 to 4 ft. tall, \$1.40 each; 2 for \$2.65.

NEW GIANT RED GRAPE

It is our belief this new Giant Red Grape is a sport of the old standard Concord grape, the color in this new giant red grape is a beautiful wine red. When ripe this grape has a very delicious tart grape flavor of its own. Many of the individual kernels are the size of a plum, often weighing 2 pounds per bunch. Will grow well on almost any soil, very hardy and prolific grower. Must be severely pruned for best results and large bunches.

AVAILABLE IN HEAVY 1 YEAR PLANTS, \$1.00 EACH; 3 FOR \$2.50.

New Giant
Red Grape

SEMI-DWARF MONTMORENCY CHERRY TREE

This Special Selected Cherry Tree grows to about 2/3 of the size of a standard Montmorency cherry tree.

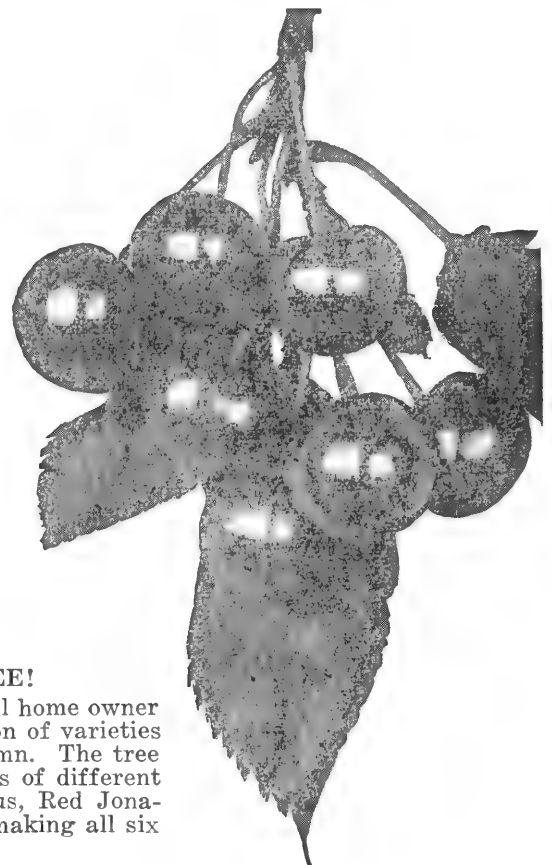

WORLD'S FINEST SOUR CHERRY

LARGE MONTMORENCY—

The largest and best Sour Cherry grown for market and canning. Preferred by canners and pie makers everywhere. Deliciously sub-acid, it is good to eat from the tree, beautiful dark red, very firm, one of the best Sour Cherries. Montmorency is a regular bearer of enormous crops, brings good prices and ships well, in fact, is the best market cherry. Montmorency has remarkable keeping quality, on the tree and after picked, always a top notcher. Strong 2½-3 ft. trees, \$2.00 each; 3 for \$5.50; 10 for \$16.50. Strong 3-4 ft. trees, \$2.60 each; 3 for \$7.00; 10 for \$21.50.

CORRECT PLANTING BOOKLET

Semi-dwarf Montmorency Cherry

QUINTUPLET APPLE

A "MADE-TO-ORDER" ORCHARD IN ONE TREE!

THE FAMOUS "5-N-1"

SIX DIFFERENT VARIETIES OF APPLES ON ONE TREE!

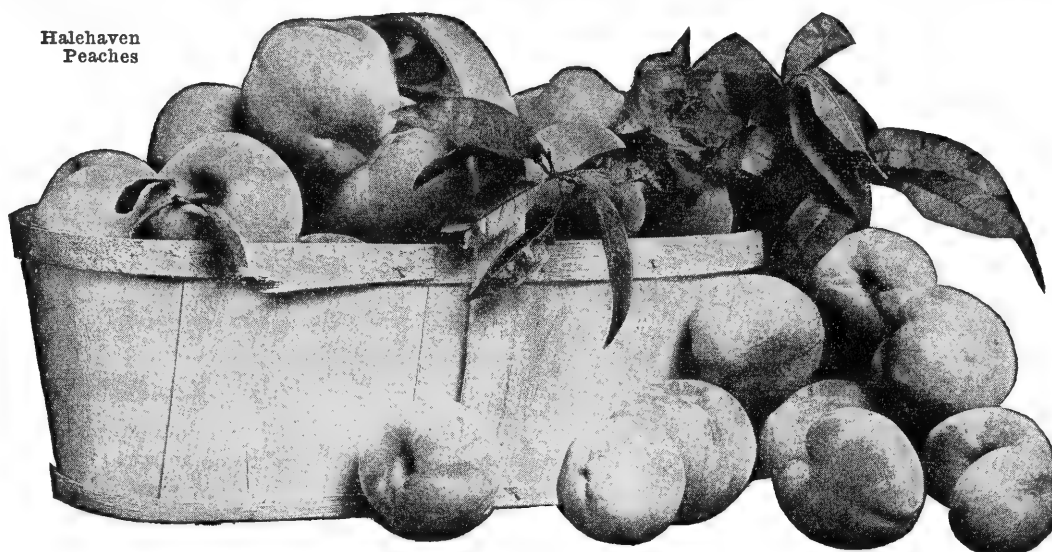

Quintuplet is the one tree that adequately fulfils the need of the small home owner who has very little space to devote to fruit trees. It furnishes a selection of varieties practically covering the entire season from early summer to late autumn. The tree itself is a good, sturdy apple tree to which has been grafted five buds of different varieties. These five varieties are Yellow Transparent, Red Delicious, Red Jonathan, Winesap and Wealthy budded on a Yellow Delicious apple tree, making all six varieties on the same tree.

Strong heavy three-year old trees 5 to 6 feet tall, \$3.00 each; 2 for \$5.50.

HARDY NORTHERN GROWN PEACH TREES

You can depend on Zilke's Trees to be absolutely true-to-name, perfectly healthy, vigorous, well-grown, with well-shaped ripened wood and full splendid root system. Zilke's Peach trees are grown from buds taken from special selected superior strains. We do not grow our trees from buds taken from the nursery row. We practice bud selection at all times, and feel we can offer you trees much superior to the common run.

HALEHAVEN

BEST YELLOW FREESTONE

Truly a marvel among Peaches. Second only to Elberta in popular demand. A cross between J. H. Hale and South Haven. Colors on the tree to a rich orange over-spread with red, before ripening. Combines the large size and firmness of Hale with the perfect fertility of South Haven. Freestone. Ripens about two weeks earlier than Elberta. Trees grow rapidly, bear young, producing heavily, never failed a crop.

Very Hardy and the Best Yellow Freestone Peach We Have Ever Seen. You Make no Mistake When You Plant Halehaven.

For Prices See Bottom Of Page

ELBERTA

THE MONEY MAKER

There is no other peach which has ever attained the popularity of this variety. It is planted from the south to the north, from the east to the west, where a commercial peach is desired. It is probably too well known for any lengthy description. However, it is roundish in shape, golden yellow skin with a slightly red blush on the cheek. It is very thickly skinned, which gives it its shipping qualities. It is a freestone and a self-pollinizer. Enormous producer.

For Prices See Bottom Of Page

REDHAVEN

EARLIEST, DAZZLING ALL-RED SELF-POLLINIZING PEACH. QUALITY UNSURPASSED

Redhaven matures very early, about a month before Elberta. Fruit medium in size, of slightly elongated shape, and almost completely covered with a brilliant red color. Skin is smooth and tough. Flesh yellow, firm, fine textured, sweet, and of good quality. A perfectly fertile variety and freestone. It is safe to classify Redhaven as the outstanding early peach of tomorrow. Be the first in your locality to possess this rare and most profitable variety.

SPECIAL SUPER SIZE, 11/16 AND UP	1.35	6.50	12.50	25.00

NEW FAIRHAVEN

The season of maturity of Fairhaven is about a week before Halehaven or the finish of Golden Jubilee. The original tree has produced heavy crops of fruit since 1939 at the South Haven Experimental Station, fruit buds are fully as hardy as Halehaven. Fairhaven has the same tendency for heavy fruit setting as Halehaven and Redhaven, but produces fruits of larger size than these two varieties under heavily loaded conditions, is very dependable. Fruits of Fairhaven are good size, nearly round, and mostly bright gold in color, with an attractive bright red cheek. The skin is smooth and very tough. The golden color becomes bright while the fruit is still firm. The fruits are very firm and ship exceptionally well for an early peach. The flesh is medium-yellow with a moderate amount of red color at the pit, moderately fine-textured and of good flavor. It resists browning, which is a great advantage, especially in processing. FREESTONE. For prices see bottom of page.

GOLDEN JUBILEE

EXTRA EARLY, BEAUTIFUL, MONEY MAKER

Golden Jubilee has become immensely popular in all sections. It is somewhat oblong in shape, and has a brilliant golden color with a red cheek on one side. It is golden fleshed, very juicy, and is a freestone. It is a perfect pollinizer and the tree is extremely hardy—produces fruit when other trees will be frozen.

For Prices See Bottom Of Page

IMPORTANT

In ordering Nursery Stock from Zilke's you are assured of getting stock that is absolutely fresh in every way. Compare fresh trees with those that are kept in storage and a dry condition for three or four months, and see the difference. We absolutely guarantee all trees to be fresh, and arrive in perfect condition.

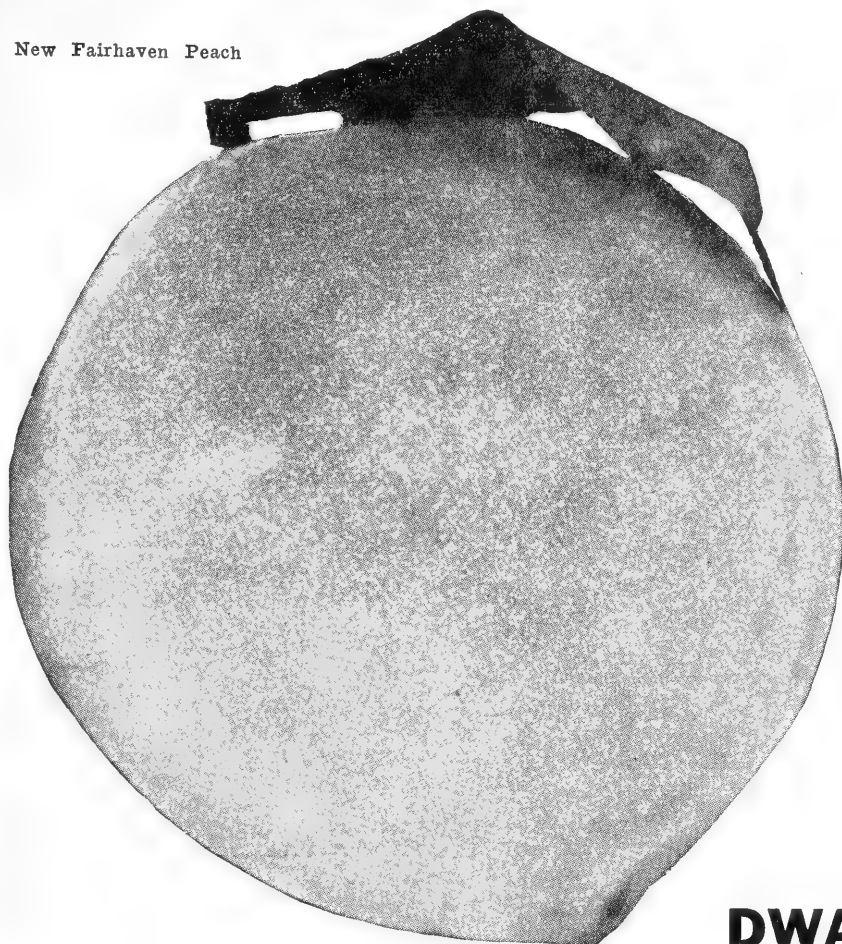

FOR JUMBO
PEACH TREES

ZILKE'S HARDY NORTHERN GROWN TREES ARE BEST

Get the Most from Your Orchard by Ordering Trees from Zilke's

Zilke's Peach Trees are all grown on 2-yr. old roots, well-branched, very heavily rooted. Our buds are selected from the finest orchards and special trees. We do not cut our propagating buds from young trees which have never produced fruit.

New Fairhaven Peach

JUMBO PEACH TREES

We Have a Limited Amount of Peach Trees in the King or Jumbo Size

ELBERTA FAIRHAVEN
HALEHAVEN

\$2.25 Each; 3 For \$6.00; 5 For \$9.25

ROCHESTER

A yellow freestone Peach having the exceptional merit of being early, ripening about August 10th; extraordinarily sweet and early bearing. In other respects it compares favorably with the best standard varieties. Fruit is large, yellow in color, prettily blushed. Flesh sweet, juicy and of delicious flavor. It keeps and ships well. Tree a vigorous grower, hardy and an annual and prolific bearer. Season three weeks before Elberta. For prices see page 10.

Plant Our Special Jumbo Size Cream of the Crop Peach Trees and Save Several Years of Waiting for Fruit.

WHITE HALE

White Hale is extra large in size and its flavor is Honey-Sweet. Has fair shipping qualities, we know you will be more than pleased with its highest quality flavor. The trees are very hardy. 3 to 4 ft. trees, \$1.35 each; 2 for \$2.35; 4 to 5 ft. trees, \$1.75 each; 2 for \$3.15.

GOLD DROP PEACH

BEST PICKLING PEACH

Gold Drop is the old standby pickling peach, just the right size, almost fuzzless, freestone, beautiful golden colored flesh. If you enjoy pickled peaches, we advise that you plant a tree in your home orchard, very hardy and a good grower. 3 to 4 ft. trees, \$1.35 each; 2 for \$2.35; 4 to 5 ft. trees, \$1.75 each; 2 for \$3.15.

J. H. HALE

EXTRA LARGE, HIGHLY PRIZED CANNING AND EATING PEACH

The peach is extra large in size, round in shape, with a yellow flesh and deeply flushed cheeks. It is quite highly prized as a canning variety due to the fact that it has a red center, thus presenting a fine appearance when canned. Freestone and semi-fertile. It should be planted with other varieties for pollinizing purposes. 2 to 3 ft. trees, \$1.20; 2 for \$2.15; 3 to 4 ft. trees, \$1.65; 2 for \$3.00.

DWARF PEACH TREES

For The First Time Regular Big Peaches On Dwarf Trees

The DWARF PEACH that we offer you are budded to a very HARDY ROOT STOCK, which will live longer than ordinary peach roots. We recommend several of these special DWARF TREES in your lawn, when in bloom they are beautiful and ornamental. To our knowledge they will never grow more than 6 or 7 feet tall and will require very little space. Bears fruit very young.

We offer you the following 3 varieties. For description see page 10.

HALE-HAVEN, RED-HAVEN and ELBERTA

2½ to 3 foot trees, \$2.35 each; 3 for \$6.15; 3 to 4 foot trees, \$2.95 each; 3 for \$7.25.

SHREWD BUYERS APPRECIATE THE SAVING OUR METHOD OF SELLING HAS MADE POSSIBLE

We realize highly colored catalogues printed on heavy glaze paper would be more attractive, however, you all understand that the buyers are really the ones who pay for fancy expensive catalogues. To pay for a big expensive catalogue the quality of the material sold must be lowered or the price must be raised. Shrewd buyers appreciate this.

Burbank Plum

"NO STORAGE STOCK"

In ordering Nursery Stock from Zilke's you are assured of getting stock that is absolutely fresh in every way. Compare fresh trees with those that are kept in storage and a dry condition for three or four months, and see the difference. We absolutely guarantee all trees to be fresh, and arrive in perfect condition.

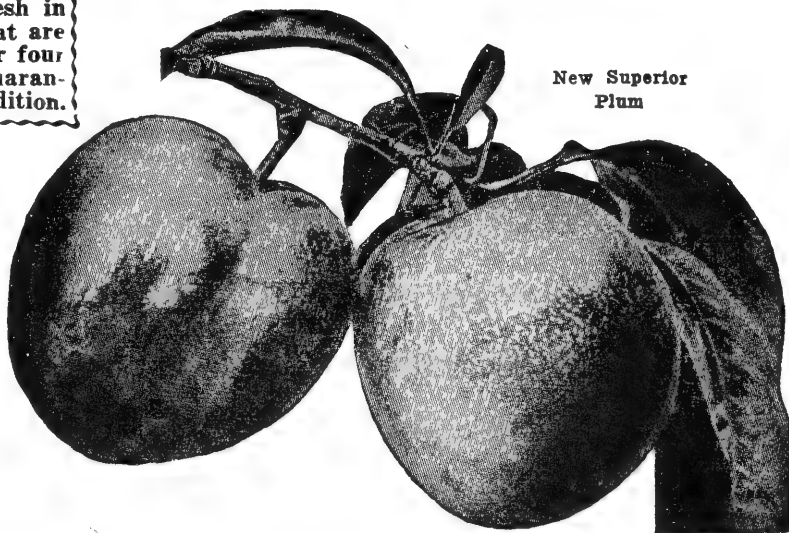

STANLEY PRUNE—The young bearing plum. This new purple (Prune) plum is superior to all plums or prunes. It often comes into bearing the third year, and ripens ten days earlier than the German Prune. Very hardy, and a very thrifty grower. Fruits are large, bluish purple, sweet, rich and fine. Freestone. Excellent to eat fresh and best of all for canning. It's also a money-maker on the market. The best for commercial planting or home use. For prices, see top of page.

BURBANK—Early, about one week after Abundance. Large, cherry-red with thin lilac bloom. Flesh amber-yellow with rich, sugary flavor; high quality and very productive. A product of Burbank, the master plant breeder. Should be in every orchard. For prices, see top of page.

MONARCH—Very large, roundish oval. A very handsome, rich, purple Plum that has attained popularity more quickly than any other Plum of recent introduction. Flesh golden yellow, juicy and sweet. Tree strong grower, bears young and yields abundant crops. One of the most valuable. Ripens in October. Available in the 2 to 3 foot size trees only, 85c each; 3 for \$2.25.

SANTA ROSA—The tree is a prolific bearer of exceptionally large, round, purplish-red fruit; flesh red near skin, firm, juicy, and has a pleasing, tart flavor; of the highest quality. Ripens early. 2 yr. trees, Super Size, 11/16 and up, \$2.25 each.

rich wine-purple when preserved. Highly flavored. Hardy, prolific, dependable shipper. Freestone. For prices, see top of page.

New Superior Plum

DUNKLEBERG—Great Canning Plum. Dark purple-blue plum with sweet yellow flesh, freestone. Tremendous bearer. Marvelous shipping and canning quality. Big money-maker. Very hardy, excellent pollinizer for other plum trees. Available in the 3 to 4 foot size trees only, \$1.15 each; 3 for \$3.00.

NOTICE

We cannot ship fruit trees into the following states: California, Colorado, Idaho, Montana, Nevada, Oregon, Utah and Washington.

NEW SUPERIOR PLUM SEMI-DWARF PLUM

Superior is a beautiful large plum, has a rich sweet flavor, fine for eating, canning or freezing. One of the HARDEST AND BEST JUMBO PLUMS ORIGINATED IN MINNESOTA. Trees bear young and heavily, fruits peel like a peach. The large fruit is dark red with heavy bloom, flesh yellow, tender, juicy, sprightly, sweet.

JUMBO PLUM TREES

We have a few BURBANK Plum trees in the JUMBO SIZE, while they last, we offer them at a special low price.

\$2.50 EACH

BLUE DAMSON—The rich preserving plum. Most popular preserving Plum. Small, dark blue fruit with yellow flesh. Becomes

BARTLETT

THE BEST SUMMER PEAR

There's hardly a person that doesn't know the Bartlett Pear and its qualities, as it is grown in, and is adaptable to all different climates, soils and situations. Fruit is large, golden yellow in color with a reddish blush on the sunny side. Flesh is tender and juicy, with a delicious musky aroma. Trees are vigorous, attain large size, bear young, live long, and barring frosts or freezes, they bear full crops year after year. Justly the leading commercial Pear—a leader among canning Pears. Fruit ripens early September. Prices above.

KIEFFER

FAVORITE WINTER STORAGE PEAR

One of the largest best known Pears. One of the best canning varieties and is possibly planted in more home orchards than any other variety. One of the easiest Pears to grow, less subject to blight than many varieties, strong grower, early and prolific bearer. Golden background, with a red blush. Recommended not only for the home orchard, but for the local market and roadside stands. Ripens in late October. (Not available in the 7/16 to 9/16 size.) For Prices See Top of Page.

NEW BOSCH

THE LONG-NECK WINTER PEAR

A popular variety, and one of the best winter varieties. Fruit of artistic long-necked shape, golden russet color, with juicy, white flesh. Can be kept in storage for use during the holidays. Trees are rather small-growing, but heavy yielders. 3 to 4 foot trees, \$1.00 each; 3 for \$2.70; 10 for \$8.00.

NEW SEEDLESS PEAR

THE PEAR WITHOUT A CORE OR SEEDS

The Pear without a fault! No seeds, no core, no waste! Solid fruit all the way through. Resembles Bartlett in appearance, but ripens 10 days later, producing its crop at a time when the market is not "glutted", thereby bringing highest prices. Thrifty grower, heavy bearer, blight resistant, grows on any soil. Best all-round Pear for commercial or home use. For Prices See Top of Page.

Bartlett Pear

BACKYARD PEAR ORCHARD ON 1 TREE

4 KINDS OF PEARS ON SAME TREE

This special combination pear tree has been budded to 4 of the best varieties of pears, these varieties cover the whole pear fruiting season. This special tree will help the small back yard home owner, because it requires less space. By planting this 1 tree you will have the following varieties,

- BARTLETT, Best early variety
- SEEDLESS PEAR, Medium early.
- NEW BOSCH, Best medium late.
- KIEFFER, Very best late.

HEAVY 6 TO 7 FT. TREES, 3 YR. OLD
\$3.25 Each; 2 For \$6.00

CLAPP'S FAVORITE

An early ripening Pear—about 10 days earlier than Bartlett. Attractive fruits are large and of uniform size, with beautiful green skin deeply blushed carmine-red. Flesh is white, crisp, sweet and juicy. A good shipper and good canning variety. Hardy, strong grower. Priced above.

JUMBO PEAR TREES

14/16 Inch and Up, 5½ to 7 Ft. Tall
WE OFFER YOU THE FOLLOWING TREES IN
THE JUMBO OR KING SIZE. BARTLETT,
KIEFFER and SEEDLESS
\$2.45 Each; 3 For \$6.00

NEW COVERT PEAR

THE NEW LATE IMPROVED BARTLETT

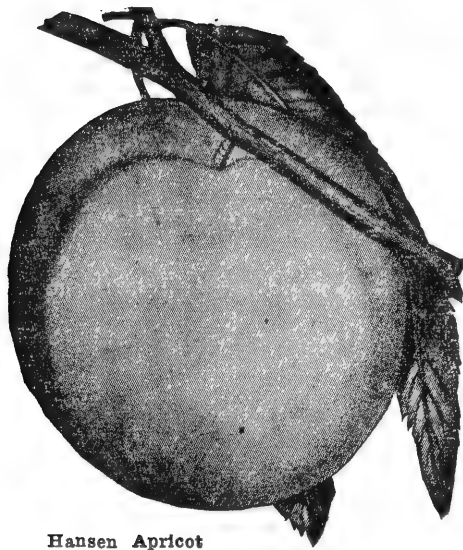

Covert is one of the largest of all cultivated pears. It resembles Bartlett in shape with the same roughened surface and has about the same green color which mellow into a clear Bartlett yellow when fully mature. The fruit is two months later than Bartlett, very firm, and handles unusually well. Canning tests indicate that the canned product is equal to Bartlett and much better than Kieffer. The tree is a cropper. Covert bids fair to replace Kieffer for canning and for export. Good 3 to 4 Foot Trees, \$1.65 Each.

FOR DWARF PEAR TREES
See Page 8

NEW HANSEN APRICOT

THE SUPER HARDY APRICOT

Hansen's new sensational Northwest hardy apricot. Recently introduced by Prof. N. E. Hansen, of South Dakota State College, who has been working for many years to produce hardy apricots that would be good eating and large size and still would withstand the rigors of Dakota's cold and drought. Two very important points of interest stand out in regard to these new apricots. One is that they are perhaps one of the most drought resistant of all trees, coming through the terrible droughts of 1933, 1934, and 1935 with flying colors—full foliage and no apparent effect whatever from the dry, hot weather, and with a great crop of fruit. The second point is that they are hardy almost anywhere in America, standing and bearing well in climates getting as low as 50 and 60 below zero. Prices: 2 to 3 foot trees, 85¢ each; 3 for \$2.35; 3 to 4 foot, \$1.15 each; 3 for \$3.00; 4 to 5 foot, \$1.65 each; 3 for \$4.45.

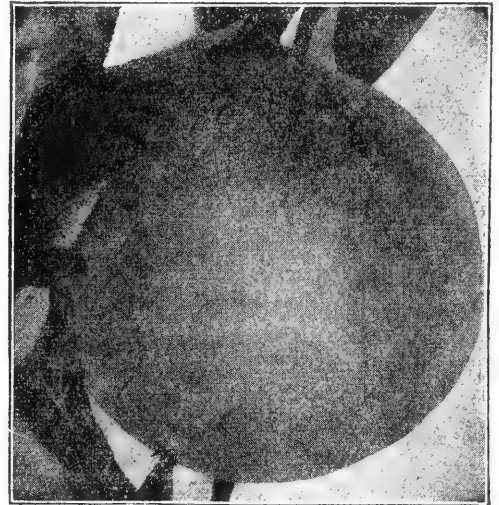

Hansen Apricot

ORANGE QUINCE

Sometimes called Apple Quince. Fruit large, round with a short neck; color bright yellow; flesh tender, juicy and of excellent flavor. Highly regarded for jellies and preserves. Trees bear young. A good tree to plant on hillsides or where land is hard to work, as it requires very little care. Heavy transplanted 4 to 5 foot trees, \$1.50 each; 3 for \$3.75.

NECTARINE

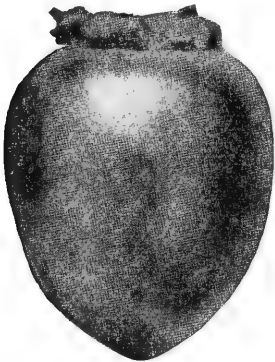

A most unusually outstanding and delicious fruit. A cross between a peach and plum. Resembles a peach in shape, size and flavor. As fuzzless as a plum. Fruit is large, juicy and melting. Unequaled either as a fresh fruit or for canning. Flesh fine grained and a beautiful color clear to the pit. Destined to become one of America's most popular tree fruits. Has the same habit of growth and bearing as the peach, and requires the same care. The juicy texture and delicious flavor of this smooth skinned Nectarine furnishes one of the most delightful fruits for summer eating. As large as good sized peaches, light skin, overlaid with a very attractive red. Prices: 2 to 3 foot trees, 85¢ each; 3 to 4 foot, \$1.25 each; 4 to 5 foot, \$1.65.

Nectarine

PERSIMMON TREES

Trees are thrifty growers, will bear fruit in several years. Grows into a small tree, makes a very beautiful and valuable ornamental tree for the garden, street or lawn. Fruit is large, with golden yellow skin, changing to almost red when fully ripe. Fruit will hang on the tree for several weeks after ripe and will keep its fine rich flavor. 2 to 3 ft. trees, 75c each; 3 for \$1.75.

Persimmon

RUSSIAN MULBERRY TREES

An ideal shade tree, luxuriant foliage, clean and hardy everywhere, a rapid grower. Bears an abundant crop of edible fruits which resemble blackberries and are very sweet. A few Russian Mulberry trees will save your cherry crops as the birds prefer the Mulberry to Cherries. Heavy transplanted 2 to 3 foot trees, 60¢ each; 2 for \$1.00.

PAW PAW - Northern Banana

A small handsome tree with large purple flowers which are very beautiful and fragrant and large dark green foliage which makes it a handsome tree for the park or lawn. Produces large yellow fruit which has the flavor and shape of the banana and is very delicious and attractive. Trees very hardy and productive. Can be grown in all sections of the United States. Should be planted in every lawn. 1½ to 2 ft. size, 85c each; 3 for \$2.00.

Paw Paw

HARDY CHINESE DATES (Jujube)

This variety of Hardy Chinese Date is a fruit from the high interior of China. It is quite hardy, the United States Department of Agriculture bulletins reporting that it has withstood temperatures of 18 degrees below zero without injury. It is adapted to a wide range of territory and all kinds of soil. It blooms very late in the spring, after all danger of frost is past. The tree is a heavy and constant bearer and commences to bear at an early age. Five year old trees having produced 150 pounds of fruit. The chocolate-colored fruit is one to two inches long. It is delicious when eaten fresh or cured like dates, and is excellent for preserves, jams and for most tasty and palatable confections. Transplanted 2 year trees, \$1.00 each; 3 for \$2.50.

Russian Mulberry

ORDER FROM ZILKE'S—SAVE MONEY AND HAVE BETTER STOCK FOR LESS MONEY

HARDY NUT TREES

PAPER SHELLLED CARPATHIAN ENGLISH WALNUT

THESE TREES ARE GROWN FOR US IN
NORTHERN MICHIGAN

This Hardy tree is growing in many parts of the world; the hardiest is found in Russia, Poland and Northern Carpathian mountains where the winter temperature at times drops to more than 40 degrees below zero.

It was from these countries that the original stock was brought to Canada about 20 years ago, and since then has been propagated in Michigan.

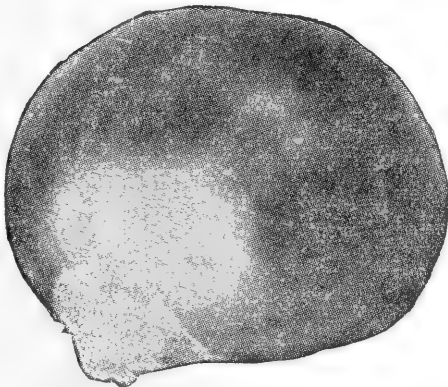

The trees have a gray colored skin, leaves are large, glossy and nicely scented. Nuts vary in size from that of the California English walnut to twice this size. Nuts fall free of hull. The shell is thin and breaks very easy. In Canada this variety is a heavy producer, grows rapidly, bears at an early age.

3 year old extra heavy trees, 18 to 24 inch tall, \$2.35 each; 2 for \$4.50.

CHINESE BLIGHT RESISTANT CHESTNUT

GROWING YOUR OWN LARGE, SWEET CHEST-
NUTS IS A PLEASURE

A number of years ago the Chestnut blight destroyed the Native American Chestnuts. The U. S. Dept. of Agriculture—after many tests—introduced a type of Chinese Chestnut not only blight-resistant, but an early-bearer of large, good quality nuts. Trees start bearing when very young, often in 2 to 5 years, and succeed anywhere the American Sweet Chestnut formerly grew; in fact they can be grown over a wider area and may be grown wherever Peaches thrive. We recommend planting in a well-drained, sunny location. Plant the Chinese Chestnut for attractive home ground shade trees and also reap a harvest of delicious, sweet nuts.

Chinese Chestnut

2 Year Trans-
planted, 18 to 24
inches, \$1.50
each; 3 for \$4.00;

CORRECT PLANTING BOOKLET

Sixteen pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Included FREE with your order.

**FREE Cultural Instructions
Included With Every Order**

THOMAS BLACK

IMPROVED NEW THIN SHELL BLACK WALNUT

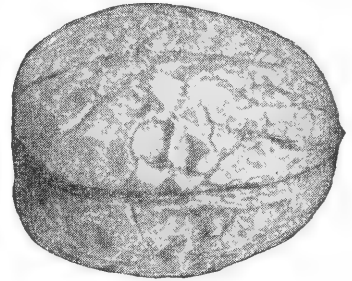

An improved Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out, and the heaviest-producing variety grown—the greatest nut tree in the country. Fast growing and bears very young—often the second or third year after planting. Nuts are delicious flavor and because they are so large and plump, come out in halves and quarters. Very hardy. Grow anywhere. Heavy 2-3 foot trees, \$2.00 each; 3 for \$5.50; Heavy 3-4 foot trees, \$3.50 each.

**PLANT SEVERAL NUT TREES IN
THE LAWN THIS SPRING**

ENGLISH WALNUT

Plant Early Bearing. Grafted trees, valuable for fruit and shade. The nuts are thin shelled with full meat kernels of delicious flavor. Tree is hardy and productive. Nut groves are proving real investments and a source of pleasure as well as income. Plant our selected variety for quick and satisfactory results.

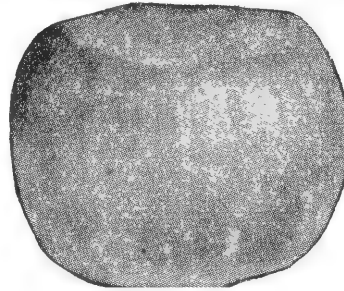

Heavy 2 to 3 foot trans-
plants, \$2.60.

English Walnut

HAZELNUT TREES

AMERICAN FILBERT—Small tree, bushes grow in shrub form, with wide leaves which color bronze in autumn. Will thrive in any well-drained soil. Plant as a shrub in the border or garden. Produces round kernels, tender and sweet, very nutritious, shells are soft and can be easily removed. Prices: strong 2 to 3 foot clumps, \$1.00 each; 3 for \$2.50.

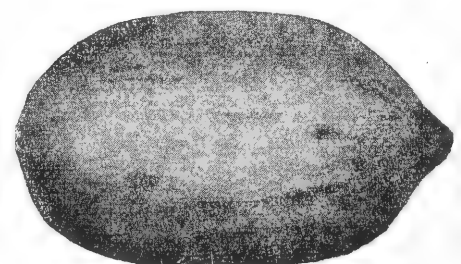

Hazelnut

HARDY NORTHERN PECAN TREES

Our Hardy Pecan Trees are Grown for us in Northern Michigan where the weather really gets cold.

Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Why not plant your own trees and have the satisfaction of raising your own Pecans? The trees are ornamental, growing erect and shapely, so that they may be planted on the lawn if necessary. Heavy 2 to 3 foot, transplant trees, \$1.75 each; 2 for \$3.25.

Our strawberry plants are all fresh dug

All our strawberry plants are fresh dug, hand cleaned, bunched and ready for easy planting. The plants are then labeled in the field before they are gathered up by truck and hauled to our packing plant. Here they are carefully packed by experienced packers, with plenty of damp moss and other packing materials. About 95% of our plants are packed within two hours after they are dug. That is why we can guarantee our plants to reach you in the very best condition.

In looking through the many catalogs you receive you will notice that some claim to be the world's largest growers of fruit plants and trees. WE DO NOT CLAIM TO BE THE WORLD'S LARGEST GROWERS, BUT WE DO GROW SOME OF THE BEST THAT CAN BE GROWN.

Plant Zilke's Everbearing Strawberries and Enjoy Fruit All Summer and Fall, Bears 60 Days After Planting

NEW STREAMLINER

NEW GIANT SIZE—HONEY FLAVORED

The newest of the everbearers, which we can offer in limited quantities only. We have never seen a more beautiful strawberry. Almost round, bright scarlet in color, and the very largest berry of all the everbearing strawberries. Out-yields both Mastodon and Gem. Sweet as honey, with very little acid. Ripens red all over at the same time, even late in the Fall. Bears 60 days after set, and will bear the second year as well as the first. From late June to late in November it will be loaded with ripe berries, green ones, and blossoms all at the same time. This new everbearer should be tried out in a small way by those who are interested in this type of berry. Prices: 25 for \$1.65; 50 for \$2.95; 100 for \$4.85; 250 for \$9.85; 500 for \$18.25; 1000 for \$34.50.

NEW GEM

Giant Everbearer

BEARS 60 DAYS AFTER PLANTING

The Last Degree in Strawberry Perfection For Size, Color and Flavor.

It is our belief that there has never been and probably never will be another Everbearing Strawberry that even approaches Gem in the qualities that make for perfection.

BIG PROFITS—2 CROPS A YEAR. Plant this spring—pick all summer—you'll get back the price paid for the plants, and most important, a big profit besides. You'll harvest another fine crop the following June—two crops

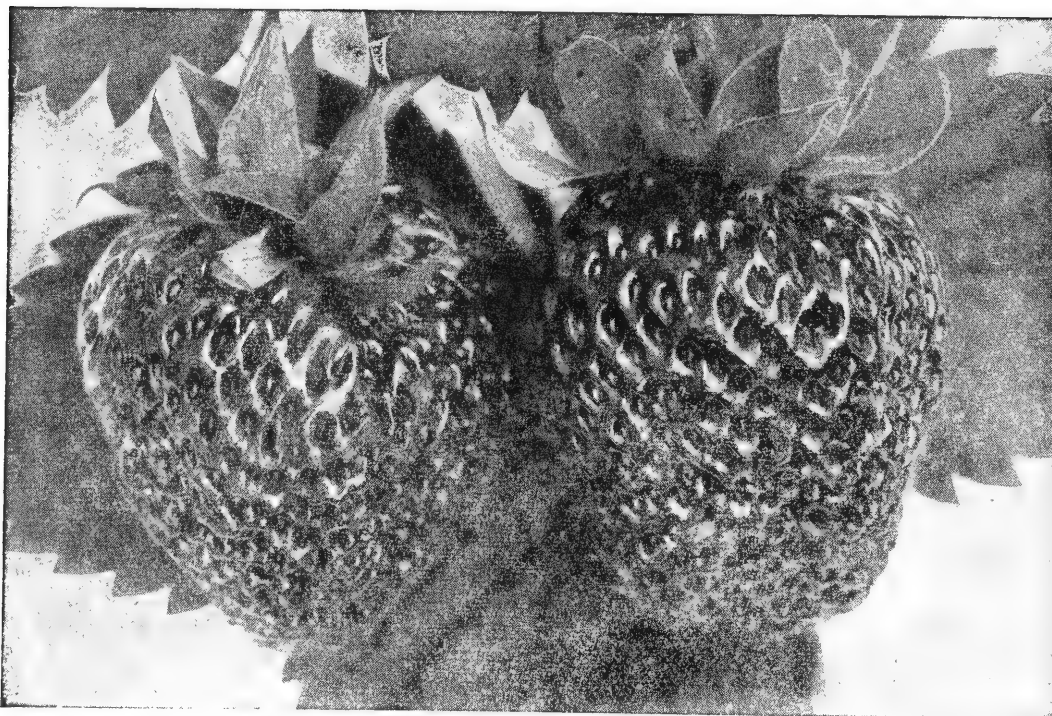

Zilke's Heavy rooted Strawberry Plants

in one year. Unlike most everbearers, this variety is an excellent plant maker.

The plants are very healthy and vigorous, producing an abundance of runners, which bear fruit the first season.

Berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit market. Prices: 25 plants, \$1.55; 50 for \$2.25; 100 for \$3.85; 250 for \$8.00; 500 for \$14.00; 1000 for \$27.00.

Premier Strawberry

PREMIER

**EXTRA EARLY --- FROST
PROOF**

Premier is the greatest extra early strawberry of all times. It ripens ahead of all other varieties, the fruit is rich in color, fine in texture, excellent in flavor, and of unusual quality for shipping. Foliage is tough and healthy, covering blossoms and berries and protecting them from frost and scalding sun. The plants are sturdy, and long rooted, a good drought resister. While Premier ripens early, it is very resistant to frost and matures its heavy crop of berries so that they can be marketed while prices are the highest. No other variety will give you more pleasure, satisfaction and profit. Perfect flowering. Prices: 25 plants, \$1.15; 50 for \$1.90; 100 for \$2.85; 250 for \$6.35; 500 for \$9.25; 1000 for \$16.00; 2000 for \$31.00; 5000 for \$68.00.

**FOR LARGER AMOUNTS
ASK FOR SPECIAL PRICES**

NEW ROBINSON

**Also Known As Scarlet Beauty
New Giant, Long Season Strawberry**

This variety was found here in Berrien County, Michigan, several years ago and has been thoroughly tested and by this time known as the best late strawberry to grow. Robinson is a very large, round, shapely, dark red berry which topped the market last summer. Robinson is the largest berry we have ever seen, in fact we have seen 30 berries fill a quart box, the color is a cardinal red; berries have a firm tough skin, and are honey-sweet in flavor. Very good plant maker in most any kind of soil. Plant Premier and Robinson and you will have berries over the entire season. Robinson starts fruiting soon after Premier and continues through the late berry season, matchless in beauty, flavor and quality. Price: 25 plants \$0.90; 50 for \$1.60; 100 for \$2.65; 250 for \$5.75; 500 for \$8.50; 1000 for \$15.00. For larger amounts ask for special prices.

DUNLAP

The King of the Canners

If you love shortcake, you will appreciate one made with Dunlap, and a can of them during the winter months is a treat. Both the canning factories and the housewife demand this variety on account of its splendid flavor and dark, rich, beautiful color. During the past two decades Dunlap has made more money for the Strawberry growers than any other variety. The plants are medium in size, long rooted, very prolific and will more than hold their own under any rough-and-tumble method of cultivation. The best berry for the beginner, the easiest Strawberry to grow. Bears early, very productive. Perfect flowering. Prices: 25 plants, \$0.95; 50 for \$1.40; 100 for \$2.15; 250 for \$3.75; 500 for \$6.50; 1000 for \$11.95; 2000 for \$22.00.

**THE STRAWBERRY THAT IS RESISTANT TO RED
STELE**

A new variety, very recently released. Fairland is a vigorous grower and a heavy yielder. Berries are somewhat firmer than Premier, large in size, bright red, good flavor and quality. **NEW FAIRLAND ARE RESISTANT TO RED STELE.** Try the New Fairland— you'll be satisfied. Prices: 25 plants \$1.20; 50 for \$1.90; 100 for \$2.90; 250 for \$6.15; 500 for \$9.50; 1000 for \$17.45.

NEW EARLY TEMPLE

FULLY RESISTANT TO RED STELE

Heavy bedding nature of plants requires little or no fertilizer in fertile soil. Has a distinctively different sweetness embodying the very best from its parents, Aberdeen and Fairfax. Large, light red berries, extra long fruiting season. **NEW TEMPLE IS RESISTANT TO RED STELE, LEAF SPOT AND HIGHLY RESISTANT TO LEAF SCORCH.** Try a few plants this spring. Prices: 25 plants \$1.20; 50 for \$1.90; 100 for \$2.90; 250 for \$6.15; 500 for \$9.50; 1000 for \$17.45.

VERY IMPORTANT

Michigan State Department of Agriculture
Bureau Orchard and Nursery Inspection No. 644
Certificate of **STRAWBERRY RED STELE**
Inspection

This is to certify that Strawberry plants of Zilke Brothers Nursery, Baroda, Mich., have been examined and found apparently free from the **RED STELE** disease as well as other strawberry diseases and insects. Date of first inspection, 5-26-51. Date of second inspection 9-3-51.

Chas Figy, Commissioner.

C. A. Boyer, Director Bureau Orchard and Nursery
Inspection, Lansing, Mich. 9-5-51.

SPARKLE

RECOMMENDED FOR YOUR FREEZER

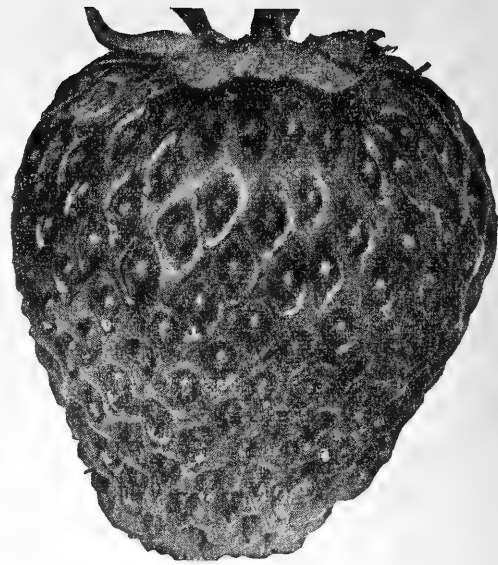

Strongly recommended by northern New York growers, has been grown with satisfaction as far south as New Jersey. Berries resemble Pathfinder in shape, but are more attractive with bright rich red color that tends to darken over ripe. Quality has been called better than Premier in some areas. SPARKLE is offered to our customers who would like to try what promises to be an outstanding variety. 25 plants \$1.25; 50 for \$1.95; 100 for \$2.95; 250 for \$6.45; 500 for \$9.65; 1000 for \$17.50.

CATSKILL

THE STANDARD LATE VARIETY

It is now generally recognized as one of the best of the midseason to late varieties. This popularity is due to the fact that it will produce more quarts of large berries than any other variety. It is a sure cropper, as it ranks next to Premier in this respect. It rarely ever freezes. Catskill is bright shiny red, the berries hold their color very well, and when they are carefully packed they present a very attractive appearance. The foliage of the plant is rich, waxy in appearance, and the fruit is produced on long picking stems. It ripens when the market is almost bare of fruit, and for this reason always commands a good price.

Prices: 25 plants \$1.35; 50 for \$2.15; 100 for \$3.35; 250 for \$6.75; 500 for \$10.50; 1000 for \$17.50.

Sparkle

WHITE STRAWBERRY

Pure creamy-white Strawberry. Berries and plants medium size. Fine flavor, sugar-sweet. When you pick these berries they have no hulls. Quite an attraction to grow and show your friends the only pure snow-white Strawberry grown. Try a few. Prices: 25 plants \$2.75; 50 for \$4.75; 100 for \$8.00.

COLLECTION NO. 4

25 Premier, extra early
25 New Robinson, midseason
25 Dunlap, early

SPECIAL PRICE \$2.45

SUPERFECTION

The New Everbearing Strawberry

Introduced by the originator of Gem, Superfection is one of the newest and best everbearing strawberries resulting from modern plant breeding. Offered this year by a few of the leading nurseries of the country. You will want to be the first to have this exceptionally fine everbearer. Superfection bears heavily from June until frost. Large bright red berries with an extra delicious flavor.

PRICES: 25 for \$1.75; 50 for \$2.95; 100 for \$4.90; 250 for \$9.45; 500 for \$18.75; 1000 for \$34.00.

IMPORTANCE OF ROOT GROWTH

The root system contains the life of Strawberry Plants. All Zilke plants have strong, heavy, white roots, grown under ideal climatic conditions by leading American specialists.

Our own method of digging and packing for shipment, preserves the roots so they reach you in a fresh, crisp condition. This assures you vigor, health and productiveness, gives you an excellent start for an abundant crop of quality berries that will bring highest market prices.

You Can't Buy Better Plants
at Any Price

'BERRY - SET' for Bigger Berries

Makes berries grow much larger—often 50% to 100% BIGGER... Meatier... Sweeter... more luscious tasting. Increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period of time; there is greater value and enjoyment from your berry patch. BERRY-SET is a combination of carefully selected hormone chemicals especially for the use on strawberries, blackberries and raspberries.

1 oz. packet makes 4 gallon spray, 50c, Postpaid; 3 oz. packet makes 12 gallons spray, \$1.00 Postpaid; 12 oz. packet makes 48 gallons spray, \$3.00 Postpaid. (directions for use on each package).

SURPLUS

STRAWBERRY PLANTS

We offer 'Surplus Strawberry Plants' to those that are not particular as to variety. These plants are First Class in every way, fresh dug and Guaranteed. YOU ORDER BY THE NAME OF CUT PRICE PLANTS, not by variety. We will select the variety and label. You will receive one of the good standard varieties that we list in our catalog.

250 for \$2.95; 500 for \$5.45; 1000 plants for \$9.45. (These plant prices are net.)

ZILKE'S NEW RED EVERBEARING RHUBARB

McDonald Rhubarb

ZILKE'S EVERBEARING MCDONALD RED RHUBARB is the finest of all Rhubarb. The stalks are giant in size, twice as large as ordinary Rhubarb. Bright red color. Very tender and stays tender a long time. It has the richest flavor and also more sugar, therefore requires less sweetening when cooked. It makes the finest Rhubarb pies and sauce you ever tasted. The skin is a bright red, but the inside flesh is white, so when the sauce is cooked it has just enough tinge of red to make it look appetizing. It is a tremendous yielder, that is why we call it everbearing, because as fast as you pull one stalk another comes up to take its place. You can use it over a much longer period of time than ordinary Rhubarb. The stalks are 18 to 24 inches long, many half as thick as your wrist. Nothing you can plant in your garden will give you more returns than McDonald Rhubarb. We recommend it very highly, not only because it is healthful, but because it tastes so good. Lasts a life time. Heavy 2 yr. divisions, 60¢ each; 3 for \$1.50; 10 for \$4.50.

CANADA RED RHUBARB—Sweet, tender and red all the way through. A brand new rhubarb imported from Canada. The stalks are dark red clear to the heart and up into the leaf. Produces large plump stalks that are very sweet, fine flavored and makes the most beautiful red sauce. Quickly grows into a large clump. A few matured plants will supply the average family. Hardy everywhere. Thrives anywhere. This is the earliest spring fruit. No. 1 divisions, 70¢ each; 3 for \$1.80; 10 for \$5.00.

New Paradise Asparagus

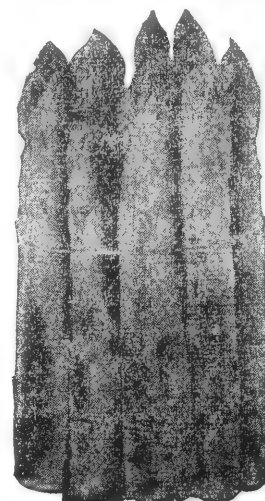

**MATURES A YEAR EARLIER—PLANT THIS SPRING
HARVEST FIRST CROP NEXT YEAR!**

For this year we offer this wonderful new variety from the market gardens of California—where only the best is grown. Again we predict that within a very short time Paradise will have supplanted all other kinds, and will be the standard market and commercial variety in all sections. It is similar in appearance to Mary Washington, and was developed as a sport of that variety by an Asparagus grower in Southern California. Stems are large, same color as Mary Washington.

The opportunities for a quick profit from Paradise are now greater than ever before. With America calling for increased production of all food stuffs, canners are demanding greater and greater supplies. Paradise fully meets their requirements, being especially suitable for both canning and freezing under new process.

ZILKE'S ASPARAGUS IS BEST FOR CANNING, FRESH OR FREEZING PURPOSES

DWARF EVERBEARING FIG Grow Your Own Large Sweet Figs

This new fig is fine for commercial as well as for home use, can be used as fresh fruit, canned or dried. The fig is large, straw colored, thin skin, yellowish pink meat, finest flavor, sweet, prolific. The skin rarely ever cracks. Ripens fruit over a long season, starting in August and still bearing heavy in October. If your temperature does not go much below zero in winter then cut fig limbs back to 10 inches high and cover remaining stubs with

Everbearing Fig

about 8 inches of dirt, a few leaves or straw will also help. Do this in the fall before frosts, remove protection in the spring after danger of frost is over. The fig plants grow very rapidly after protection is removed, often growing to a height of 7 feet in one season. The fruit is produced on the 1 yr. wood, almost every leaf grows 1 or 2 figs on it. Heavy 2 yr. plants, \$1.05 each; 3 for \$2.85.

ZILKE'S RED RASPBERRY PLANTS ARE BETTER

Giant Latham

GIANT LATHAM

BIGGEST MONEY-MAKING RASPBERRY

The sensational yields of this variety have attracted the attention of growers everywhere, and all those who have given it a trial are praising the many unusual features they have found in Latham. After thoroughly testing Latham we find it a remarkable variety in every respect; you will be both delighted and surprised after giving it a trial.

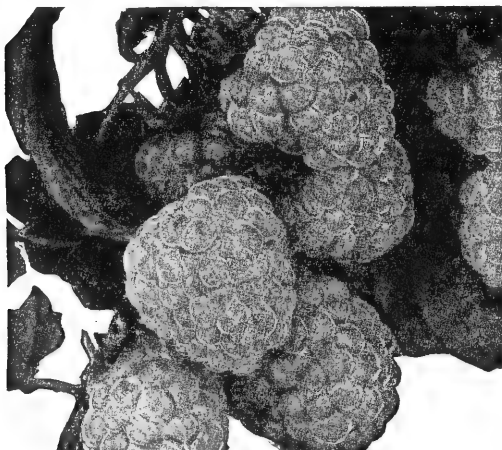

Tremendously Productive; Large Berries. Latham is a tall, vigorous grower, the canes are extra heavy, well able to support the load of fruit. The foliage is healthy, dark green, tough and leathery, highly resistant to insects. Covers a longer fruiting season. The berries are beauties and will cause a sensation wherever they are shown. Many are over an inch in diameter and they hold this size to the end of the season. Color is dark rich red. For prices see page 24.

NEW DURHAM

NEW EARLY FALL EVERBEARING RED RASPBERRY

The Durham Everbearing Red Raspberry is a new introduction of the University of New Hampshire, it is the earliest good fall bearer available today. The spring crop ripens about 10 days before Latham, after this crop is harvested the plants rest about two to three weeks then they start bearing again and continue until the freezing weather spoils the green berries still on the plants. **WE HIGHLY RECOMMEND THIS NEW VARIETY FOR HOME USE AND ROADSIDE STANDS.** We have fruited this variety for the past 3 years and we **HONESTLY RECOMMEND IT FOR YOUR GARDENS**, it fruits almost all summer.

Our supply of plants is very limited, order immediately so you will not be disappointed. For prices see page 24.

Yellow Raspberry

INDIAN SUMMER

NEW EVERBEARING RED RASPBERRY

Here is a distinctly new type of everbearer, unlike any older kind. "Marvelous" justly describes Indian Summer. The quantity, size and quality of the berries it produces in September, October and November are truly marvelous because they are so far superior to any other everbearer. With such a berry you can make worth-while profits from the high prices always paid for off-season fruit. You get a good early crop in the regular season, too.

We Recommend This Everbearer

Berries are uniform, rich red, thimble-shaped, large and juicy; flavor a true, tart, delicious raspberry. St. Regis berries are small and poor by comparison. A thrifty grower and heavy producer. Another N. Y. Station berry. You have never seen any fall berries as good in every way as **INDIAN SUMMER**.

Be Sure To Plant This Spring

A full-sized, heavy-bearing, fine quality, real red raspberry that bears in September, October and November. Makes money because its big fall crop of fine fruit can be depended on for high out-of-season prices. For prices see page 24.

NEW WILLIAMETTE RED RASPBERRY

The new Williamette Red raspberry is a very vigorous grower of large husky plants, has heavy foliage, which remains until late in the fall. Berries are large, long, thumb-shaped, best of flavor, very rich and sweet. **IS VERY HIGHLY RECOMMENDED FOR FREEZING PURPOSES.** Williamette has an extra long fruiting season. For prices see page 24.

YELLOW RASPBERRY GOLDEN QUEEN RASPBERRY

A large beautiful, golden yellow raspberry. Many prefer this variety to the red or black sorts, owing to its sugary sweetness and unsurpassed flavor. Quality of berry is excellent, canes hardy, prolific and thrifty in growth. Should be in every garden because of its beauty and high quality. For prices see page 24.

MICHIGAN STATE DEPARTMENT OF AGRICULTURE BUREAU OF PLANT INDUSTRY CERTIFICATE OF INSPECTION

Lansing, Mich., 7-25-1951

No. 386

This is to certify that the raspberry fields of Zilke Bros. Nursery, Baroda, have been inspected according to the regulations of this Department and those listed on the back of this sheet having been found apparently free from dangerous insects and diseases, this certificate is granted and the sale of plants from the approved fields is authorized for the year ending September 15, 1952.

ZILKE'S BLACKBERRIES

New Ebony King

NEW EBONY KING

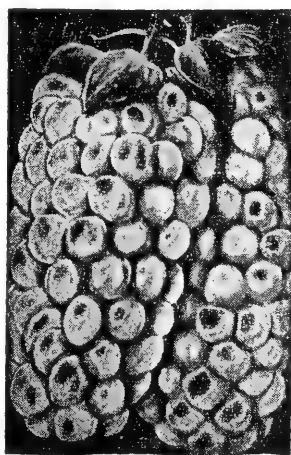

The Only Blackberry That Will Bear Year After Year

Ebony King assures crops year after year, and to date, is the only variety which can be depended on. Berries are large, firm yet juicy, and have an extra delicious "sugar-sweet" flavor. Plants are vigorous growing and healthy. Ebony King ripens about 10 days before Eldorado and bears very young. SUPPLY OF PLANTS IS VERY LIMITED THIS YEAR—ORDER EARLY SO YOU WILL NOT BE DISAPPOINTED.

For prices see page 24.

**YOUR ORDERS WILL BE FILLED
WITH PLUMP FRESH HEALTHY
STOCK DIRECT FROM OUR FARMS**

TRUE WHITE BLACKBERRY

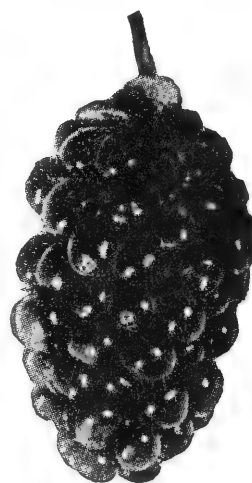

This creamy white blackberry sounds impossible but it's true. When mixed with jet black ones it makes a most wonderful dish. Berries are larger than Eldorado, very few seeds and quite sweet when fully ripe. Strong growers and very productive. 1 year No. 1 plants, 6 for \$1.00; 12 for \$1.75; 25 for \$3.00; 50 for \$5.00; Bearing Age Plants, 2 year No. 1, 6 for \$1.75; 12 for \$3.00; 25 for \$4.50.

FOR CURRANTS AND
GOOSEBERRIES
SEE PAGE 25

SOMETHING NEW - NO THORNS GARDENIA

A NEW THORNLESS DEWBERRY

A genuine dewberry—rich, sweet and luscious in flavor as they always are—but one without thorns. What is more, Gardenia does not produce thorny shoots or plants when it grows older as some so-called thornless plants do. Very vigorous, healthy and hardy plants that have the heavy-bearing dewberry habit. Gardenia has been fully tested and is ready to win full approval in your garden. A dozen vines will make a lot of berries. 1 year No. 1 plants, 6 for \$1.25; 12 for \$2.15; 25 for \$3.75; 50 for \$6.50; 100 for \$12.00.

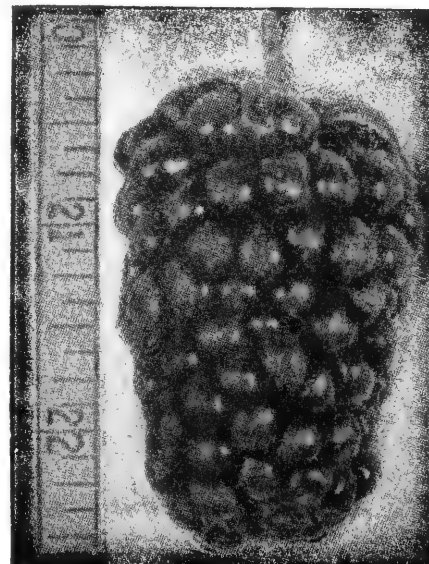

THORNLESS BOYSENBERRY

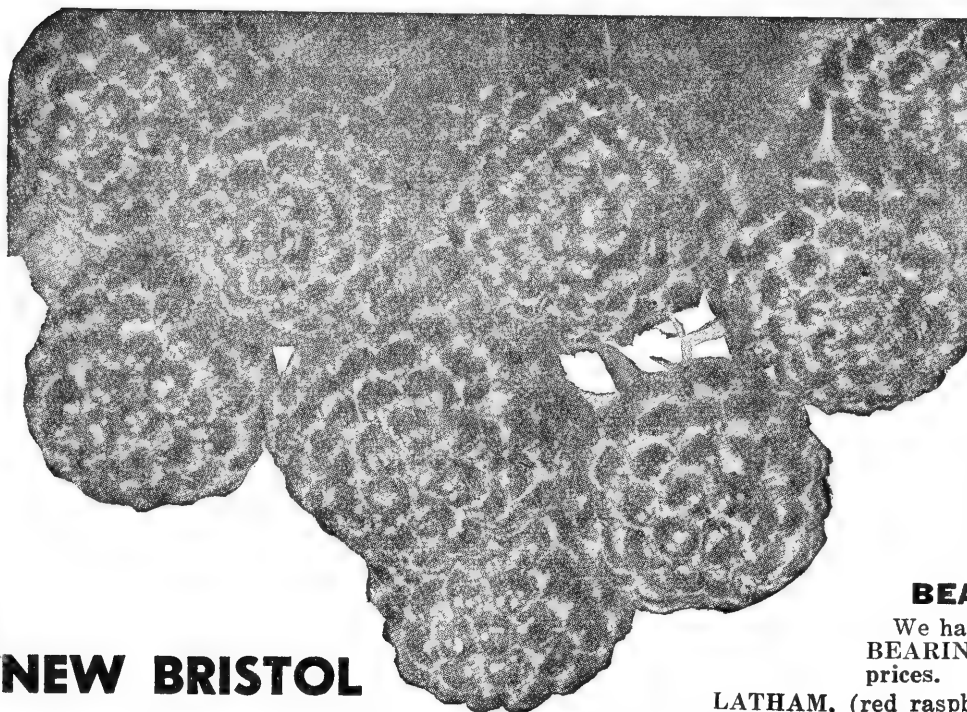

OFTEN BEARS FRUIT 2 TO 3 INCHES LONG

This is the extra early ripening strain of Thornless Boysenberry with canes as smooth as a grape vine. RIPENS ABOUT TWO WEEKS EARLIER THAN BOYSENBERRY. The introducer claims even heavier yields from this Thornless Boysenberry than the common Boysenberry. This new strain Thornless Boysenberry is identical to the Boysenberry except that there are no thorns and it ripens earlier. This is a good feature as the early berries bring much more money. The Thornless is as hardy, rugged and heavy bearing as its parent the Boysenberry. Vines grow long, and this pretty apple-green vine loaded with giant purple beauties is a sight you will never forget, and after you taste a handful of them, other berries will go begging for a while. Delicious with cream and sugar, and when made into jam, it's the last word. 1 year No. 1 plants, 6 for \$1.25; 12 for \$2.15; 25 for \$3.00; 50 for \$4.95; 100 for \$8.95; 250 for \$19.75; Bearing age transplants, 2 year No. 1, 3 for \$1.55; 6 for \$2.75; 12 for \$4.85; 25 for \$8.95.

For Dwarf Fruit Trees See Pages 8 and 11

ZILKE'S BLACK RASPBERRIES

NEW BRISTOL

LARGE, SWEET, JET-BLACK, ALMOST SEEDLESS

Bristol is one of the best black raspberries being grown at Geneva. We believe this new variety compares very favorably with the new Morrison, in some localities has proven far superior. Bears very heavy crops of large, glossy-black berries, fruit is large, sweet, jet-black, nearly seedless, excellent quality. The bushes are hardy, vigorous growers, healthy, strongly resistant to the usual raspberry diseases. Bristol is considered a top quality blackcap that is widely adapted in all raspberry sections, rapidly coming to the top among commercial growers and gardeners. IF YOU ARE INTERESTED IN ONE OF THE BEST BLACK RASPBERRIES, YOU SHOULD BY ALL MEANS, TRY THE NEW BRISTOL. FOR PRICES SEE PAGE 24.

NEW DUNDEE

**NEW, EXTRA HEAVY-FRUITING
BLACK RASPBERRY**

DUNDEE—An excellent, high quality, large size, glossy blackberry, ripening 3 or 4 days ahead of Cumberland. This berry has been grown in every type of soil in New York State and has lived and produced bumper crops where other varieties have failed. We have found it very resistant to drouth and disease. Out produces all other black raspberries. Prices on page 24.

KING SIZE RASPBERRIES

SODUS, THE PURPLE RASPBERRY, 2 For \$1.50; 5 For \$3.25; 10 For \$5.95.

Why Zilke's Certified Raspberries Are Better

Zilke's Raspberries bear younger and live longer not only because of superior quality, but also because every plant is healthy. Two rigorous inspections are made by Michigan Department of Agriculture Plant Inspectors during the growing season. That is why our plant fields are kept disease free. Then at digging and grading time they are carefully inspected for root disease and final inspection when packed.

BEARING AGE PLANTS

We have the following plants in the large BEARING AGE SIZE. See page 24 for prices.

BEARING AGE TRANSPLANTS GAIN A YEAR

Will Fruit This Summer

**Ideal for Home Gardens and Commercial Growers
Who Want Quick Returns**

We offer two-year bearing age transplants in **BLACK** and **RED RASPBERRIES, BLACKBERRIES, and BOYSENBERRIES.** You will find money-saving prices on transplants on page 24.

Here's What You're Looking For

Note at right, 2-year Bristol Black Raspberry transplant—with wonderful root system and sturdy body.

Will produce berries in three months, bringing quick profits. A full crop the second season. The finest plants you can buy anywhere at any price.

Planting Stock for Our Transplants is selected from heavy Bearing Plants — Producing Superior Transplants.

**THERE'S A
DIFFERENCE**

Cumberland Black Raspberry

CUMBERLAND THE BEST MIDSEASON BLACKCAP

The Breadwinner of the Blackcap Family! The largest of all Blackcaps and the very best midseason kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. We strongly urge all of our customers to plant this dependable old favorite instead of spending time and money on new and untried varieties in which we, ourselves, have no confidence.

Fruit is large, plump and juicy, with a true "Blackcap Flavor" all its own. Free from seediness and crumbling, with extremely firm texture, which makes Cumberland an ideal shipper. Plants are hardy, thrifty growers, producing enormous crops over a long period of time, and are especially free from anthracnose, the common disease of all Raspberries. For prices see page 24.

PURPLE SODUS BEST PURPLE RASPBERRY GROWN

This new variety is the heaviest bearing raspberry that we have ever seen. Tests have shown that it is unquestionably the best raspberry. The fruit is firm and large, many nearly an inch in diameter, a rich maroon color, with an exceptionally fine, sweet flavor. The plants are very vigorous growers, perfectly hardy, and extremely healthy. All in all, this wonderful raspberry is just what we have been looking for, for years. Fine to eat fresh and makes the best preserves and sauce you ever tasted. For prices see page 24.

Sodus Purple Raspberry

-ZILKE'S NEW 'BLACK BEAUTY' EVERBEARING BLACK RASPBERRY

You may have heard of

EVERBEARING STRAWBERRIES

or

EVERBEARING RED RASPBERRIES

or perhaps, even,

EVERBEARING BLACKBERRIES

But have you ever heard of EVERBEARING BLACK RASPBERRIES. Well it's here now, ZILKE'S HAVE IT, and it's really a BLACK BEAUTY.

The Black Beauty Everbearing Raspberry ripens early, it starts to ripen with the well known Early Logan variety, after the summer crop is picked. Black Beauty begins producing on the tips of the new canes and side branches. Black Beauty not only has fruit on the tips of the new wood, it develops side branches, which are also helps to extend the fruiting season. Black Beauty starts with the earliest black raspberry and from there or in until fall or freezing weather it has ripe berries, green berries and blossoms all at the same time.

BLACK BEAUTY IS VERY HARDY

This new Black raspberry was found in the high altitude of West Virginia. Its origin at this high altitude would assure its being winter hardy and capable of thriving throughout the northern part of our country. We have fruited Black Beauty in the state of Michigan for the last four years, without winter injury to the plant or the crop.

BERRIES ARE GOOD IN SIZE AND QUALITY

The summer crop of berries are about the size of Cumberland, the fall or everbearing crop is larger than Cumberland or Logan. The canes are very vigorous and productive. Most of the berries are about $\frac{3}{4}$ of an inch in diameter when ripe. The fall crop larger in size than the summer crop.

SUPPLY OF PLANTS IS LIMITED

As yet our supply of the Black Beauty plants is very limited, we urge you to order immediately. Orders will be booked as received and your stock will be reserved for you until you are ready for the plants. Order now before you forget, remember when plants are sold out for this season, there will be no more until next year.

FOR PRICES SEE PAGE 24

THE EARLY LOGAN MOST DEPENDABLE EXTRA EARLY

In many localities, where New Logan has been grown extensively for the past few years, it has nearly replaced all other early varieties. Ripens a week to ten days earlier than Cumberland, giving the grower a chance to market his crop ahead of the midseason rush to get the highest prices. The fruit is as large as Cumberland, very rich and sweet, with a distinctive wild flavor. Plants are hardy and very drought resistant. The perfect early variety to be grown in connection with Cumberland; thus covering the entire season. For prices see page 24.

SAVE A FULL YEAR'S TIME

Zilke's Plants are State Inspected, Have Ripe Berries To Sell in 3 Months

The increased demand for good fresh fruit, such as ZILKE'S READY TO BEAR PLANTS which yield several months after planting make bearing plants scarce. Why miss out on this summer's profits when you can have fruit to sell, several months after planting? Not just a few scattered berries but enough to actually pay a small profit.

ACTUALLY BEARING-AGE PLANTS

Zilke's bearing-age plants are not just one-year-old plants but actually TWO YEAR TRANSPLANTS. Do not be misled by some NURSERY because it actually costs money to grow plants two years instead of only one year, as in growing large one-year plants. Do not let prices alone be your buying guide, as the quality differs almost as much as night and day. Our Bearing-Age plants are fully matured plants, ready to bear a crop of fruit. They bear on the old wood several months after planting. Just think of having berries to sell that quickly. Send us your order at once because there is a shortage of Good Bearing-Age plants.

SAVE A YEAR'S TIME AND EXPENSE

You can now start growing raspberries and get real quick action. Why wait any longer? Have nice big berries ready to sell within a few months after plants are set. Almost a full crop the second year, then years of real bumper yields and real profits. DON'T BE FOOLED WITH JUST ORDINARY PLANTS. Send us your order and have the best.

ZILKE'S HARDY CURRANTS

WILDER CURRANTS

MAIN VARIETY CURRANT FOR MARKET OR HOME USE

The Wilder Currant is considered one of the main commercial varieties. Upright growing bush, very vigorous; large clusters of big dazzling red berries. Wilder ripens early and remains a beautiful red and firm until late in the season. The berries are a mild sub-acid flavor, one of the best for jams and jellies.

WHY YOU CAN BUY FOR LESS FROM ZILKE'S

Because, first of all:

Thousands of satisfied customers can't be wrong.

We sell direct from our catalog only—You have no agents or salesmen commissions to pay.

In ordering nursery stock from Zilke's you are assured of getting stock that is absolutely fresh in every way. Compare our fresh plants and trees with those that are kept in a frosty condition or in storage and in a dry condition for three or four months, order direct from Zilke's and see the difference.

Because we can furnish you with excellent stock at our new low prices.

We absolutely guarantee all stock to be fresh, and arrive in a perfect condition.

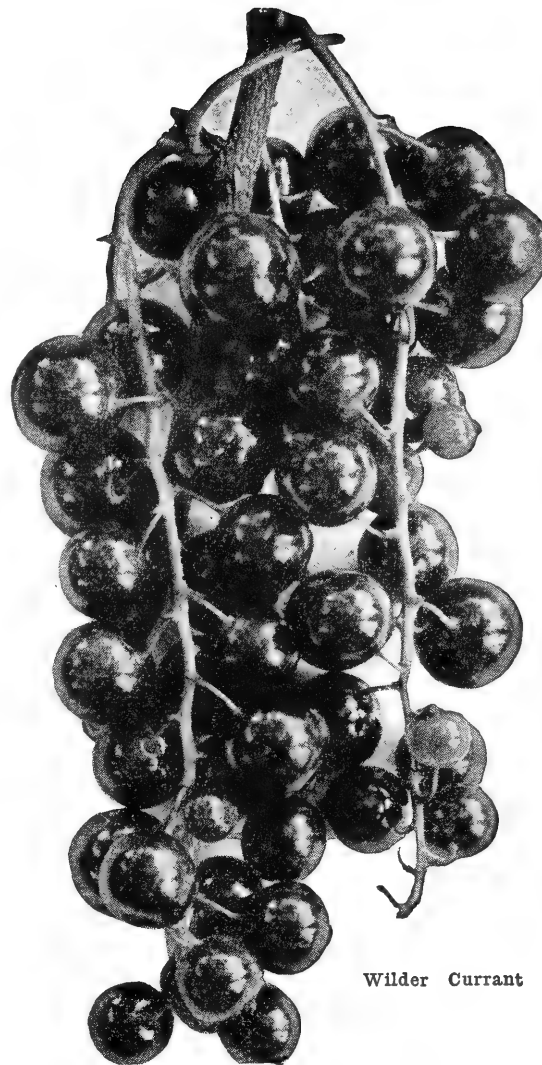

We do not spend thousands of dollars on colored pictures in our catalog. We pass that saving on to you by lower prices.

Our farms are of the best soils for developing heavy rooted, hardy stock, that will grow anywhere.

We own and operate our own farms in the heart of the Michigan fruit belt.

We grow more stock for less because, we have excellent soil, the latest equipment in up-to-the-minute tractors, automatic tree sprayers, trenchers, power lifters, loaders and many other labor saving devices. All these combined savings are passed on to our customers in lower prices and better stock.

We have no large, expensive, splashy advertising space—we depend largely upon friends and customers to advertise our stock.

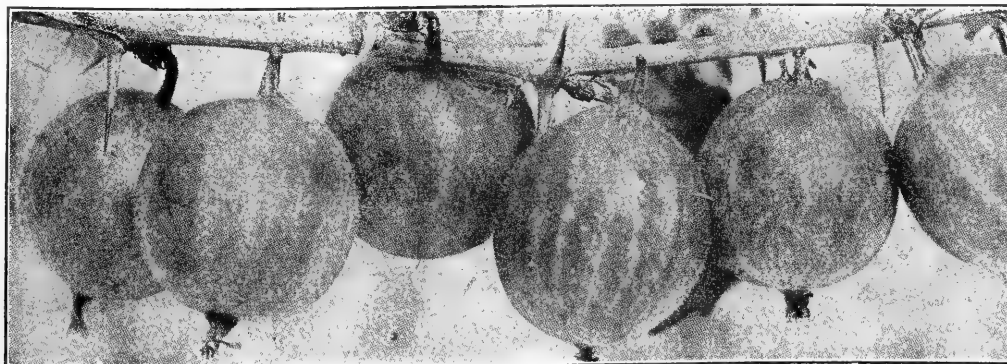

Wilder Currant

CORRECT PLANTING BOOKLET

Sixteen pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Included FREE with your order.

GOOSEBERRIES

PIXWELL—This new variety is by far the best we have grown. It is a tremendous bearer of large, fine quality berries. Moreover they hang down on the underside of the branches so they are very easy to pick. The plant also is not nearly as thorny as other kinds. It bears very young, the next year after planting. The berries are much larger than pictured, averaging better than ½ inch. Color is light green, turning pink when fully ripe. After growing Pixwell, you will not want the other kinds. Thrives in all northern states. Plant 3 to 4 feet apart. 2 yr. plants, 85c each; 3 for \$2.40; 5 for \$3.75.

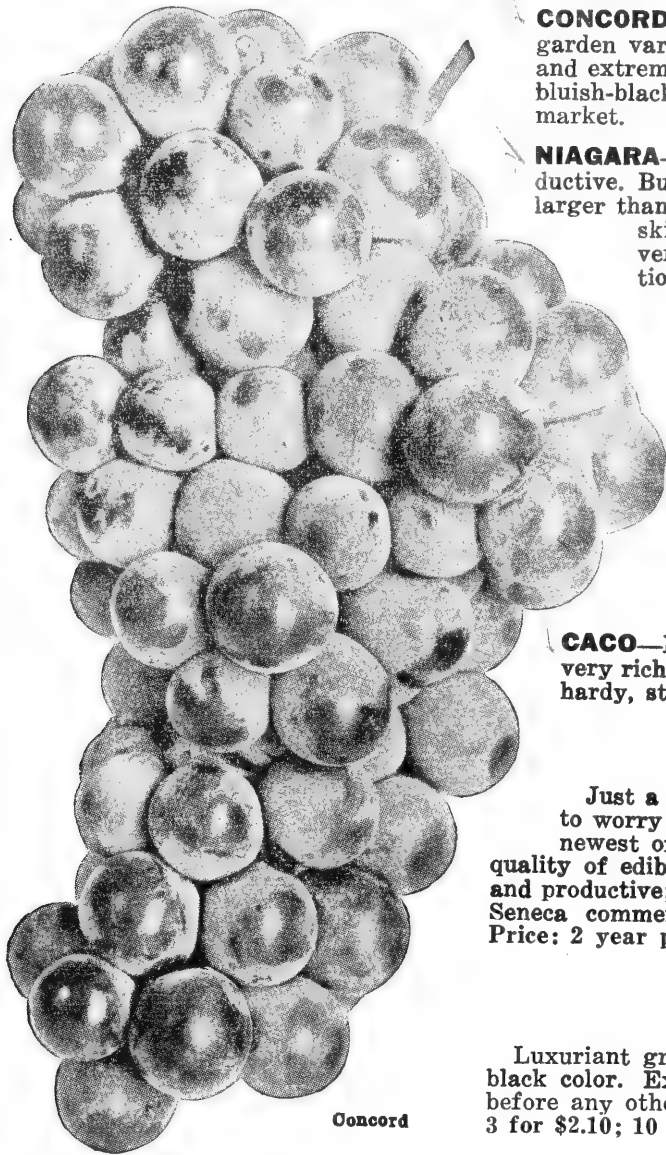

Gooseberries

IMPORTANT — We ship Currants and Gooseberry plants only to Michigan, Indiana, Illinois, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky, Texas and Colorado.

ZILKE'S GRAPE VINES

Plant a vineyard and invest in something permanent. You will receive a regular yearly income from it as long as you live. Plant a vineyard of our super selected plants this spring and cash in on this opportunity for profitable fruit growing.

Concord

CONCORD—This is the old stand-by in the leading market vineyards garden variety. It grows on all soils, in all climates, is perfectly hardy and extremely productive. Bunches are large and compact. Berries large, bluish-black, excellent for grape juice, wine, table use, canning and market.

NIAGARA—Most Popular White Grape—Perfectly hardy, and very productive. Bunches very large and compact. Berries fully as large or larger than Concord, mostly round, yellowish-green when fully ripe. The skin is thin but tough and does not crack. Quality of the best, very little pulp, melting and pleasing to the taste. Of exceptional value for eating, grape juice or market.

FREDONIA

The Best Black Grape Ever Introduced

Fredonia is the very best early grape ever introduced, fifteen days earlier than Concord. The vines are very vigorous and productive, very disease-resistant, makes new wood so fast that it bears the second year after set. Clusters are large in size, cylindrical, and compact; berries are very large, and round; skin is very thick and tough; flesh is juicy, solid but tender, very good. We recommend this variety very highly.

CACO—Fruit is very large, rich wine-red in color; flavor of the finest very rich and sweet. Excellent quality. Ripens in September. Vines are hardy, strong and vigorous growers, very prolific.

SENECA SKINLESS GRAPE

Just a nice tender munch, and a sweet, juicy crunch, with no skins to worry about—that is the new Seneca Skinless Grape. Seneca is the newest of the hardy California type Grapes, and has this important quality of edible skin. Flavor sweet, melting, and delicious; vine vigorous and productive; bunches good size. Try a vine or two, and be ready to grow Seneca commercially when plants are available in sufficient quantities. Price: 2 year plants, \$0.75 each; 3 for \$2.10; 10 for \$5.95.

VAN BUREN

Luxuriant grower, producing compact and well shaped bunches of blue-black color. Exceptionally sweet. Extremely early, ripening 3 to 4 weeks before any other grape is on the market. Prices: 2 year plants, 75c each; 3 for \$2.10; 10 for \$5.95.

SEEDLESS CONCORD GRAPE

THE GRAPE WITH A FUTURE

This perfectly hardy Seedless Grape is the result of years of experimentation and cross-breeding. It is of the Concord type, but slightly smaller, blue-black in color, and possesses the same fine flavor found in the Concord grape. Just the thing for your back-yard garden—a small arbor will provide sufficient Grapes for an average family. Just imagine Grapes without seeds. Prices: Heavy 2 yr. plants, 85c each; 3 for \$2.25.

GOLDEN MUSCAT GRAPE

This new hardy California Grape can now be grown in every section of the country. The berries are large, sweet and meaty, making it a wonderful variety to grow for home use and roadside stands. The bunches are large, heavy, broad shouldered, and tapering. Very compact. On account of this Golden Muscat being such a productive plant, we advise a good complete commercial fertilizer every spring, and you will be delighted with the crop. Heavy 2 yr. plants, 70c each; 3 for \$2.00; 10 for \$6.00.

We propagate our grapes in quantities which permit us to offer them at exceptionally low prices. Plant ZILKE'S heavy fruit strain grape plants for more and better fruit.

HARDY GIANT CULTIVATED BLUEBERRIES

Not only does the blueberry produce big juicy berries 2 to 3 times as large as common blueberries, but it is ornamental on the lawn or in the shrubbery border and very easy to grow. The foliage is dark green, long and narrow, blossoms bell-shaped and pinkish white. During the autumn the leaves turn bronze, and during the winter months the twigs are red. The bushes will grow to the height of 8 feet.

For the best results plant on acid soil. Low muck or sand soils are usually very acid. If your soil does not contain acid add a little peat moss for acidity when planting. Plant two or more plants to insure proper polinization. If your soil is not acidity, mix the soil with old sawdust or soil from the bottom of an old wood pile. Set the plant and fill the hole with the same mixture and keep the soil moist. Write to the U. S. Department of Agriculture, Washington, D. C., for Bulletin on Cultivated Blueberries. It's FREE.

RUBEL — (Early-Midseason).

The bush is upright, very vigorous, hardy and productive. Ships well. Is a producer of large size fruit, and a heavy bearer.

RANCOCAS—Midseason. It is of excellent quality, and a very good shipper. The bush does not grow quite as tall as Rubel, but it produces a lot of fruit over a long picking season.

JERSEY — Midseason to late. Bushes grow upright, fruit is extra large and firm, good quality. Jersey is the best commercial variety.

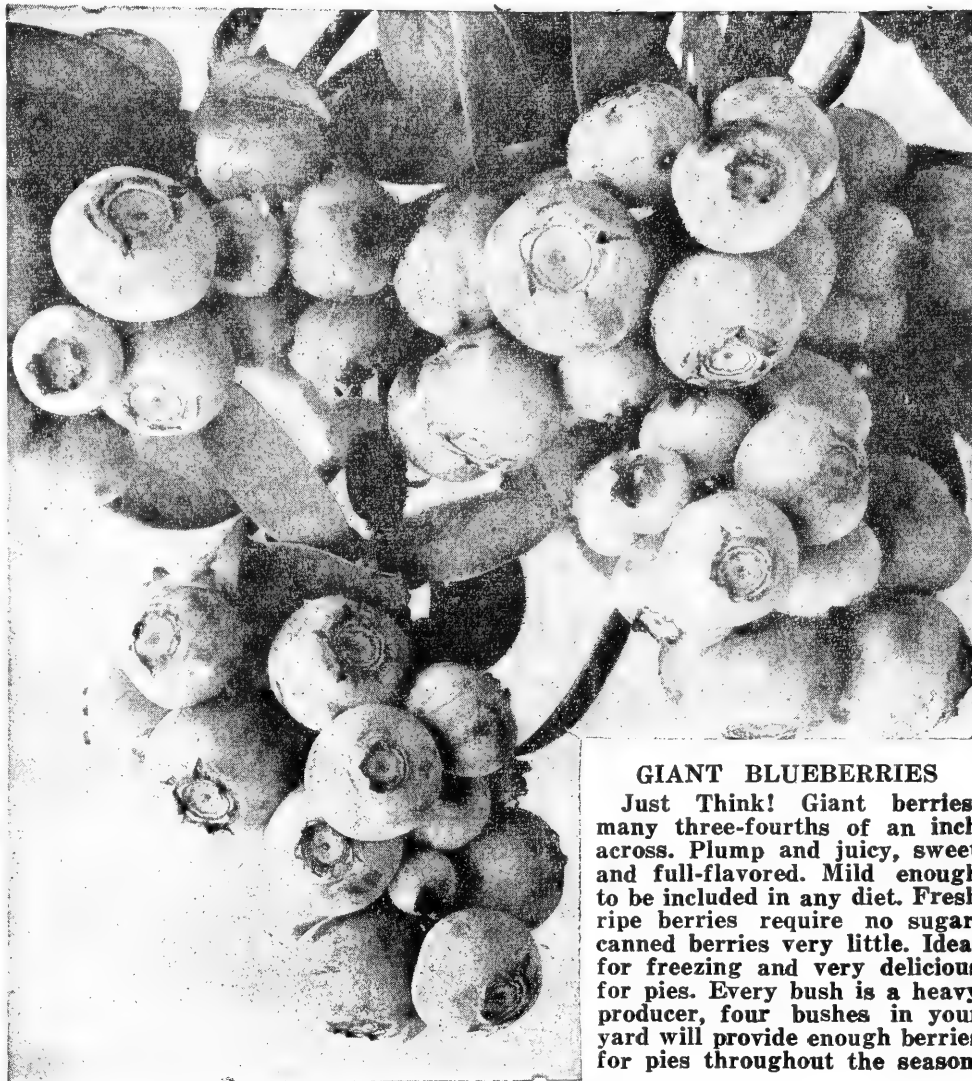

MICHIGAN STATE DEPARTMENT OF AGRICULTURE BUREAU OF PLANT INDUSTRY

This is to certify that the Blueberry Fruit Stock of Zilke Brothers Nursery (Plants), Baroda, has been examined and found apparently free from the Stunt Disease as well as other diseases and insects. Fee paid, \$1.00.

Chas. Figy,
Director

This certificate is to be void after September 15, 1952.

O. A. Boyer
Chief Bureau of Plant Industry.
Lansing, Mich., August 20, 1951.

GIANT BLUEBERRIES

Just Think! Giant berries, many three-fourths of an inch across. Plump and juicy, sweet and full-flavored. Mild enough to be included in any diet. Fresh ripe berries require no sugar, canned berries very little. Ideal for freezing and very delicious for pies. Every bush is a heavy producer, four bushes in your yard will provide enough berries for pies throughout the season.

FOR LARGER AMOUNTS WRITE FOR SPECIAL PRICES

STANLEY—Berries are the most delicious in flavor of all Blueberries, according to the Agricultural Experiment Station at Geneva, N. Y. Considered to be one of the most promising new varieties.

PEMBERTON—The most vigorous grower. Bush considered most vigorous of all varieties. Very productive of very large berries, firm with slight aroma and good dessert quality. Liked because of its vigorous bush and large size berry.

BE SURE TO PLANT GOOD SEED

To save you the trouble of searching through endless seed catalogs and descriptions, we have selected for you the best and most popular varieties. We pay the postage on seeds.

IMPORTANT—If your order calls for nursery stock and seeds, the seeds will be shipped by prepaid parcel post and in some cases the seeds will be included in the nursery stock shipment, in this case, we will include free seeds or other free stock to help cover the extra postage charges.

IN ANY CASE DO NOT BECOME ALARMED, YOU WILL BE TREATED FAIR.

BEANS—1/4 lb. 20¢; 1/2 lb. 35¢; 1 lb. 60¢; 2 lbs. \$1.00 POSTPAID

BURPEE'S STRINGLESS—Attractive round green pods, tender, brittle, meaty, juicy, entirely stringless and of the finest flavor. High quality green-pod bush bean. For home use, canning, freezing and commercial, ships well.

BRITTLE-WAX—Stringless, handsome, rich golden yellow pods, slightly curved. Flesh is tender, extremely brittle and of the finest flavor. Very productive. Highly prized for home, market, freezing and canning.

FORDHOOK BUSH LIMA BEAN—The leading variety for home garden, freezing or commercial use. Excellent quality and delicious flavor, creamy colored when ripe. Plants grow stiff and upright, vigorous and very productive.

BEETS—15¢ per Pkg.; 1 oz. 25¢; 1/4 lb. 70¢; 1 lb. \$2.00 POSTPAID

DETROIT DARK RED—The roots are globe-shaped, smooth and uniform, with small tap root. The flesh is very dark blood-red, tender, fine grained, exceptionally sweet. Best for home garden, market, freezing and canning.

CABBAGE—15¢ per Pkg.; 1/2 oz. 25¢; 1 oz. 40¢ POSTPAID

COPENHAGEN MARKET—Extremely early cabbage, well rounded, solid heads of excellent quality, about 7 inches in diameter and 6 inches deep, weighing about 4 to 5 lbs. Is of excellent flavor and desirable for early kraut making.

LARGE LATE FLAT DUTCH—Valuable for fall and winter use, whether for home, market or shipping. One of the largest, 10 to 12 inches across, 6 to 7 inches deep and weighs 10 to 15 lbs. Can of course be used when much smaller.

CARROT—15¢ per Pkg.; 1/2 oz. 25¢; 1 oz. 40¢; 1/4 lb. \$1.25 POSTPAID

DANVERS HALF LONG—Well-known, heavy cropping carrot, orange-red skinned roots, 7 to 7½ in. long, 2 to 2½ in. in diameter and tapering to blunt end. Fine-grained, tender, rich in flavor and very sweet. Popular for freezing, home garden, winter storing, stock feeding and excellent for table use.

CUCUMBER—15¢ per Pkg.; 1 oz. 25¢; 1/4 lb. 75¢; 1 lb. \$2.50 POSTPAID

CHICAGO PICKLING—Very productive, disease resistant and a vigorous grower. Fruits grow 6 to 7 in. long and 2½ in. thick, even size, square ended, rich dark green. Popular for years with leading pickle houses.

IMPROVED LONG GREEN—Popular for pickles or slicing, fruits are 10 to 12 in. long, 3 in. thick, beautiful glossy green skin and pure white, solid, tender, crisp flesh. Popular market pickle.

POPCORN—1/4 lb. 20¢; 1/2 lb. 35¢; 1 lb. 60¢ POSTPAID

SOUTH AMERICAN—Kernels are large golden yellow and pop to immense size. Stalks are strong and sturdy, growing 5 to 6 feet tall; usually produce two and three ears on a stalk. The most popular popcorn.

SWEET CORN—1/4 lb. 20¢; 1/2 lb. 35¢; 1 lb. 60¢ POSTPAID

GOLDEN BANTAM—Plants grow 5 to 6 ft. tall, ears are slender, 5½ to 7 inches long, with 8 even rows of broad, moderately deep, golden kernels of delicious flavor. Highly prized for home gardening and freezing.

STOWELL'S EVERGREEN—Ears 7 to 8 in. long, with 16 to 20 rows of white, sweet, tender, meaty, juicy kernels, excellent quality. Holds its tender sweetness for a long time. Valuable for home, market and canning.

GOLDEN CROSS BANTAM, (Hybrid)—Most widely used of all hybrids for canning, freezing, market shipping and the favorite home garden main-crop yellow hybrid. Ears have 10 to 14 rows of sweet, golden-yellow kernels. ¼ lb. 25¢; ½ lb. 45¢; 1 lb. 75¢ postpaid.

HYBRID STOWELL'S EVERGREEN, (Hybrid)—Ears 7½ to 9 in. long, 14 to 18 rows of deep, medium-wide, white kernels which are very sweet and tender. Recommended for home, market, freezing and canning. Stalks 8 to 10 ft. ¼ lb. 30¢; ½ lb. 50¢; 1 lb. 80¢ postpaid.

MUSKMELLON—10¢ per Pkg.; 1 oz. 35¢; 1/4 lb. \$1.10 POSTPAID

HEART OF GOLD—Medium size melons, nicely netted and weigh about 3 lbs. The flesh is rich, deep orange and of the sweetest flavor, ripens close to the rind. Heavy cropper, popular for home and market gardener. Good shipper.

WATERMELLON—15¢ per Pkg.; 1 oz. 25¢; 1/4 lb. 80¢ POSTPAID

KLECKLEY'S SWEET—The skin is attractive, solid bluish-green color. Flesh is dark red, fine texture sweet and juicy. Fruits are 12 in. in diameter, 24 in. long and weigh about 40 lbs. Splendid for home garden and market.

PUMPKIN—10¢ per Pkg.; 1 oz.; 25¢; 1/4 lb. 65¢ POSTPAID

SMALL SUGAR—Round slightly ribbed fruits of medium size, bright orange skin and rich orange flesh which is meaty, sweet and fine grained. Wonderful for pies, in fact the popular pie pumpkin.

CONNECTICUT FIELD—Large orange fruit average 18 pounds, round and flat on the ends, with a smooth hard rind. Thick, dry, sweet orange-yellow flesh, desirable for canning and for pies, also used for stock feeding.

ONION—15¢ per Pkg.; 1/2 oz. 45¢; 1 oz. 80¢ POSTPAID

UTAH SWEET SPANISH—Large, globe-shaped, very mild, fine grained and sweet, excellent for cooking or for use in salads or otherwise. Uniform in size, have light yellow skin and pure white, firm, crisp, tasty flesh.

PEAS—1/4 lb. 20¢; 1/2 lb. 35¢; 1 lb. 65¢; 2 lbs. \$1.15 POSTPAID

BLUE BANTAM (extra early)—One of the best, sweetest, most delicious peas for home garden and market. Large dark green pods, heavy yielder, long bearing season. Pods are 4 in. long, contain 7 to 9 peas, excellent flavor, good for freezing.

DWARF TELEPHONE (main crop)—Vines grow about 24 in. tall are stout and bear a good crop of large pods 4½ in. long and 7 to 9 peas in a pod. Fruits are large, excellent quality and fine flavor. Suitable for quick freezing.

RADISH—10¢ per Pkg.; 1 oz. 25¢; 1/4 lb. 80¢ POSTPAID

SCARLET GLOBE—Bright scarlet radish, 1 in. in diameter, olive-shaped. It is crisp and tasty, with fine white flesh and a medium size top, right for bunching. Excellent for market or home garden.

WHITE ICICLE—The popular white radish. Skin is pure white, thin and tender, flesh is icy white, crisp, juicy, perfectly mild and wonderful sweet flavor. Roots grow about 1 in. in diameter and 5 in. long, straight and free of side roots.

DILL—10¢ per Pkg.; 25¢ per oz. POSTPAID

GENUINE DILL—The dry or green branches and seeds are used for flavoring dill pickles. The green leaves are used for flavoring soups, stews and sauces.

EGGPLANT—15¢ per Pkg.; 1/2 oz. 55¢; 1 oz. \$1.00 POSTPAID

BLACK BEAUTY—The fruits are a rich, deep purplish black and grow to a good size, but may be used when smaller. Fruits are free of spines or thorns. Suitable for freezing. Very productive. Holds its color well.

LETTUCE—15¢ per Pkg.; 1 oz. 30¢; 1/4 lb. 90¢ POSTPAID

BLACK SEEDED SIMPSON (leaf lettuce)—Highly recommended loosehead or cutting lettuce. Leaves are broad, light-green, frilled and crumpled. Grows quickly, is early and of extra fine quality. The flavor is delicate and appetizing.

HANSON HEAD LETTUCE—Entirely free from any bitter taste, highest quality, mild, tender, and juicy. Reliable for heading, even during midsummer, one of the most popular head lettuce. Beautiful light green leaves, crisp texture.

SQUASH—10¢ per Pkg.; 1 oz. 35¢; 1/4 lb. \$1.10 POSTPAID

TRUE HUBBARD—Fruits are fairly large with dark bronze-green warty skin, attractive deep orange-yellow flesh which is fine-grained, sweet and dry. Weighs about 12 lbs., the standard winter squash, whether for freezing, home, market or shipping. Excellent for pies, baking or boiling.

TABLE QUEEN (acorn squash)—Acorn-shaped, 5 in. long and 4 in. thick, deeply ribbed, dark green skin and thick orange flesh that cooks dry and sweet. Baked halves make popular individual servings. Good keeper.

PARSNIP—10¢ per Pkg.; 1 oz. 30¢; 1/4 lb. 90¢ POSTPAID

LONG HOLLOW CROWN—Fully developed roots grow about 12 inches long and 2¼ in. thick at the shoulder, white flesh, fine grained and of superior flavor. Most popular variety.

SPINACH—10¢ per Pkg.; 1 oz. 25¢; 1/4 lb. 75¢ POSTPAID

BLOOMINGDALE LONG STANDING—Glossy dark green leaves, intensely crinkled, and of very heavy texture. Quick growing hardy spinach popular for home use, market as well as for canning. Heavy yielder of delicious greens.

TURNIP—10¢ per Pkg.; 1 oz. 20¢; 1/4 lb. 60¢ POSTPAID

PURPLE TOP WHITE GLOBE—The roots will grow to about 4 to 5 in. across, nearly round and show a bright purplish red color on the upper part of the root, lower portion is creamy white. Flesh is white, firm, crisp, and of mild-sweet flavor raw or cooked. Popular for home garden, market, shipping, freezing and winter storage.

TOMATOES—15¢ per Pkg.; 1/2 oz. 50¢; 1 oz. 90¢ POSTPAID

BONNY BEST (early)—Fruits are smooth, solid, scarlet red, globe shaped, medium size. Vigorous growing vines, yields heavy crops, excellent for shipping, canners, market and home use.

RUTGERS (late)—Globular in shape, smooth, bright red, heavy walls and small cells. Valuable for canning and juice. Vine is vigorous, heavy and healthy. Fruits are of good color and excellent size and quality.

ZILKE'S EVERBLOOMING ROSES

Strong 2-year Field Grown Bushes, each 95c; 5 for \$4.45; 10 for \$7.75

Our bud selected Roses are 2 yr. heavy field grown extra selected, carefully budded, super size bushes that will bloom all summer and fall, producing blooms much larger than the ordinary bushes offered by most nurseries or mail order houses at so-called low prices.

THE DOCTOR—This is considered by many to be the most beautifully colored of all roses. The long, pointed buds open into simply enormous, yet graceful blooms, so fragrant that you can detect them many yards away. It is a pink with a life, an iridescence, a sheen that is beyond description. Each flower is so perfect, so gorgeous, that you will consider it almost priceless. It is far more beautiful than can be described.

AMI QUINARD—A variety which is here to stay, beats all others; best near black Rose in our estimation. Deep velvety crimson, fragrant and very lasting. A vigorous shrubby plant, with almost single flowers of deep blackish-scarlet.

DAME EDITH HELEN—Largest most perfectly shaped and most perfumed pink rose. Clear glowing pink, from the time the bud opens until the petals fall. Blooms abundantly, with long, strong stems. Growth of bush is vigorous and thoroughly hardy.

CONDESA DE SASTAGO—It is the first fully double variety to carry the vivid color of coppery red and yellow. Very hardy, vigorous, healthy growth. Has rich raspberry perfume. Keeps well when cut for indoor enjoyment.

CRIMSON KING—Color deep crimson, glorious in its perfect form, large size and fragrance.

ETOILE DE HOLLANDE—Large, velvety crimson flower produced in great profusion throughout summer. Deliciously perfumed. Vigorous upright grower. An excellent red Rose.

EDITOR MCFARLAND—The perfectly formed flowers are clear brilliant, unfading pink, and as a cut flower it retains its form and lasts longer than any other Rose we know. A winner of many awards. The growth is vigorous, the foliage healthy, and it blooms all the time from early summer to frost.

GOLDEN DAWN—Ovoid, lemon-yellow bud is splashed with crimson, opening into a well formed, sweetly scented, double sunflower yellow bloom.

GRENOBLE—Glowing scarlet-crimson. The plant is very vigorous and the blooms come on unusually long stems, making it one of the best garden Roses for cutting. Easily one of the best reds.

GOLDEN CHARM—A delightful golden colored Rose which is sturdy in growth, very hardy, and produces great numbers of blooms each year. Buds are long and open into beautiful, richly scented blooms.

Rouge Mallerin

POINSETTIA—One of the most brilliant scarlet Roses we know of. The true poinsettia color. Bush is sturdy and hardy and a good grower. Buds are long, borne in abundance and open slowly into gorgeous blooms.

K. A. VICTORIA—This is the favorite and the best white rose for the middle west. Buds and flowers glistening, snowy white. Foliage exceptionally shiny and clean, seems to bloom much longer than any other hybrid teas.

GOLDEN RAPTURE—Beautifully formed long-lasting buds, fully double blooms of rich yellow on long, strong stems. vigorous grower. Delightful fragrance. The perfect yellow rose.

MC GREY'S SCARLET—A wonderful rose, beautiful in the garden and fine for cutting. The large flowers of luminous carmine-red are produced generously from spring until frost.

Talisman

TALISMAN—Its brilliant orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink or old rose, and unlike most Roses, the color becomes brighter as the flowers develop. Plants are vigorous, healthy and hardy growers.

ROUGE MALLERIN—The pointed buds of brilliant red open to 3½ inch blooms of glowing scarlet, the deep pile on the petals making them look like rich scarlet velvet. Rich old Damask perfume.

SYRACUSE—Scarlet-crimson on vigorous upright plant. Double.

STERLING—A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling novelty.

PICTURE—We consider this one of the very finest pink roses in existence, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Very vigorous plant which blooms continuously.

SOEUR THERESE—Long, pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. Sweetbriar fragrance. Blooms come freely on splendid cutting stems.

EVERBLOOMING CLIMBING ROSES

PLANT EVERBLOOMING CLIMBING ROSES THIS SPRING AND ENJOY THEIR BLOOMS ALL SUMMER

Strong 2 Yr. Size Field Grown Bushes, Each \$1.00; 5 for \$4.50

ETOILE DE HOLLANDE—Large, velvety crimson flowers produced in great profusion throughout summer. Deliciously perfumed. Vigorous, upright grower. An excellent red Rose.

TALISMAN—Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. Constantly in bloom, the most vivid color yet produced in Roses.

P. S. DUPONT—Long, pointed buds of reddish gold, opening to a semi-double, lasting and fragrant flower of deep golden yellow. Profuse and continuous bloomer.

NEW DAWN—Apple blossom pink flowers with old-rose fragrance.

K. A. VICTORIA—This is the favorite and the best white rose for the middle west. Buds and flowers glistening, snowy white. Foliage exceptionally shiny and clean, seems to bloom much longer than any other hybrid teas.

BLAZE—A brilliant scarlet-crimson resembling Paul's Scarlet Climber in general appearance but differing in strong tendency to produce on established plants intermittent blooms throughout the summer and fall from the first eye below the June clusters. Plant in good soil as the more it grows, the more it blooms.

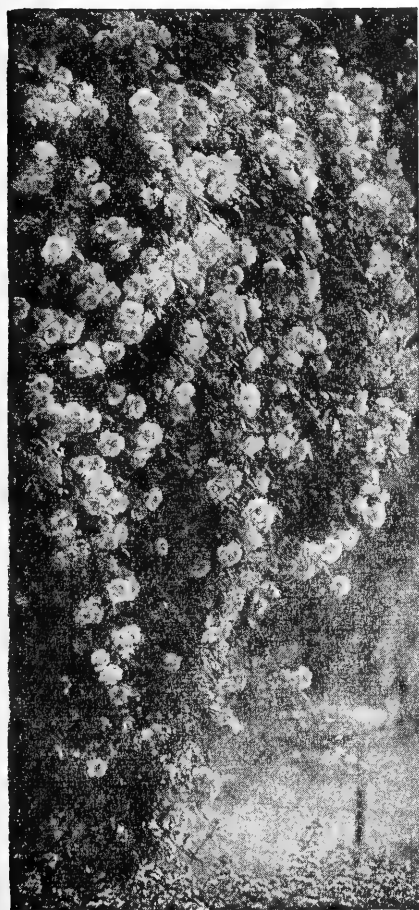

WARNING

Many of our varieties of roses are JUMBO or KING SIZE plants. This is due to the fact that some varieties are heavy growers, we are not going to take advantage of our customers and offer these few heavy-growing varieties as JUMBO or KING SIZE plants. WE OFFER YOU STRONG 2 YEAR FIELD GROWN PLANTS, the HEAVIER growing varieties are included, but are not offered as LARGER plants at a BIGGER PRICE.

We offer you this advantage at no increase in price.

If you like fresh strawberries in the winter we recommend "Sparkle", it is best for flavor and freezing. (See page 18.-

Blaze

HARDY CLIMBING ROSES

FOR MASS DISPLAY OF COLOR NOTHING CAN EQUAL CLIMBING ROSES IN FULL BLOOM

Strong 2 Yr. Size Field Grown Bushes, Each 95c; 5 for \$4.45; 10 for \$7.75

SILVER MOON—Large, semi-double flowers of rich ivory-white with a center of bright yellow stamens. Spreads very rapidly and solid. Very hardy.

SEVEN SISTERS—The Dainty Baby Pink—Big clusters of the daintiest little baby-pink roses you ever saw! Double and sweetly scented. Blooms a long time every summer. Rapid grower.

PAUL'S SCARLET—This famous rose is the most popular red climbing rose ever introduced. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petals fall as when it opened. The flowers come in clusters on long stems. Plant them on a trellis or porch. A row of them along the fence will be the talk of the town.

HARDY EVERBLOOMING FLORIBUNDA ROSES

Strong 2-year Field Grown Bushes, each \$1.00; 5 for \$4.50

BLOOM JUNE TO FROST—REMARKABLY HARDY

These are becoming increasingly popular because the plants are hardy, disease-resistant, vigorous and bloom so freely from spring to frost. Plant in groups, beds or borders, 12 to 18 inches apart.

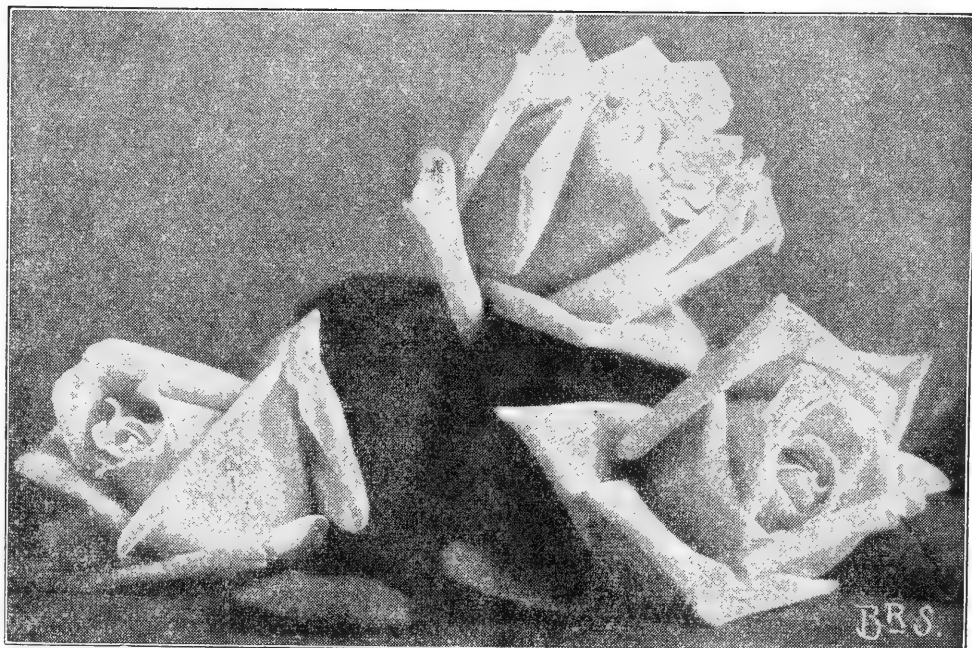

RED RIPPLE—Flowers are semi-double, open, slightly fragrant, beautiful oxblood-red to carmine.

FLORADORA—Scarlet and geranium red floribunda producing double 25 petaled flowers. Height 2½ feet. A.A.R.S. 1945 award.

EVERBLOOMING ROSES AS TO COLOR

Imagine getting, fine, heavy, field grown everblooming roses at our new low sale prices. The Roses that we fill your order with are genuine everblooming varieties, same as we listed in our 1951 catalog, only you order by color instead of variety. You order and select the color and we select the variety. We do this because we often have a surplus of certain varieties, therefore, this plan avoids waste for us and results in a big saving to you if you are not interested in names.

We offer red, pink, and yellow.

Konigan Louise

Everblooming Bush Roses, Regular 2 yr. size, 2 for \$1.40; 5 for \$3.25; 10 for \$6.00
State color or colors Wanted

5 PLANTS FOR ONLY \$2.50

PLANTS ARE STRONG 2 YR. FIELD GROWN

In making up this special lot for your order, we will take one plant from each bunch, from five different bunches, in this way you are quite certain of getting 3 or 4 different varieties.

LOST LABEL BUSH ROSES

Each year we have a few bunches of Everblooming Rose Bushes where the labels have been broken off and lost, so we do not know the variety. This special lot of roses are all good varieties, first, class plants, but without labels as to variety. While this special lot of **EVERBLOOMING ROSES** lasts we offer them to you at extremely low prices.

PEACE

THE GREATEST ROSE OF ALL TIME

You'll marvel at the dawnlike range of colors through which this rose passes. The buds are golden yellow etched with pink. As they open they turn from canary-yellow to pale gold, then to iridescent cream. Petals are edged with apple-blossom-pink that deepens as the flowers slowly open to glorious 5-inch blooms. The petals roll gracefully out to form a very double flower attractively cupped and with a high-centered golden heart. Has from 40 to 45 large petals. The fragrance is delicate. The plant is vigorous and disease-resistant. Flowers are borne on heavy stems above the mass of glossy, hollylike foliage, and are produced in glorious succession until frost. Plant Pat. No. 591. \$2.50 each; 3 for \$6.60, Postpaid.

EVERY MAN'S ORCHID

HANSEN'S NEW SHILKA EVERBLOOMING ORCHID IRIS

From the wilds of Siberia, near the town of Shilka, comes this new, hardy, Everblooming Orchid Iris, which was brought to this country by Carl A. Hansen from one of his world-wide plant exploration expeditions.

A real hardy outdoor perennial for the Northwest. It blooms continuously for six to eight weeks after all other Irises are gone. Its wide, spreading blooms possess lovely, delicate tones of superb orchid and blue, mingled with creamy white as found in the finest orchids.

With this latest addition to the Iris family, it is now possible for everyone to have flowers growing in their own gardens, so like the expensive orchids. Long slender stems bear as many as twelve to fifteen superbly beautiful flowers on each plant, all at one time, hundreds before the season is over.

The flowers of the new Shilka are delicately fragrant, a remarkable attribute to an already beautiful flower. Many of the blossoms come double.

The foliage, like other Irises, is attractive all through the season, in beds or in border plantings.

Everyone who likes Irises should plant this newest and finest, Shilka Iris.

2 Yr. Size, 65c each; 3 for \$1.45; 10 for \$3.45 Postpaid

QUALITY PLANTS AT PRICES YOU CAN AFFORD TO PAY

Zilke's Ornamental and Flowering Shrubs

FRENCH HYBRID LILACS

Perfected flower types in size, form, freedom and color. These hybrids give a vast amount of fragrant spring bloom in compact panicles and varied shades. The growth is comparatively short and stocky, easily trained into round-headed small tree or mation.

ZILKE'S HYBRID LILACS ARE GRAFTED BY EXPERTS AND WILL NOT SUCKER. DO NOT CONFUSE OUR STOCK WITH ORDINARY PLANTS.

PRESIDENT GREY—A clear, soft, delicate blue. Has immense panicles which are extremely double and symmetrical. Considered one of the best varieties. Heavy 3 yr. plants, \$1.00 each; 3 for \$2.70.

CHAS. JOLY—One of the best double purple-red Lilacs. Blooms are large and held erect well above the foliage, creating a very striking effect. Heavy 3 yr. plants, \$1.00 each; 3 for \$2.70.

MME. LEMOINE—A very large double rich creamy white. Heavy 3 yr. plants, \$1.00 each; 3 for \$2.70.

French Hybrid Lilac

MOCK ORANGE (Virginal)—Blooms throughout the season. This wonderful Mock Orange is without question one of the most wonderful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. Transplanted 2 yr. plants,

12 to 18 inch, 45c each; 3 for \$1.20, transplanted 18 to 24 inch, 65c each; 3 for \$1.80; transplanted 24 to 36 inch \$1.10, 3 for \$2.95.

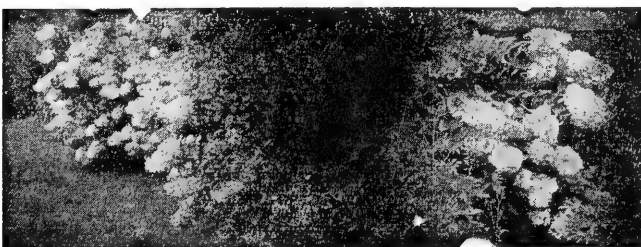

Mock Orange
(Bouquet Blanc)

MOCK ORANGE (Bouquet Blanc)—Ever blooming. Grows 8 to 10 ft. high and produces clusters of fragrant double flowers in June and later, also intermittently until fall. Plant 5 feet apart; ordinary soil; ordinary moisture, sun, or partial shade. Prices: Transplanted 18 to 24 inch plants, 70c each; 3 for \$1.95; heavy transplanted 24 to 36 inch, \$1.00 each; 3 for \$2.75.

TRUE BLUE HYDRANGEA—You must have at least two of these lovely colored Hydrangeas! Plant them two feet apart. They grow about two feet tall. Increase in beauty each year. Blooms pink on the new wood, blue on the old wood. Sometimes old wood freezes back in winter but roots are hardy and throw up new growth in spring. Light mulching helps in colder climates. Likes sun or semi-shade. Prefers acid soil. Field grown plants, \$1.50 each; 3 for \$3.75. These are not little potted plants.

HYDRANGEA P. G.—Flowers in August and September with huge panicles, sometimes a foot long. Blooms are first a delicate pink, turning to bronze in early autumn. Fine winter decoration if flowers are allowed to dry on bush. Transplanted 2 yr. 12 to 18 inch, 65c each; 3 for \$1.80; 18 to 24 inch plants, 85c each; 3 for \$2.40; 2 to 3 ft. \$1.15 each; 3 for \$3.00.

PERSIAN LILAC—The sure blooming lilac. Grows 6 to 8 ft. These new "sure bloomers" are like Grandmother grew—except these will bloom the first year after planting. No need to wait 3 or 4 years for your lilacs to bloom. These are hardy as all lilacs, graceful, don't sucker, extremely fragrant. Reddish purple flowers during April and May. Heavy 18 to 24 inch transplants, 70c each; 3 for \$1.95.

Hydrangea P. G.

FRENCH PUSSY WILLOW—Not the wild pussy willow but a cultivated variety that has made a sensation wherever it has been shown. Branches of this variety have been selling at retail during the winter months in cities at from \$1.00 to \$2.00 per dozen. You can grow them on your lawn. Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or back-grounds. Cut the ends of the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 ins. long. They will repay you many times their cost in pleasure. Good 18 to 24 inch plants, 50c each; 3 for \$1.35; 10 for \$4.00; transplanted 2 to 3 ft., 70c each; 3 for \$1.85; extra heavy well developed bushes, 4 yr. old 4 to 5 ft., \$1.50 each; 3 for \$4.00.

FLOWERING ALMOND—Earliest spring-flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height, reaching about 4 feet. 2 yr. 12 to 18 inch plants, 70c each; 3 for \$1.95.

EVERBLOOMING TAMARIX (Summer Glow)—A new variety, by far the best. The silvery blue feathery foliage gives a charming lacy loveliness. Unsurpassed for screen or background. Grows 10 to 12 feet tall but can easily be pruned to a lower height. The attractive wine-red flowers are produced all summer. It is indeed one of the finest shrubs. Moreover it is so easy to grow. Thrives in sun or wet places, in good soil or poor. 12 to 18 inch plants, 70c each.

DOGWOOD OR CORNUS FOR BEAUTIFUL BARK

The Dogwoods are valuable for their foliage in summer, brilliancy of fruits in fall, and highly colored barks in winter. All varieties do well in sun or shade, and afford excellent contrast in shrub groups, while the berries attract birds in fall and winter.

GOLDEN-BRANCHED—6 ft. A broad bush with bright yellow bark. Strikingly conspicuous when combined with the red barked varieties. Small white flowers; white berries. Very attractive. Prices: Heavy 24 to 36 inch plants, 85c each; 18 to 24 inch size, 65c each; 3 for \$1.80.

RED-BRANCHED—8 ft. Bright coral-red bark. Yellowish white flowers in spring and a profusion of bluish white berries in the fall. Prices: Heavy 24 to 36 inch plants, 85c each; 18 to 24 inch size, 60c each; 3 for \$1.50.

MAKE YOUR HOUSE A HOME - PLANT SHRUBS

THE BUTTERFLY BUSH

OR SUMMER LILAC FAMILY

ILE DE FRANCE—Large flowers of rich deep purple, borne in long panicles. 65c each; 3 for \$1.80.

PINK CHARMING—The nearest to a pink of any variety thus far produced. Has exceptional value for house decoration. 2 yr. plants, 75c each; 3 for \$2.10.

Pink Weigela Rosea

WHITE SNOWBANK—A new white beautiful Buddleia carrying 8 to 12 inch spikes of fully rounded-out blooms. Splendid for cut flower purposes. Prices: 2 yr. plants, 75c each; 3 for \$2.10.

DUBONNET—A new dark wine dubonnet Buddleia with firm, large spikes and individual flowers of large size that do not sunburn. One of the best in its color. 2 yr. plants, 65c each; 3 for \$1.80.

ORCHID BEAUTY—An orchid pink with brilliant, orange eye and flowers heading up to 24 inches in length, broad at base. Excellent for

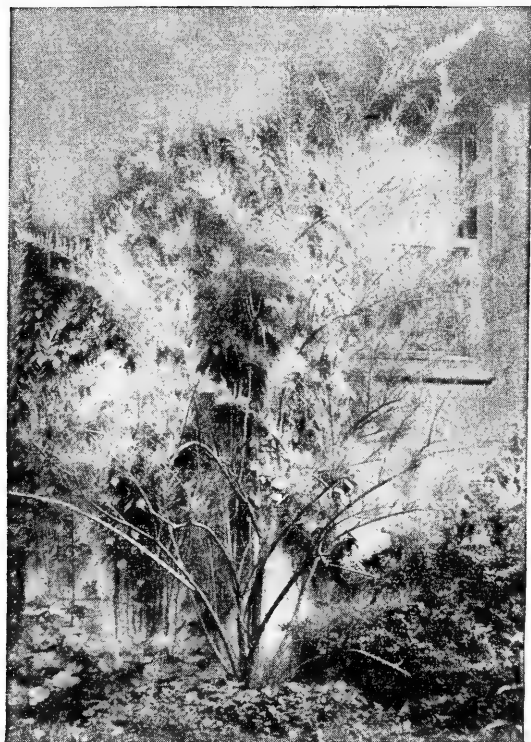

cut flowers. New and good. Heavy plants, 70c each; 3 for \$1.95.

RUSSIAN OLIVE—Rugged, treelike shrub, growing 10 to 12 feet high. Foliage is a beautiful, silvery gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, followed by ornamental yellowish-brown fruits with silvery scales. Heavy 18 to 24 inch plants 60c each; 3 for \$1.65; Extra heavy 2 to 3 feet, 75c each; 3 for \$2.10.

WEIGELA BRISTOL RUBY

Best Red Weigela Grown—Flowers Throughout Summer and Fall!

Hardier and more vigorous than all other red Weigelias; makes a shapely, thrifty plant with attractive rich green foliage. Color of bloom is a soft ruby-red shading to garnet-crimson. Attains a height of 6 to 7 feet at maturity; requires very little pruning because it flowers well from old wood; no die-back or uneven growth. Heavy 18 to 24 inch, 85c each.

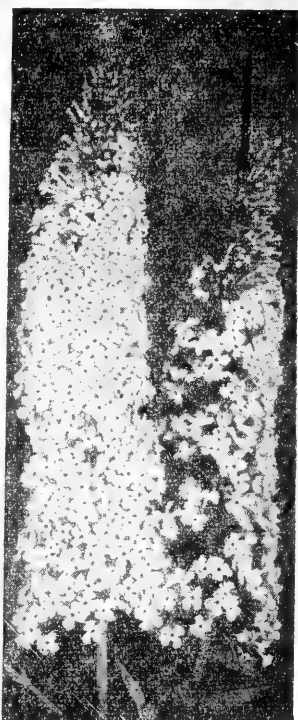

Tamarix Hispida

GOLDEN BELL

FORSYTHIA

FORSYTHIA OR GOLDEN BELL — EARLY SPRING BLOOM

Earliest blooming, lights up the landscape with glinting yellow before the leaves appear. Flowers often come out before the snow is gone. This is the large flowering variety, having flowers twice the size of the older kinds. Thrives in any locality. Grows 8 to 10 feet tall. May be pruned. 2 yr. 18-24 inch, 55c each; 3 for \$1.50; 10 for \$4.00; Heavy 2-3 ft. 70c each; 3 for \$1.95; Extra Heavy 5 yr., 5-6 ft., \$2.00 each; 3 for \$5.00.

White Snowbank

TAMARIX

HISPIDA—The new bright pink. This is by far the best Tamarix and as a matter of fact is one of the finest of all shrubs. It grows 10 to 12 ft. tall if not pruned, but it can be kept down to any desired height. It grows in sun or shade, in wet or dry places. The fine, feathery foliage is silvery-blue. Bright pink flowers appear more or less regularly all summer. 18 to 24 inch, 65c each; 3 for \$1.80.

SPIREA

FROEBELI—Red foliage in spring. If people knew this shrub better, it would be planted in large numbers. It makes a low, compact bush 3 to 3½ feet tall. In the spring and fall, the foliage is a striking maroon color. In May-June, it is covered with clusters of bright rosy-pink flowers, and occasional blooms through the summer. An ideal border shrub in front of taller shrubs. Absolutely hardy, grows everywhere, lasts a lifetime. 15 to 18 inch plants 65c each; 3 for \$1.80.

HEAVENLY BLUE SPIREA — Dwarf grower; somewhat perennial-like, since in this locality the tops die back to the ground each winter, but reappear promptly on the approach of Spring, affording an abundance of pleasing blue flowers throughout the Summer. Strong 2 year plants 65c each; 3 for \$1.80.

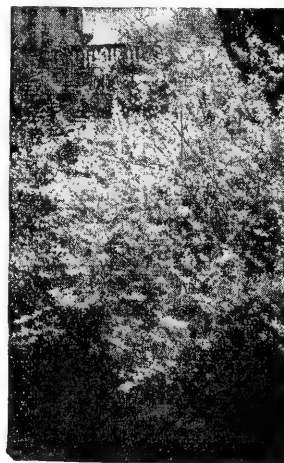

PINK WEIGELA ROSEA—The big round, dense, dark green shrub with hundreds of pink blossoms in June. Foliage rich and heavy. For breath-taking beauty this shrub can't be surpassed. Grows 4 to 6 feet. 2 year 18-24 inch 60c each; 3 for \$1.65; 3 year 2-3 ft. 80c each; 3 for \$2.25.

RED HONEYSUCKLE

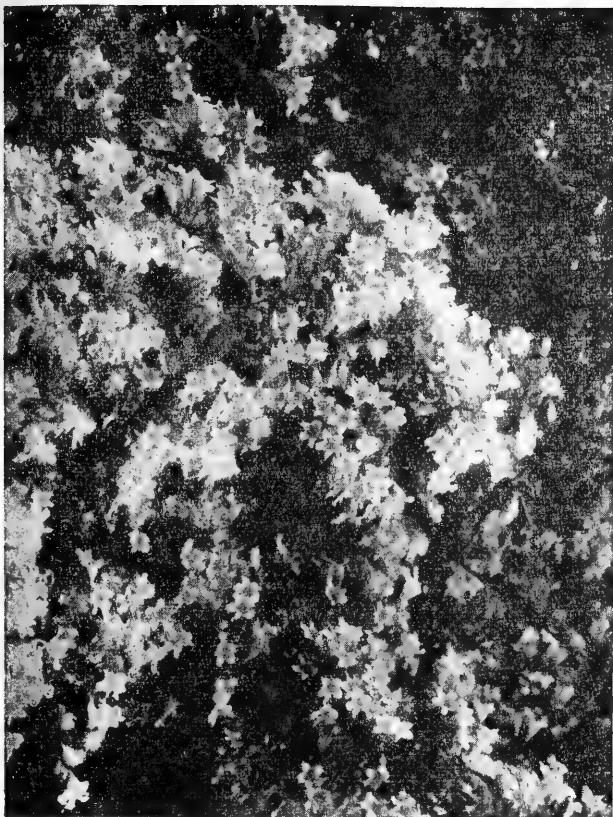

Get This Beautiful New Bush Honeysuckle Perfectly Hardy

This remarkable shrub will thrill you with its wonderful deep green foliage, its quick sturdy growth, its hardiness and its free blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. It thrives in most any location or in most any type soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height 8 feet. 2 year 18-24 inch 65c each; 3 for \$1.80; 3 year 2 to 3 ft. 85c each; 3 for \$2.35.

ALTHEA—Rose of Sharon. Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. We offer these in red, pink, or purple. Heavy 18 to 24 inch shrubs, 65c each; 3 for \$1.80. State Color Wanted.

Golden Bell Forsythia

Beauty Bush

HYDRANGEA, A. G.

HILLS OF SNOW—This magnificent hardy shrub is of the very finest, similar to old Snowball in flower but larger. Flowers large and very white, extra good for hedging and porch and group planting. 2 year transplanted, 12-18 inch plants, 65¢ each; 3 for \$1.80; Strong 18-24 inch, 85¢ each; 3 for \$2.40.

WITCH-HAZEL

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch-Hazel flouts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch-Hazel will be an interesting and valuable addition to any shrub border. Grows 4 to 5 feet high. 12 to 18 inch plants, 65¢ each; 3 for \$1.80.

IMPROVED CORALBERRY—A 5 to 6 foot shrub with delicate, little pink flowers against a reddish green foliage, followed by coral colored berries that remain most of the winter. Keep birds near, with abundance of these berries. Price: 60¢ each; 3 for \$1.65.

VARIEGATED DOGWOOD (Elegantissima) — Handsome foliage has a creamy white edge; splendid as a specimen or in group plantings. Bright red bark; flowers in early summer followed by berries. 4-6 ft. at maturity. Ideal for the north side or other shady spot. Transplanted 15 to 18 inch, 75¢ each.

GRAY DOGWOOD—10 to 12 ft. clusters of white, winter berries on red stems. Of rather upright growth. Splendid for mass plantings. Heavy 15 to 18 inch, 60¢ each; 3 for \$1.65.

ILEX-VERTICILLATA (Common Winterberry)—6 to 8 ft. The deep red berries, carried in abundance by this shrub, make it a very beautiful picture, continuously from early winter right up until February. A native deciduous shrub which succeeds in both swampy and dry soil. Heavy 15 to 18 inch, 70¢ each; 3 for \$1.95.

BEAUTY BUSH

Fragrant. For semi-shade or full sun. The gracefulness of the plant and its free flowering habit makes the Beauty Bush (*Kolkwitzia*) one of our finest flowering shrubs. It grows to about nine feet with the inner stems erect and the outer ones arching to the ground. Fragrant pink, tubular-shaped flowers are produced in abundance along the entire length of the branches. Makes an excellent lawn specimen or may be planted in the tall border. Perfectly hardy and will do well in semi-shade or full sun. 2 year 12-18 inch, 65¢ each; 3 for \$1.80; 18-24 inch plants, 85¢ each; 3 for \$2.40.

HIGH BUSH CRANBERRY

VIBURNUM OPULUS—A magnificent upright, spreading shrub. Has gray branches and bright green foliage which makes a rich setting for its many white clusters of flowers followed by large bunches of crimson berries, which remain on the bare branches far into the winter. Strong, 18 to 24 in., bushes, 65¢ each; 3 for \$1.80.

GREEN LEAF BARBERRY

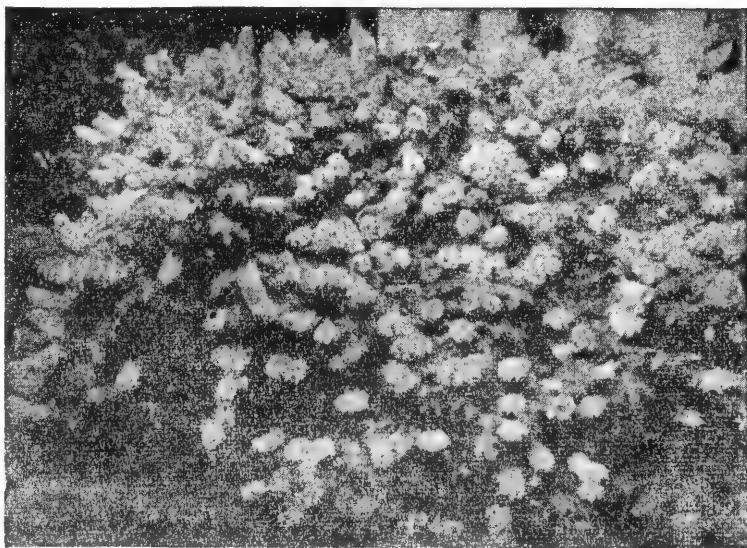

The Improved Barberry that is entirely free from rust and may be planted in any state. A beautiful plant, whether used for group planting, shrub masses or hedges. Foliage bright green, turning to reddish bronze in fall. Brighter colors obtained in a sunny location. Branches loaded with scarlet berries in fall that are retained during the winter. Heavy 3 year transplants, 12-18 inch, 3 for \$1.05; 6 for \$1.80; 10 for \$2.75; 25 for \$6.25; Extra Heavy 4 year transplants, 18-24 inch, 55¢ each; 6 for \$3.00; 10 for \$4.50. Our Barberry is 4 years old, heavy-rooted and well branched. (If you want 2 year transplants for hedging see page 43).

NEW GOLDEN PRIVET

New hardy privet that carries golden-yellow leaves, providing a wealth of interesting contrasts from early spring until late fall. Develops a neat compact shrub that can be trimmed into any shape. The bright yellow foliage, making it a fine specimen or as a color accent in the shrub border. Suitable for use as an individual shrub, or for hedging. Strong 12 to 15 inch plants, 60¢ each; 3 for \$1.65; 10 for \$5.00.

OAK LEAF HYDRANGEA

A rather new and rare shrub that is a joy to behold. In June it has superb panicles of white flowers, often a foot long. The foliage resembles oak leaves and is attractive all season, especially so in the fall when it colors a glorious deep, rich crimson. It makes a large, spreading bush 5 to 6 feet tall and 8 to 10 feet wide at maturity. It will certainly be the center of attraction in your yard. Grows in sun or partial shade and is perfectly hardy. 12 to 18 inch plants, 55¢ each; 3 for \$1.95.

Oak Leaf Hydrangea

BEAUTIFUL FLOWERING SHRUBS

GIANT BEAUTIFUL BLUE ALTHEA

This gorgeous, unusually attractive shrub is truly an Aristocrat. It is exceedingly beautiful and picturesque. This rare new variety flowers late in summer after most other shrubs are out of bloom. The large flowers are often three inches across, and every branch is completely covered with lustrous lovely blue flowers from June until frost. Unlike most other flowers as the season advances it becomes more gorgeous and the vivid pure blue becomes more outstanding. Here is a shrub that will thrive under the most unfavorable conditions. It is not particular of the kind of soil, does well in low damp places and thrives in poor soil where there is but little moisture. It adapts itself to either sun or shade. 18-24 inch transplants, 65c each; 3 for \$1.80.

CALYCANTHUS (The Sweet-Scented Shrub)—A fragrant shrub with chocolate colored flowers and shiny green leaves. Blooms nearly all summer. Grows to a height of about 8 to 10 feet. Should be set 4 to 5 feet apart in ordinary soil. 10 to 15 inch transplants, 50c each; 3 for \$1.35; 18-24 inch plants, 65c each; 3 for \$1.80.

The Sweet-Scented Shrub

Zilke's Genuine Smoke Tree

feathery masses of tiny blue flowers, giving the entire tree the appearance of a dense cloud of smoke—a truly beautiful sight on any lawn. Do not confuse this with Cotinoides, an inferior southern species, frequently offered, but which is not the true Smoke Tree, and which is always unsatisfactory. Our stock is guaranteed true Rhus Cotinus—all Michigan grown. Transplanted 12 to 18 inch, 60c each; 3 for \$1.50; 18 to 24 inch, 85c each; 3 for \$2.40; Heavy 2 to 3 foot, \$1.35 each; 2 for \$2.50; Extra Heavy 3 to 4 foot \$2.00 each.

WEIGELA EVA RATHKE—Bright red, bell-like flowers cover the plant in June and keep coming off and on all summer. Valuable in any planting for its big, dark green, glossy leaves. Best in partial shade. Grows 3 to 5 feet. Heavy 18 to 24 inch Transplants, 75c each.

Spiraea Van Houttei

Good rooted well branched 18 to 24 inch plants, 3 for 90c; 10 for \$2.75; 2 to 3 foot plants, 45c each; 3 for \$1.20; 10 for \$3.50; Heavy 3 to 4 foot bushes 65c each; 3 for \$1.75; 10 for \$5.00.

MOSS LOCUST—Sacred to Masonry. Elegant shrub with light green pinnate leaves and long, graceful clusters of pea-shaped, rose-pink flowers during the months of June and July. A beautiful plant for cemetery plantings. 15 to 18 inch, 70c each; 3 for \$1.95.

RED LEAF BARBERRY—There is nothing so strikingly brilliant in hardy shrubbery as our genuine true-red strain of Red-Leaf Barberry. Its abundance of thick, purplish-maroon leaves glisten in the sun, contrasting with the green and yellow of other plants. Valuable for single specimens, corner groups, and solid border hedges. Leaves bud out early in spring and remain into winter. Bush is covered with red berries which last all winter.

OUR RED BARBERRY IS 4 YEARS OLD TRANSPLANTED, HEAVY ROOTED, WELL BRANCHED. (If you want 2 year plants, see page 43)

SMOKE TREE or Purple Fringe (Rhus Cotinus)—One of the most picturesque and unusual of the small ornamental trees. Its beautiful foliage of dense green is surmounted in autumn with loose,

DEUTZIA PRIDE OF ROCHESTER—Beautiful charming white flowers, tinted pink outside, cluster thickly all along the branches in June. Wonderful for cutting. Long narrow, green leaves. Grows 5 to 6 feet. Trim as desired. 18 to 24 inch blooming age shrubs, 50c each; 3 for \$1.35.

SNOWBALL—The well known favorite, prized by every gardener. It really is one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. Valuable for specimen plants and also for grouping and massing. 2 year, 12 to 18 inch plants, 75c each; 3 for \$1.95.

RED JAPAN QUINCE (Burning Bush)—Very early in the spring, this fine, attractive shrub is completely covered with dazzling scarlet flowers, followed by small fragrant, quince-shaped fruits. Foliage is dark, glossy green. Very desirable for single specimens; also hedges. Grow 5 feet tall. 2 yr. 2-3 ft. plants, \$1.00 each; 2 for \$1.85; 12-18 inch, 60c each; 3 for \$1.65.

SIBERIAN PEA SHRUB—Tall shrubs, 10 to 12 feet high, with bright green, compound leaves and many small clusters of yellow flowers in May and June. Useful for group or background planting. Hardest and best hedge shrub for the Northwest. 2 year, 18 to 24 inch plants, 65c each; 3 for \$1.80.

NEW RED SPIREA—A crimson flowered, dwarf variety, makes low compact bush, never getting higher than 24 inches. Is used for low work such as putting in front of larger plants for border. Is covered with red blossoms, very attractive plant. Heavy 12 to 18 inch plants, 70c each; 3 for \$1.95.

Red Japan Quince

Winterberry

WEIGELA, HENHERSONI—This is one of the hardiest of the Weigela. A splendid shrub; produces quantities of light crimson flowers, during May and June. Grows to about 7 feet in height. 3 yr. transplanted, 3 to 4 ft. plants, \$1.00 each; 3 for \$2.50.

RICHMENSIS SPIREA—Grows to a height of about 5 feet and carries broad spikes of beautiful bright pink flowers amid graceful foliage. Heavy 12 to 18 inch, 65c each; 3 for \$1.75.

CRAPE MYRTLE (*Lagerstroemia Indica*)—Classed by many as the finest flowering garden shrub. Often known as the Lilac of the South. Fully hardy as far north as northern Maryland. In more northern locations it dies back to the ground each winter, but as it is the habit of Crape Myrtle to bloom on new wood, the new canes that sprout from the vigorous root system each spring are a mass of flowers by mid-summer, the blooms are large rich in color and very attractive. Your choice of red, pink or purple, 2 yr. plants, 70c each; 3 for \$1.95.

AZALEA MOLLIS—Truly one of the aristocrats of the flower family, absolutely hardy, and covered with a mass of orange and yellow blossoms in May and early June before the leaves appear. Azalea Mollis is a most strikingly beautiful shrub on our grounds and attracts more attention through the month of May than anything else in our gardens. Plant as a border or in beds by themselves. These plants are loaded with flowers buds. Heavy 8 to 12 inch plants, \$1.35 each; 3 for \$3.85.

WEeping FORSYTHIA (*Suspensa*)—Blossoms in April before the leaves unfold; spring is surely here when the countryside is golden with these flowers. This is the drooping or weeping-form, although some branches are a little upright. The flowers are gold, four-petaled, produced in clusters of one to three, sometimes more. The leaves are opposite, oblong-oval, coarsely toothed, sometimes three-parted. 2 yr. 18 to 24 inch plants, 60c each; 3 for \$1.65; 10 for \$4.75; transplanted 2 to 3 ft. plants, 75c each; 3 for \$2.00.

SPIREA PRUNIFOLIA (The True Old-Fashioned Bridal Wreath)—Small tight pure-white blooms borne in great profusion in early spring. Glossy, round green leaves during the summer, which turn to pleasing shades in autumn. Tall, upright growing shrub, reaching a height of 8 feet when fully matured. Very hardy. 2-yr., 18 to 24 inch shrubs, 65c each; 3 for \$1.80.

RED SNOWBERRY SHRUB—This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blossoms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. 2-yr. plants, 65c each; 3 for \$1.80.

TAMARIX AFRICANA—Tall shrub, 8 to 10 feet high, with fine, feathery foliage and small, bright pink flowers, in slender racemes in April and May. Splendid for planting in damp or other places. Ideal for tall hedges. 2 yr. 18 to 24 inch, 65c each; 3 for \$1.80.

GOLDEN SPIRAE (or Yellow Ninebark *Physocarpus Opulifolia aurea*)—Most attractive shrub with striking foliage of bright yellow, changing to golden bronze in autumn. Has numerous white flowers in June, followed by contrasting red fruits. 2 yr. 18 to 24 inch, 65c each; 3 for \$1.80.

WORLD'S FINEST IRIS COLLECTION

12 ALL-DIFFERENT IRIS, \$2.50

We will select 12 all different varieties, our selection will include all colors. Plants will not be labeled as to variety or color. If we could illustrate this collection in color, you would be more than delighted with the dazzling beauties. If you enjoy beautiful Iris and do not care about named varieties, you should by all means have this special assortment.

12 Iris Collection Special, \$2.50 Postpaid.

BEAUTIFUL HARDY FERNS

Many people ask us, "What can I plant in shady places? One of the very best plants is our Hardy Ferns. That is their natural home as they thrive in shady places. The most beautiful and natural effects can be produced by planting in shady banks and around porches, where the sun does not reach. They do well in any good well drained soil and require no care.

MAIDEN HAIR—Most attractive of our Native Ferns. Black stems with delicate green fronds. Likes moist spots. Grows about 2 foot tall. 50c each, 3 for \$1.25, Postpaid.

OSTRICH PLUME—Very graceful with finely cut pinnules. Grows 2 to 4 foot tall. 50c each, 3 for \$1.25, Postpaid.

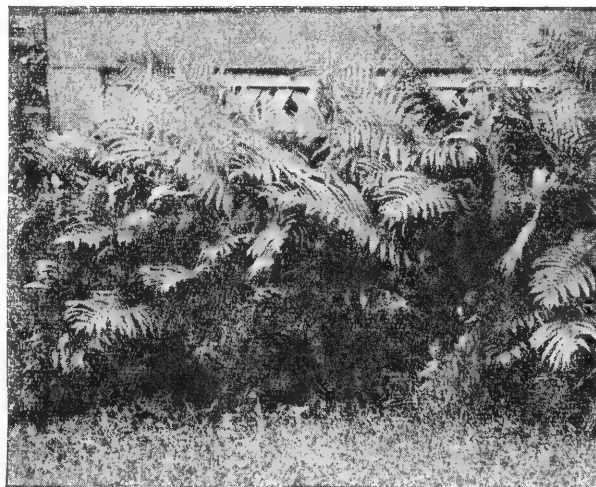

INTERRUPTED—Found in rather dry, shaded places. Does well under cultivation and in window boxes. Grows about 3 feet. 50c each, 3 for \$1.25, Postpaid.

GOLDIE WOOD—This is an evergreen variety. Grows to about 2 feet. 50c each, 3 for \$1.25, Postpaid.

Zilke's Shade and Ornamental Trees

SILVER MAPLE—A very fast growing tree, round to oval in outline, with finely cut leaves, silvery underneath, which turn in fall to a beautiful, clear yellow coloring often brightened with brilliant red. The Silver Maple is not particular as to soil conditions and will thrive in moist or wet locations. 2 yr. 3 to 4 ft. trees, 65c each; 3 for \$1.80; 5 for \$2.75; 10 for \$4.75; 2 yr., 4 to 5 ft. 85c each; 3 for \$2.25; 5 for \$3.50; 10 for \$6.25; 3 yr. 5 to 6 ft. \$1.20; 3 for \$3.30; 5 for \$5.00; 10 for \$9.00; 4 yr. 6 to 8 ft. \$2.00 each; 3 for \$5.50.

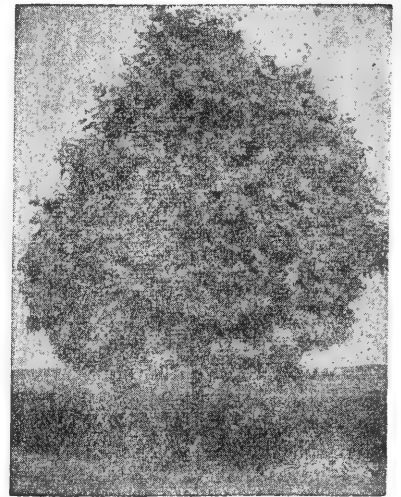

Chinese Elm

CHINESE ELM (*Ulmus pumila*)—Very rapid grower. Will give ample shade in only 5 or 6 years from planting. Has dense, dark green foliage; is first shade tree to leaf out in the spring, and the last to shed its leaves in the fall. Resists drought and cold, and succeeds in all parts of the United States. Does well in all soils, except on low wet ground. 2 yr. 3 to 4 ft. trees, 65c each; 3 for \$1.65; 2 yr. 4 to 5 ft. trees, 85c each; 3 for \$2.40; 3 yr. 5 to 6 ft. trees, \$1.75 each; 3 for \$4.50; 4 yr. 6 to 8 ft. trees, \$2.35 each; 2 for \$4.50.

PRUNUS NEWPORT—This lovely small tree is excellent for the lawn. It retains its purplish red color during the summer and has scores of red fruits in the early fall. Very attractive, either singly or in group plantings. Heavy 3 to 4 foot trees, \$2.00 each.

RED FLOWERING DOGWOOD—A symmetrically spreading tree growing to height of about 20 feet. The large, reddish pink flowers produce a contrast of loveliness against the fresh new green of an early lawn. Its deep green foliage turns to a rich bronzy red in the autumn. Most popular of all the Dogwoods. 2 yr. 18 to 24 inch, \$2.00 each; 2 for \$3.75; 3 yr. 2 to 3 ft. trees, \$2.75 each.

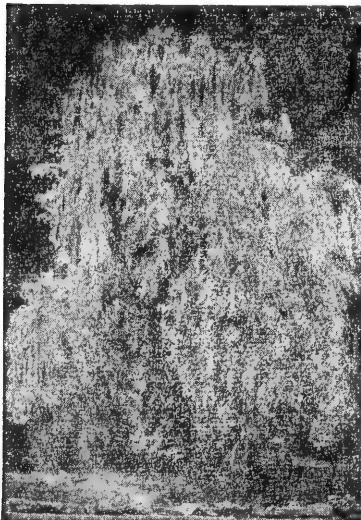

Silver Maple

LOMBARDY POPLAR—No other tree so stately and artistic for accent purposes. Plant in groups of 3 or 5, or in rows 2 to 5 feet apart. Marvelous for backgrounds and windbreaks, and planted along drives. Plant between fields to keep soil from blowing. Trees are branched from the ground up. Keep narrow columnar shape without pruning. Rapid growers on any soil. 3 yr. 5 to 6 ft. trees, \$1.00 each; 3 for \$2.70; 5 for \$4.00; 3 yr. 6 to 8 ft. \$1.35 each; 3 for \$3.75; 5 for \$5.50; 4 yr. 8 to 10 ft. \$1.75 each; 3 for \$4.80; 5 for \$7.25.

CORRECT PLANTING BOOKLET

Sixteen pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Included FREE with your order.

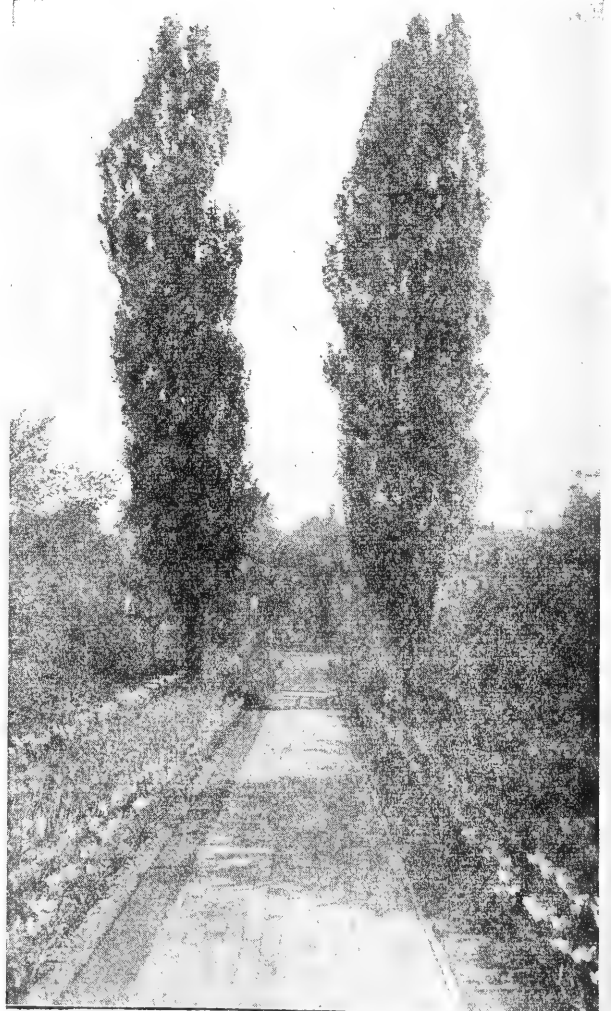

WHITE FLOWERING DOGWOOD—The rare beauty of Dogwood in Spring when it is white with bloom, or in Summer with its dark green foliage changing in the Fall to gorgeous reds, is hard to equal; it is one of the loveliest of trees. The spreading branches grow horizontally and slightly upward from the trunk, conspicuous flowers, appearing early in the Spring are 3 to 3½ in. in diameter. A Dogwood makes a beautiful lawn shrub border specimen, and is valuable where its native woods habitat can be copied. 2 to 3 ft., \$1.75 each; 2 for \$3.00; 18 to 24 inch, 85c each; 2 for \$1.50.

Weeping Willow

WISCONSIN WEEPING WILLOW—Long fine leaves born on sweeping branches that reach to the ground when trees are a few years old. Trees grow to a great height and become very picturesque. Grow rapidly. 3 yr. 4 to 5 ft. trees, 85c each; 3 for \$2.40; 5 for \$3.25; 3 yr. 5 to 6 ft. trees, \$1.15 each; 3 for \$3.00; 5 for \$4.45; 4 yr. 6 to 8 ft. trees, \$1.75 each; 3 for \$4.50.

For Discounts See Page 3

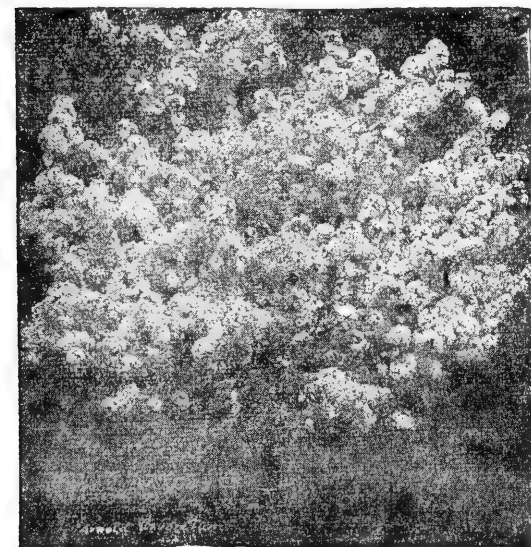

Lombardy Poplar

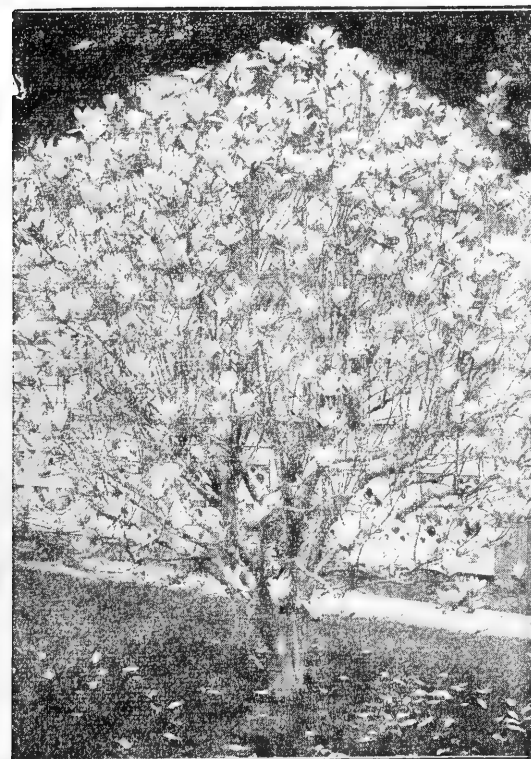

DOUBLE FLOWERING CHERRY "KWANZAN"—The loveliest of all the flowering trees. Fast growing tree and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms. For planting along driveways it makes a delightful approach to any home. Plant 15 to 18 feet apart. 2 yr. Transplanted Trees, 2-foot. \$2.35 each.

RED BUD—When you see this magnificent tree in full bloom, a solid mass of cerise-pink flowers, against the blue of a spring sky, you are seeing one of the most lovely sights in all nature. It grows only 10 to 12 feet tall. The glossy heart-shaped leaves turn yellow in the fall. Heavy 2-3 ft. transplanted trees \$1.00 each; Heavy 18 to 24 inch, 75¢ each; 2 for \$1.25.

FLOWERING HOPA CRAB TREE—The finest flowering ornamental, low-growing-tree—beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring it is simply covered with the fragrant, bright pink flowers. In late summer and fall, the clusters of small fruits turn a bright red. The foliage is a rich maroon in spring. It is perfectly

Hopa Flowering Crab

Magnolia Soulangeana

hardy, easy to grow, growing even on the poorest soil with scarcely any care or attention. 2 yr. 4-5 ft. trees, \$1.45 each; 3 for \$3.90; 3 yr. 5-6 ft. trees, \$1.95 each; 3 for \$4.95; 3 yr. 6-8 ft. trees, \$2.65; 3 for \$7.05.

MAGNOLIA, SOULANGEANA—This is the most popular hardy Magnolia. One of the first trees to bloom, the delightfully fragrant flowers appear before the leaves. They are pink in the bud and white when fully open. The blossoms are large, often 8 inches across. The foliage itself is attractive, a rich, waxy green. The tree seldom grows more than 10 feet tall and starts blooming before it is 3 feet tall. Most of the young trees we send out have bloom buds on them. It is a strikingly beautiful, low growing, flowering tree for the lawn. 2 yr. 18-24 inch plants, \$3.00 each; 2 for \$5.50; Heavy 3 yr. 2 to 3 ft. plants, \$4.00 each; 2 for \$7.50.

MOUNTAIN ASH—Dazzling orange berries, the most beautiful lawn specimen tree! You'll want two in the front yard to balance your planting. Large clusters of orange berries remain throughout winter brightening the landscape. Graceful branches of fancy leaves thickly clothe mature specimens. Grows about 40 feet in height at maturity. Shapely oval head. 3 yr. 4-5 foot trees, \$1.85 each; 3 for \$5.10; 4 yr. 5-6 foot, \$2.35 each; 3 for \$6.00; 4 yr. 6-8 foot, \$3.15 each; 3 for \$8.25.

CUT-LEAF WEEPING BIRCH—No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. 3 yr. Transplanted, 5-6 ft. trees, \$3.50 each; 2 for \$6.50.

NEW REDVEIN CRAB—Extra large red flowers. A large growing Russian Turkestan variety. Has remarkable large red flowers in April followed by large purplish-red fruit and leaves. 2 yr., 4-5 ft. trees, \$1.45 each; 3 for \$3.90; 3 yr., 5-6 ft. trees, \$1.95 each; 3 for \$4.95; 3 yr., 6-8 ft. trees, \$2.65 each; 3 for \$7.05.

PAUL'S DOUBLE SCARLET THORN—(Crataegus oxyantha pauli) This is one of the most attractive small trees for either single specimens or group planting. A hardy tree with rich, luxuriant foliage. Flowers, a deep crimson—scarlet, and very double, occur in great profusion, followed by showy red berries. As spectacular in fruit as when in bloom. Strong 4 to 5 foot trees each, \$2.50.

Flowering Cherry

ORDER EARLY SEE PAGE 3

Cut-Leaf Weeping Birch

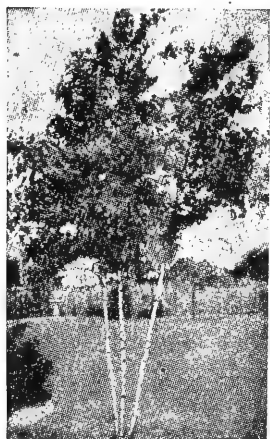

RED FLOWERING PEACH—During the early spring the flowering peaches are covered with a mass of beautifully formed and highly colored double flowers. These trees cannot be too highly recommended. Perfectly hardy, thriving in any soil in which other peaches grow. Prices: 3-4 ft. trees, \$1.50 each; 4-5 ft. trees, \$2.00 each.

MAY DAY TREE—First tree to leaf out in spring, and first to bloom, providing masses of pure white flowers the first day of May. Blooms followed by small, edible fruits attractive to song birds. Rapid grower. Hardy anywhere. Well branched. 18 to 24 inch trees, \$1.00 each.

NORWAY MAPLE—Used on many of our streets, as well liked for its pleasing and familiar symmetrical, dome-shaped head and ability to grow under city conditions. Its dense leaves are rich green in color, held on the tree longer in the fall than most Maples without much change in color. A good tree for street or lawn specimen planting where good form and shade are needed. Reaches a height of 60 feet. 4 foot trees, \$1.25 each; Transplanted 6 to 8 foot, \$3.00 each.

ROSE TREE OF CHINA (*Prunus Triloba*)—The flowers on this small-growing tree are like the Flowering Almond—double, rose-like, and hugging the naked branchlets so closely and so profusely it is impossible to see the branches; and a bright shade of pink. Hardy and seldom grows taller than 8 feet. 2 yr., 2 foot tall, \$1.00 each.

BIRCH CLUMPS—Picture if you can three beautiful White Birch trees all growing from the same root system. A massive, established effect is secured right from the time of planting which is greatly enhanced as the tree grows and develops in size. Birch Clumps are a rare and outstanding novelty, only recently available to the buying public. Heavy rooted, 5-7 ft. trees, \$4.50 each.

Birch Clumps

PURPLE LEAF PLUM (*Prunus Cistena*)—Shows more red in colored leaves, lower growth and more compact than the common variety; glossier leaves. The dwarf tree comes out red in the spring, stays red all summer, and bronze-red in the fall. Beautiful single, pink flowers in May. 2 yr., 24 inch plants, \$1.00 each.

European White Birch

Norway Maple

BECHTOL'S FLOWERING CRAB—Large clusters of exquisite soft pink flowers that resemble Pinocchio roses in bud and flower. Handsome, dwarf, compact trees have great profusion of blooms year after year. Heavy 3 to 4 foot trees, \$2.00 each.

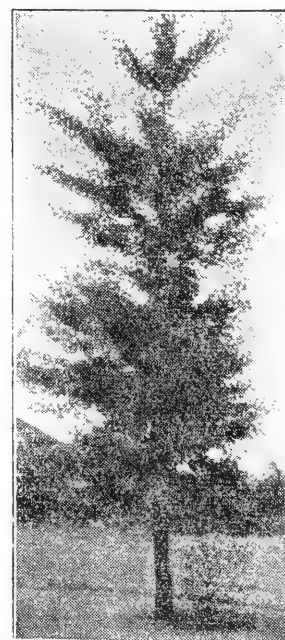

**FREE Cultural Instructions
Included With Every Order**

GINKGO (or Maidenhair Tree)—“The Oldest Tree Known to Men”. Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost invaluable. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall. 2 yr. transplanted trees, 2-3 ft. tall, \$1.50 each; 2 for \$2.75.

EUROPEAN WHITE BIRCH—No tree has more individual and distinctive charm than this tall stately White Birch, with its gleaming white trunk and its delicate pendulous branches. The tree grows to a height of 20 to 30 feet, is thrifty, vigorous and upright. It is one of the few shade trees under which grass will make good growth. Complete your lawn with one of these outstanding trees. 2 yr. 4-5 ft. trees, \$1.75 each; 3 for \$4.50; 3 yr. 5-6 ft. trees, \$2.25 each; 3 for \$6.00; 4 yr. 6-8 ft. trees, \$3.25 each; 3 for \$9.00.

Ginkgo

ZILKE'S SELECT FRIENDLY EVERGREENS

Irish Juniper

IRISH JUNIPER—The slender beauty. Erect and slender, formal and columnar in form. Very compact, deep green foliage. Reaches a height of 6 to 7 feet at maturity, but never over 1½ feet in diameter. Most striking spire-like shape of all the evergreens. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50; Heavy 12 to 15 inch trees, \$1.35 each; 2 for \$2.30; Heavy 15 to 20 inch trees, \$1.75 each; 2 for \$3.00.

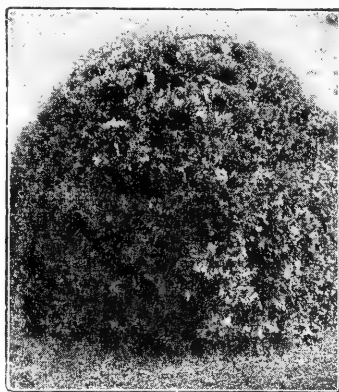

SAVIN JUNIPER—The foundation Evergreen. The favorite trailer—beautiful, dependable, and hardy everywhere. Dark green, tufted foliage covers dense, spreading branches, producing an ideal plant for the foreground, giving the finest sort of finish to foundation groups, parks or formal beds. Endures smoky conditions of the city, at home everywhere. Seldom over 3 feet high at maturity. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50; Heavy 12 to 15 inch trees, \$2.45 each; 2 for \$4.45.

SPINY GREEK JUNIPER—The tree with many points. This beautiful variety forms a tall, beautiful tree; broad base, gradually tapering to a tall, dense conical head. Color is a fine glaucous blue. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50; Heavy 12 to 15 inch trees, \$2.35 each; 2 for \$4.35.

ANDORA JUNIPER—Low growing, spreading dwarf evergreen. Beautiful silvery green in spring, turning to rich purple bronze in autumn. Heavy 12 to 15 inch trees, \$2.35 each; 2 for \$4.25.

SCOTCH PINE—The Lawn Candle Tree. Foliage light green with bluish cast, reddish brown branches form a rounded head, will thrive in almost all soils. Very hardy. 8 to 10 inch transplants, 60c each; 3 for \$1.50.

WOODWARD GLOBE ARBORVITAE—The Perfect Ball Evergreen. This fine globe Arborvitae is becoming one of the most popular varieties due to the fact that it keeps the globe habit without trimming and does well under all conditions. Seldom grows higher than 3 ft. Dense foliage of deep sea-green. Heavy 8 to 10 inch trees, \$1.25 each; 2 for \$2.25.

Woodward Globe Arborvitae

COLORADO BLUE SPRUCE—The Lawn Beauty. Most popular and showy of all Spruces. Silvery foliage. Hardy, good grower, withstands severe winters and excessive moisture. When dormant the tree acquires a somewhat greenish cast, but as soon as the new growth makes its appearance, the full beauty of this glorious tree can be appreciated to the utmost. 6 to 8 inch transplants, 65¢ each; 3 for \$1.65.

PFITZER JUNIPER—Popular Foundation Evergreen. A graceful low growing spreading evergreen with sweeping fronds of fresh green foliage. Very hardy, will do well in shady locations. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.75; 12 to 15 inch trees, \$2.35 each; 2 for \$4.35; Heavy 18 to 24 inch trees, \$4.45; 2 for \$8.35.

PYRAMIDAL ARBORVITAE—The Landscape's Delight. Grows compact and develops naturally into a perfect pyramidal form. Foliage deep green, retaining its color throughout the season. Fine for foundation, group or garden planting. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50. Heavy 15 to 18 inch trees, \$1.95 each; 2 for \$3.75.

JAPANESE YEW

The Very Best Evergreens For Shady Places

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

CUSPIDATA—Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green different from other evergreens. May be sheared for a low hedge, allowed to throw out its graceful wands for informal corner plantings, or kept trimmed back into compact shape. Numerous red berries form and hang close to the branches all winter. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50; Heavy 12 to 15 inch spread trees, \$3.50 each; 2 for \$6.50.

HICKSI—Dwarf, closely columnar form. Foliage the darkest green of the family, and very dense from the ground up. Valuable for accent pieces. Any of the Yews may be sheared either for hedge or for specimens. 8 to 10 inch transplants, 70c each; 3 for \$1.85; 10 for \$5.50; Heavy 12 to 15 inch trees, \$3.50 each; 2 for \$6.50.

NORWAY SPRUCE—The Perfect Christmas Tree. A lofty, noble tree of open, pyramidal habit, exceedingly picturesque. Very popular and effective in evergreen groups, and one of the best evergreens. It is the kind most often used for Christmas trees both when cut and mounted for inside use or planted strategically outside to display the cheery strings of colored lights. 8 to 10 inch transplants, 65c each; 3 for \$1.75; 10 for \$4.75; Heavy 12 to 15 inch trees, \$1.25 each; 2 for \$2.15.

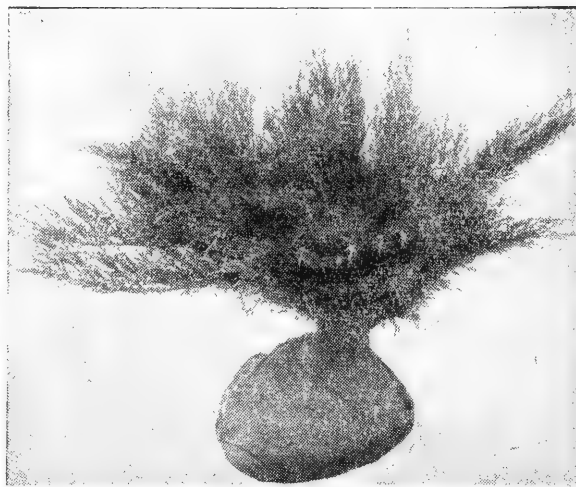

Norway Spruce

MUGHO PINE—The Dwarf Candle Tree. Valuable for all group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a two-color effect. 5 to 7 inch transplants, 65c each; 3 for \$1.80.

PLEASE NOTE

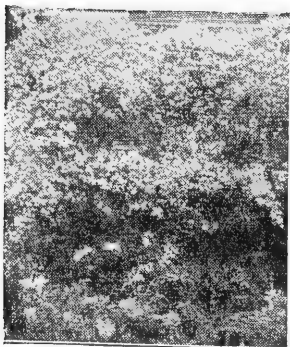

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost parcel post or express shipment.

Pfitzer Juniper

THE BETTER CLIMBING VINES

SILVER LACE VINE

Silver Lace Vine

In a short few years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. 2 yr. vines, 70c each; 3 for \$1.80.

CLEMATIS, EDQUARD ANDRE (The New Red Clematis)—Rare, new, large flowering variety of Clematis—the same type as Jackmani except rich red flowers. Flowers often 4 to 6 inches across. Blooms over a long period and extremely beautiful. By all means, plant one with your purple Clematis. Strong Plants, with 18 inch tops, \$1.25 each; 3 for \$3.35.

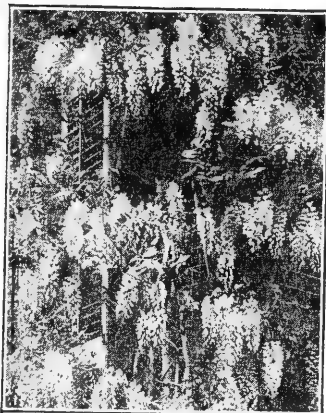

CLEMATIS, JACKMANI (The Large Purple)—Immense, velvety purple flowers in late spring cover this vine entirely. The most sure blooming of all vines, and blooms are extremely large. Grows rapidly, and blooms right away. Strong Plants, with 18 inch tops, \$1.25 each; 3 for \$3.35.

CLEMATIS, RAMONA (New Lavender-Blue)—Large flowers of lavender-blue throughout the summer and autumn. Flowers are well dispersed on the plants, which reach a height of 10 feet. Strong Plants, with 18 inch tops, \$1.25 each; 3 for \$3.35.

CLEMATIS, LINGUINOSA (Best Large White)—Large, glistening white flowers, rich in color and very beautiful. Strong Plants, with 18 inch tops, \$1.25 each; 3 for \$3.35.

BITTERSWEET VINE—The true red berry Bittersweet which is so beautiful in the fall. Foliage is a very attractive glossy green and covered with fiery, orange-red berries. Plant two of these together for pollination if possible. Extra Heavy 3 year plants, \$1.15 each; 3 for \$2.85.

TRUMPET VINE—Graceful orange-red trumpet-flowers measure 4 inches long. Bloom all summer. Ornamental seed pods. Fancy-cut green leaves in abundance. 2 Yr. Plants, 65c each; 3 for \$1.75.

Purple Wisteria

GOLD FLAME HONEYSUCKLE—Immense showy clusters of trumpet-shaped buds and fragrant blooms. Outside petals brilliant flame-pink, while the inside is a creamy golden yellow. Dark glossy foliage. Blooms freely from early spring until cut down by heavy frost. 3 yr. plants, 75c each; 3 for \$1.95; 10 for \$5.50.

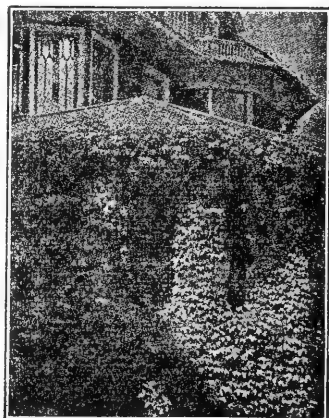

PINK WISTERIA—Hundreds of graceful clusters of lovely pink flowers throughout the summer. 2 yr. vines from blooming wood, \$1.00 each; 3 for \$2.75.

PURPLE WISTERIA—Tall vigorous climber, with long lilac purple flowers, during June and July. 2 yr. plants from blooming wood, 95c each; 3 for \$2.65.

WHITE WISTERIA—This variety produces long, showy white flowers in May. 2 yr. plants from blooming wood, \$1.00 each; 3 for \$2.75.

Trumpet Vine

Boston Ivy

BOSTON IVY—This is the vine that imparts romance and beauty to clap-board cottage and stone mansion alike. It clings closely to any wall, wood, brick or stone, without support. The foliage colors beautifully in the fall. Prefers a north or east side. This is the clinging vine usually seen on buildings. 2 yr. plants, 65¢ each; 3 for \$1.75.

KUDZU VINE—Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in August. Rosy purple, pea-shaped flowers, in small racemes. 2-yr. vines, 50¢ each; 3 for \$1.35.

EVERGREEN BITTERSWEET (Euonymus Vegetus)—A beautiful thick leaved evergreen shrub or vine. Will grow in either shady or sunny location. If planted near a wall, they make a low vine, and if planted in the open, they grow into a low spreading evergreen shrub. They bear bright orange-red berries in the autumn like the wild Bittersweet, the berries remaining on the plant the greater part of the winter. The plants also hold their beautiful green leaves all winter. 2 yr. vines, \$1.25 each; 2 for \$2.00.

Golden Flame Honeysuckle

ZILKE'S NORTHERN GROWN HARDY HEDGE PLANTS

Beautiful Amoor River Privet

ROSA MULTIFLORA HEDGING

LOW-COST, LIVING FARM FENCE

Much has been said about the Rosa Multiflora in the leading farm magazines, its low cost and high value when used as a stock fence or for windbreaks. It is very hardy. Has white blooms in the early spring. The attractive plants grow 6 to 8 feet tall and about 5 to 7 feet wide, does not require clipping or trimming, when used for lawn or hedge can be pruned to any desired height. Grows dense enough to keep all types of animals in their place. Plant this hedging material this spring at our low price. It will take about 3 years before it will turn stock. Plant about 12 inches apart for best results. 12 to 18 inch plants, 12 for \$1.15; 25 for \$1.95; 50 for \$3.65; 100 for \$6.75; 500 for \$30.00; 18-24 inch, 12 for \$1.85; 25 for \$3.15; 50 for \$5.50; 100 for \$9.45.

AMOO RIVER PRIVET—Most popular, low cost hardy hedging for the North. Produces an abundance of dark green, glossy leaves on upright branches. Free from insects and diseases! White flowers in clusters, and berries. Set plants 10 to 12 inches apart. Can be clipped any time during summer and kept desired height and shape. Also used unclipped for foundation plantings around tall buildings, and for screens along alleys. 3 yr. 18 to 24 inch transplanted plants, 10 for \$2.25; 25 for \$5.00; 50 for \$8.50; 100 for \$14.50; 3 yr. Heavy Transplanted, 24 to 30 inch plants, 10 for \$2.65; 25 for \$5.75; 50 for \$10.00; 100 for \$18.50; 3 yr. Extra Heavy, Transplanted, 30 to 36 inch, 10 for \$3.35; 25 for \$7.00; 50 for \$12.50; 100 for \$23.50.

THE RUST PROOF VARIETY

RED BARBERRY—Similar to Green Barberry in all respects except color—is a brilliant red. In early spring, assumes a deep, bronzy red color, which it retains until fall, when it changes to a vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. 2 yr. Field Grown Plants, 9-12 inch, 5 for \$1.45; 10 for \$2.50; 25 for \$5.00; 50 for \$9.00; 100 for \$18.00; 2 Yr. Field Grown, 12-15 inch, 45c each; 5 for \$1.85; 10 for \$3.00; 25 for \$7.00; 50 for \$13.00; 100 for \$24.00.

Lombardy Hedge

LOMBARDY POPLAR—A unique and beautiful living green wall. Set Lombardy Poplars 1 foot apart and cut the tops off straight like a hedge. Makes a solid wall through which no animal can crawl. Hardy, healthy, thrives on poor soil. Branches from ground up. Transplanted trees. For prices see page 38.

DWARF BLUE-LEAF ARCTIC HEDGING

IDEAL LOW BORDER OR EDGE

Charming, low growing plant that is hardy everywhere, and is fine for edging. Very dwarf and bushy, with thick, fine foliage of lovely gray-blue-green. Just the plant for low edgings around beds or along walks, or in the formal garden. Plant 8 inches apart, and can be clipped formally or left natural. Single specimens are delightful in the rock garden. Discovered north of the Arctic Circle, it is supremely hardy and will thrive in almost any soil. Strong 12 to 15 inch plants, 45c each; 10 for \$4.00; 25 for \$8.50; 50 for \$15.00.

RUSSIAN MULBERRY—Hardy in all states—never winter kills. Superior to other kinds, as it makes a dense hedge from the ground up. Unlike most other hedging varieties as to growth and shape of leaves; very attractive foliage, making an outstanding and beautiful hedge, altogether different than old common varieties. Cannot be surpassed for tall hedges to hide unsightly views, or can be pruned to any height desired. Be the first in your locality to get started with this outstanding hedge. 2 yr. plants, 18 to 24 inch, 6 for \$1.00; 12 for \$1.85; 25 for \$3.00; 50 for \$5.25; 100 for \$8.75.

GREEN BARBERRY—A very popular low growing hedge. Untrimmed it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide, but it can be trimmed to any desired height and width. The foliage is bright green, turning a beautiful orange-scarlet in the fall and the bright red berries gleam along the branches all winter. Grows in sun or partial shade. Rust-free type. 2 yr. plants. 9-12 inch, 5 for \$1.05; 10 for \$1.85; 25 for \$3.75; 50 for \$6.75; 100 for \$12.00; 2 yr. 12-18 inch, 35c each; 5 for \$1.45; 10 for \$2.45; 25 for \$4.85; 50 for \$8.85; 100 for \$16.00.

SPIRAEA VAN HOUTTI (Bridal Wreath)—This shrub has done more to beautify the homes of America than any other. It is by far the most popular and widely planted, it makes good everywhere. Can be used for foundation planting, as a single specimen, for screens, hedge—in fact any place you want a medium tall shrub. It grows in sun or partial shade. 2 yr. Transplants, 18-24 inch, 3 for 90c; 10 for \$2.75; 3 yr. Heavy Transplants, 24-36 inch 45c each; 3 for \$1.20; 10 for \$3.50; 3 yr. Extra Heavy Transplants, 36-48 inch, 65c each; 3 for \$1.75; 10 for \$5.00.

CHINESE ELM—It can be kept trimmed to a medium height or grown as a taller screen. The more you trim it, the more dense and compact it gets. Grows so rapidly that it will make a hedge in just a few months. Perfectly hardy and planted in every state, sturdy, beautiful, fast-growing and priced very low. As it becomes known, it will be planted for hedging by the millions. The plants we offer are well branched, especially selected for hedge planting. 12-18 inch, 12 for \$1.20; 25 for \$2.35; 50 for \$3.50; 100 for \$6.00.

Barberry Hedge

ZILKE'S HARDY FIELD GROWN PERENNIALS

There is a world of difference in perennial plants. Our perennials are big, transplanted, hardy plants that were grown in the fields in wide rows, with plenty of room for both tops and roots. Such plants naturally cost a great deal more to grow, but THEY ARE WORTH MUCH MORE. They live longer, grow better and bloom more freely.

DELPHINIUM

Delphiniums bloom in early summer and fall, producing great abundance of graceful spikes that are ideal for cutting purposes. Blooms come in lovely, rich colors on strong stems. Our healthy field grown plants will bloom this year. Your choice of RICH DARK BLUE or LIGHT SKY BLUE. 40c each; 3 for \$1.05 Postpaid.

BLEEDING HEART

A favorite in grandmother's garden a half century ago, it is equally popular today. Grows about 2 feet tall, in partial shade or in full sun. Attractive light green transparent foliage. Graceful heart-shaped red and white flowers on arching branches. 2 year clump plants, 80c each; 2 for \$1.50, Postpaid.

LILY OF THE VALLEY

One of the most beloved of all old-fashioned plants. Large ornamental, waxy green leaves, dainty stems bearing beautiful, tiny, bell-shaped florets. Richly scented. Excellent for beds in shady locations. 8 for \$1.15 Postpaid.

TRITOMA

(Red Hot Poker)—One of the flashiest and most showy of all the garden plants. Large, elongated cones of brilliant orange-red flowers borne on strong canes 2 to 3 feet high. Will do well on any soil and will bloom abundantly year after year. Get a few of these and enjoy their brilliant coloring. 2 yr. heavy, 40c each; 3 for \$1.00, Postpaid.

GYPSOPHILA, Paniculata

(Baby's Breath)—Completely covered with small white flowers in July-August. In the garden and in bouquets, it gives an airy effect no other flower can give. Grows 2 to 3 feet tall. 45c each; 3 for \$1.15, Postpaid.

HIBISCUS

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring six inches or more across. Rich in color and hardy as an oak. Wonderful for background subjects or for an informal high summer hedge. We offer you the following colors, Pink, Red, and White. 2 yr. roots, only 40c each; 3 for \$1.05 Postpaid.

ZILKE'S HARDY CARNATIONS

Grow this favorite, fragrant, delicately beautiful flower in your garden. These hardy Carnations grow in the garden like any other outdoor perennial. They bloom freely in early summer and continue with some flowers later. Single flowers on long stems are ideal for cutting. Here are five of the best kinds in a wide color selection.

Crimson Beauty—red, Snow White—pure white, Triumph—rose pink, King of Blacks—darkest red, Golden Sun—clear yellow. All 5 for only \$1.35.

Strong field grown plants, 40c each.

DOUBLE HOLLYHOCKS

New double strain of an old garden favorite. Double Hollyhocks are one of the best background plants for your hardy border, in a corner against a wall, or as a mass of color that towers above all other garden subjects, as they will grow to 5 feet tall. These new larger double blooms and new hardiness make this a "must" in your garden. We offer you the following colors, Yellow, White, Pink, Red. Field grown blooming age plants, 40c each; 3 for \$1.05.

SILVER KING

Lovely for foliage, a striking, silver leaved, contrast plant. A beautiful "mist" for setting off bouquets and floral combinations. A vigorous quick-growing plant with a close network of branches, fine stemmed and slender leaved. A necessity for flower arrangement. May be cut in the fall and dried for use in winter bouquets. Nice 2-year plants. 40c each, 3 for \$1.00 Postpaid.

AQUILEGIA-Columbine

Mrs. Scott Elliott's Famous Hardy, Long-Spurred Hybrids. One of the favorite plants with all lovers of beautiful perennials. Columbine seems to have an appeal all its own because of the lovely pastel shadings of color and the artful delicacy of its bloom form. Mrs. Scott Elliott's hybrids are as fine as can be grown. They have marvelous color range and are noted for long spurs on each bloom. Being hybrids we cannot ship by color, but the mixture is well balanced and satisfactory. 2-year, field-grown, 40c each; 3 for \$1.00.

DWARF HARDY CANDYTUFT

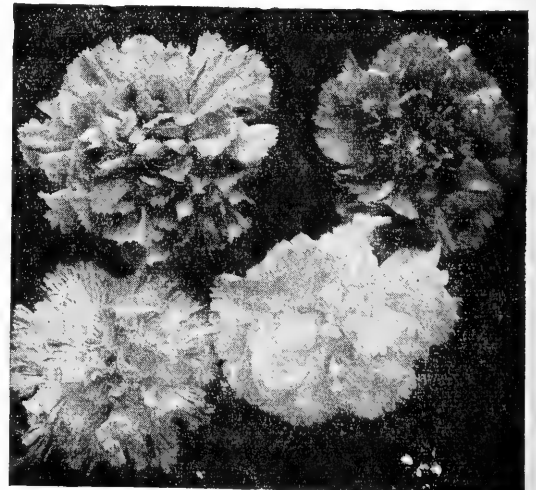

Excellent for Flowering Edgings—Almost Evergreen. One of the loveliest of the semi-dwarf plants. Foliage is almost evergreen, remaining green until almost New Years. Each spring the plant is covered so densely with white, snowflake-shaped blooms, that it really resembles a small mound of snow. Very hardy, easily grown and requires only average garden soil. Reaches only about 12 inches in height, which makes it invaluable for the foreground in perennial beds or for low borders. 40c each; 3 for \$1.00 Postpaid.

CANTERBURY BELLS

(Campanula medium). Plants are somewhat pyramidal in growth, attaining a height of from 2 to 2½ feet. Profusely covered with large, bell-shaped flowers in May to July. Colors ranging from white, pink, and rose, through various shades of blue, and purple. No color can be guaranteed, as we supply these in mixed colors only. Blooming-age, field-grown plants, 40c each; 3 for \$1.00, Postpaid.

BEGONIAS

(Tuberous-rooted, Double Camelia—Flowering type). No flower grown can equal these for sheer exquisite beauty. They are widely used for pot plants for winter blooming and also for summer beds outdoors. These come in red, orange, white, pink, and yellow. Grow 8 to 12 inches tall. When grown outside, take up before cold weather. 4 for \$1.00; 12 for \$2.50, Postpaid. State colors wanted.

Hardy Carnation

ZILKE'S NEW OUTSTANDING HARDY PHLOX

Phlox produce magnificent spikes of showy, lasting and fragrant flowers, year after year with comparatively little care. They are the main standby for harmonious garden color through the difficult month of August. Every Phlox we offer is field grown and is heavily rooted. A bed of Phlox once planted will last a life time, without special care. Extra heavy plants which will bloom this summer, 40c each; 5 for \$1.60; 10 for \$2.65, Postpaid.

AMERICAN BEAUTY—An outstanding deep rose-pink.

BLUE BOY—While there is no true blue in Phlox, this variety is the closest to such a color.

EUROPE—White with red eye. Strong grower.

FLASH—New large, rosy-red, one of the best.

LILLIAN—Delicate soft-cameo-pink.

ROYAL PURPLE—A very rich purple, deep at the edges, shading to violet in center of petals, then deep reddish-purple at the eye. An early bloomer.

MARY LOUISE—The finest pure white. Florets are the size of a silver dollar in truly giant clusters on 24 inch plants.

PINKETTE—Just a tinge of pink keeps it from being white.

MOUNT HOOD—A new beautiful pure white.

RHEINLANDER—A deep salmon that has been dependable for many years.

RUBY LEE—A mammoth flowered reddish-purple.

SPITFIRE—Brilliant orange-scarlet. Very striking.

SALMON GLOW—A lively pink with salmon shadings.

STARLIGHT—Violet with clear white star center.

CHIEFTAIN—Intense dark red. Deepest of all. Very good.

BRIGHT EYES—Soft rosy-pink with a deep red eye.

CAROLINE VANDENBERG—Most attractive of the lavender shades, it is a true lavender blue without any magenta shades.

FREE Cultural Instructions Included With Every Order

SHASTA DAISY, ALASKA—An old favorite with its large single flowers, pure white with a golden center. Grows 2 feet tall with long stems fine for cutting. Blooms from June to August. 2 yr. plants, 40c each; 3 for \$1.05 Postpaid.

SWEET WILLIAMS

An Old-Fashioned Flower Which is Now Returning to New Favor in Modern Gardens

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants in Pink, Red or White colors which will bloom this summer. Heavy Plants, 45c each; 3 for \$1.25 Postpaid.

CUSHION MUMS CHRYSANTHEMUMS

These make a rounded, compact bush that from August to Thanksgiving is a mass of exquisite flowers—hundreds of flowers. Hardy; easy to grow. We offer the following 5 best varieties. All strong plants, 30c each; 5 for \$1.35, shipped by prepaid parcel post May 1st.

CUSHION BRONZE—As the flowers first open, they are warm, rich red bronze, then turning to a bronzy yellow with a light red center. Later lighten to a beautiful golden bronze shade.

CUSHION PINK—Flowers open to a deep, orchid-pink, then change to a light orchid with a creamy center, finally salmon-pink with a soft yellow center.

CUSHION RED SUPER DELUX—Plant is perfectly formed and makes a mound 18 in. high with a diameter of 3 feet in its very first year. Bright shade of red. Mid-September.

CUSHION WHITE—Lovely snow-white flowers with a faint yellow center.

CUSHION YELLOW—Pure golden yellow, very brilliant. Develops into large dense clumps, often measuring 24 to 30 inches across. Early October.

5 HARDY CUSHION MUMS

One of each of the 5 above varieties, plainly labeled and wrapped.
SPECIAL PRICE \$1.15 POSTPAID

PHLOX SPECIAL

Special Postpaid Price \$4.00

MOLE KILLER

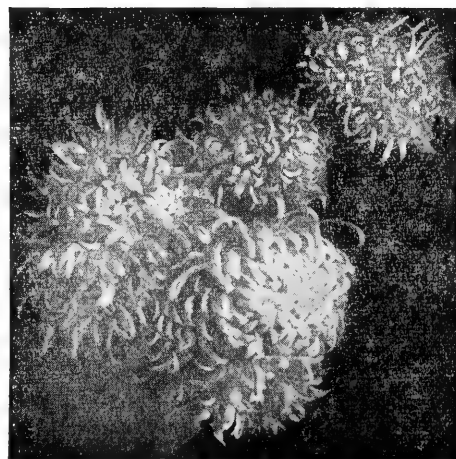

KILLS THE MOLE

Money Back Guarantee

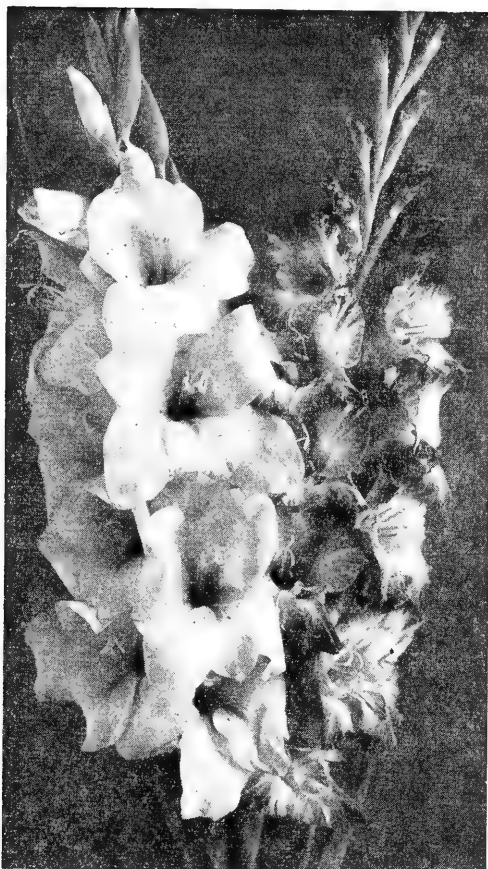

BIG 185 PELLET PACKAGE, \$1.15 POSTPAID

No traps, no gas, no harm to domestic animals or birds. Force's Mole Killer Pellets are compounded from the mole's natural food. True mole food scent attracts and will positively destroy large numbers of moles. Kill the breeding stock now before they multiply. Full directions enclosed in each package.

PLANT ZILKE'S GLADS FOR BEST RESULTS

ABU HASSAN—This new variety comes from Holland, Europe. The color is a very rich deep violet blue. In fact is about the finest of the dark blues. Good commercial flower. 15c each; 5 for 60c; 12 for \$1.00 Postpaid.

BEACON—Very large red, tall and straight, cream throat. Wonderful cut flower. 3 for 25c; 6 for 40c; 12 for 70c Postpaid.

DR. F. E. BENNETT—Uniform fiery red variety that we cannot overlook in its class of reds. Fairly large flowers on a good stem. Two white stripes on the lower throat petals makes this variety very unique and beautiful. Good all-around shipper for florists. 3 for 45c; 6 for 75c; 12 for \$1.25 Postpaid.

BAGDAD—A gigantic flower of an unusual old-rose, being in a class by itself. Florets often 7-inch across, and up to 10 open at once, on a strong tall spike 3 for 45c; 6 for 75c; 12 for \$1.25 Postpaid.

CORONA—Creamy white shading somewhat deeper in the throat, with rose picotee edge on the petals. Very distinctive and beautiful. Outstanding prize winning exhibition flower. Mid-season. 20c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

BLACK OPAL—Makes an impressive spike with up to 8 blooms open. The standard darkest red. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

ELIZABETH THE QUEEN—Most beautiful. Huge wide open ruffled flowers of a gorgeous lavender color, blushed pink. Vigorous grower that responds under most any weather. Wonderful exhibition variety 15c each; 5 for 60c; 12 for \$1.25 Postpaid.

GOLDEN DREAM—Has always been tops in yellow and again received the highest number of votes of any yellow. A rich, deep, golden yellow. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

ALADDIN—Large ruffled salmon with creamy blotch throat. 3 for 45c; 6 for 75c; 12 for \$1.25 Postpaid.

MINUET—Late mid-season variety of unusual beauty. One of the finest lavenders yet produced in commerce today. Large flowers on a tall spike. Good placement. Still the finest lavender exhibited at the leading flowers shows. A consistent winner. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

MYRNA—This dainty ruffled ivory-white has won scores of ribbons at shows throughout the country. A good grower. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

NEW EUROPE—A new variety from Holland, Europe. Excellent texture tall grower, enormous florets of brilliant orange red, one of the best newer varieties. 15c each; 5 for 50c; 12 for 75c Postpaid.

PEGGY LOU—Immense flowers of a deep pink color, one of the better ones. 10c each; 5 for 35c; 12 for 75c Postpaid.

REWI FALLU—Better known as blood red. Massive deep red flowers. If you are looking for a dark red that grows large we suggest this special variety 15c each; 5 for 60c; 12 for \$1.00 Postpaid.

CAMELLIA—One of the most beautiful glads in our list. Very large flowers on perfect stems. The color is a delicate pink on a creamy background. 3 for 45c; 6 for 75c; 12 for \$1.25 Postpaid.

PURPLE SUPREME—Fine outstanding purple color that may be used for the show or commercial. Opens 8 or 9 very large florets on a good tall spike. 15c each; 5 for 60c; 12 for \$1.00 Postpaid.

ETHEL CAVE COLE—A very large pink exhibition variety. From 10 to 12 florets open on a fine spike. Beautiful color, excellent commercial variety. 15c each; 5 for 60c; 12 for \$1.00 Postpaid.

GOLD DUST—Deep early yellow. Grows tall, has good commercial possibilities. 10c each; 5 for 35c; 12 for 75c Postpaid.

LEADING LADY—Its exquisite tall spikes, 8 large blooms open color of beautiful silvery creamy white. Has won many awards. 15c each; 5 for 60c; 12 for \$1.00 Postpaid.

SNOW PRINCESS—A very fine new white of good size and form. Tall, with long flower spike and many open blooms that are always perfectly placed. Snow Princess is one of the very best whites. Mid-season. 10c each; 3 for 25c; 6 for 50c; 12 for 75c Postpaid.

MAID OF ORLEANS—A pure white, and one of the best white varieties. 10c each; 3 for 25c; 6 for 50c; 12 for 75c Postpaid.

LAVENDER RUFFLES—Exquisite combination of color hard to beat, a clear lavender blushed with shrimp pink. Very fine for decorations or table arrangements. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

MARGARET BEATON—Finest pure white background with a bright orange blotch. This variety is one of the finest new introductions. Strong grower. A consistent show winner. 3 for 30c; 6 for 45c; 12 for 75c Postpaid.

SWEET-SCENTED GLADIOLUS

THE NEW SWEET-SCENTED GLAD

SWEET-SCENTED GLAD—The flowers are snow white, centers are clearly marked with brilliant purple-black color. The fragrance is delightfully fresh yet insistent, a few flowers in a vase will make themselves pleasantly known throughout the entire room. Flower stalks are about 2½ feet tall. These sweet-scented glad bulbs are somewhat higher crowned and more pointed and not quite as large as ordinary glad bulbs. The culture for the sweet-scented glad is the same as ordinary glads, however in mild climates the bulbs may remain in the ground where they will soon form large-sized clumps. 25c each; 5 for \$1.00; 12 for \$2.00 Postpaid.

RAINBOW MIXTURE GLADS

This mixture is made up from the varieties that we list and many others. Guaranteed to please you.

Large blooming size bulbs, 25 for \$1.00, 50 for \$1.65; 100 for only \$2.75; 500 for \$13.00; 1000 for \$24.50, Postpaid.

MOROCCO—Glistening deep purple, almost black. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

MARGARET FULTON—Early deep salmon pink. Most dependable and healthiest of all varieties. Excellent cut flower 10c each; 3 for 25c; 6 for 45c; 12 for 75c Postpaid.

PEARL HARBOR—Purest white variety with good spike and foliage. As many as 10 to 12 florets open at a time and color showing on balance of spike. Destined to be the best in the white class of Gladiolus as a commercial flower. Worthwhile trying in your garden. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

PELEGRINA—You will be more than pleased with this lovely flower. A real first class glad in its color. In fact the best dark blue in existence today. 3 for 30c; 6 for 50c; 12 for 85c Postpaid.

PICARDY—A clear pure pink beautifully tinted with red in the throat. Flowers large, 5 to 5½ in. across. One of the most popular varieties. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

ROSA VAN LIMA—Extremely tall growing, color of a beautiful light pink. We can highly recommend as being one of the finest to grow. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

RED CHARM—A fine medium dark red with a deeper throat. A fine all around glad for show and cutflower use. Very consistent and tops in its color. 20c each; 3 for 45c; 6 for 80c; 12 for \$1.25 Postpaid.

SILVER WINGS—A glistening pure white sport of Picardy, with florets that measure up to 6 inches across, colorful buds showing on balance of spike. One that is certain to be popular. A very strong and healthy grower. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

STOPLIGHT—A magnificent new red. Brilliant, clear crimson flowers; deeply ruffled. Its tall, dazzling spikes arrest attention. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00 Postpaid.

SHIRLEY TEMPLE—Intensely ruffled flowers, massive cream with creamy yellow throat. This is one of the fine show varieties, that has been recently introduced. 3 for 25c; 6 for 45c; 12 for 80c Postpaid.

The "Miracle Plant Food"

Ra-Pid-Gro

A complete, quickly available, easily prepared plant food by merely adding one pound of RA-PID-GRO to 22 gallons of water

WHAT IS A RA-PID-GRO?

RA-PID-GRO is a complete concentrated plant food formula. Easily made into an immediately effective liquid fertilizer by simply adding water. It will speed up growth of plants now in place and will assure more successful transplanting of new plants.

HOW IS IT USED?

RA-PID-GRO is so easily prepared for use. Just add water at the rate of 1 lb. of RA-PID-GRO to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around each plant according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to the quart of water. Also very valuable for use when transplanting. Dip plants in solution for 3 or 4 minutes, then set in place and water with remainder of liquid. Practically eliminates losses.

WHAT WILL IT DO?

RA-PID-GRO will work almost unbelievable miracles in promoting rapid and healthy growth on all types of plants. Use it on lawns, around shade trees, evergreens, shrubs, roses, perennials, vegetables and house plants. Many times plants which have been given up for dead will respond to applications of RA-PID-GRO. All the vital plant food elements are present in this remarkable discovery and since it is applied in liquid form, are readily available to the roots of the plant.

HOW DOES ITS COST COMPARE WITH OTHER FERTILIZERS?

RA-PID-GRO is less expensive than other fertilizers. In the larger quantities it makes your fertilizer cost about 1/2 cent per pound as against a cost of about 3 cents per pound for average fertilizers. Remember, 1 pound of RA-PID-GRO makes 176 pounds of rich and complete plant food.

KEEPS INDEFINITELY IF STORED IN A DRY PLACE

ALL PRICES ARE DELIVERED

1 pound Ra-Pid-Gro (makes 22 gallons) -----	\$1.25
2 pounds Ra-Pid-Gro makes 44 gallons) -----	\$2.35
5 pounds Ra-Pid-Gro (makes 110 gallons) -----	\$4.50
10 pounds Ra-Pid-Gro (makes 220 gallons) -----	\$8.75
25 pounds Ra-Pid-Gro (makes 550 gallons) -----	\$21.00

WHY NOT SAVE MONEY?

Why not show your neighbor your copy of Zilke's Catalog. Include his order with yours, thus getting cheaper prices because of larger quantities. We guarantee satisfaction, see pages 3 and 4. By ordering from Zilke's remember you are buying direct from the growers and not dealers or jobbers.

FREE NURSERY STOCK

If you will be so kind as to give us a few names of land owners that you think might be interested in our catalog we will include a free gift with your order. If you have sent names before, please do not send the same names again, and please send names of people that you think are interested in nursery stock.

PARCEL POST RATE INSTRUCTIONS

In small bundle shipments, prepaid parcel post is the cheapest way of shipping. By sending necessary amount for postage in advance you save the 25 cents C. O. D. fee collected by the Post Office Department on delivery. If you wish small shipments prepaid on items not listed as prepaid in our catalog, consult table at right, for correct amount needed for prepaid parcel post. Small shipments are cheapest by being prepaid. If you do not include postage with your remittance we shall assume that you want your stock shipped C. O. D. for postage charges. For postage rates, first look in which group you live, then consult the group at right for necessary postage, include this amount with your order and we will ship prepaid.

MONTMORENCY

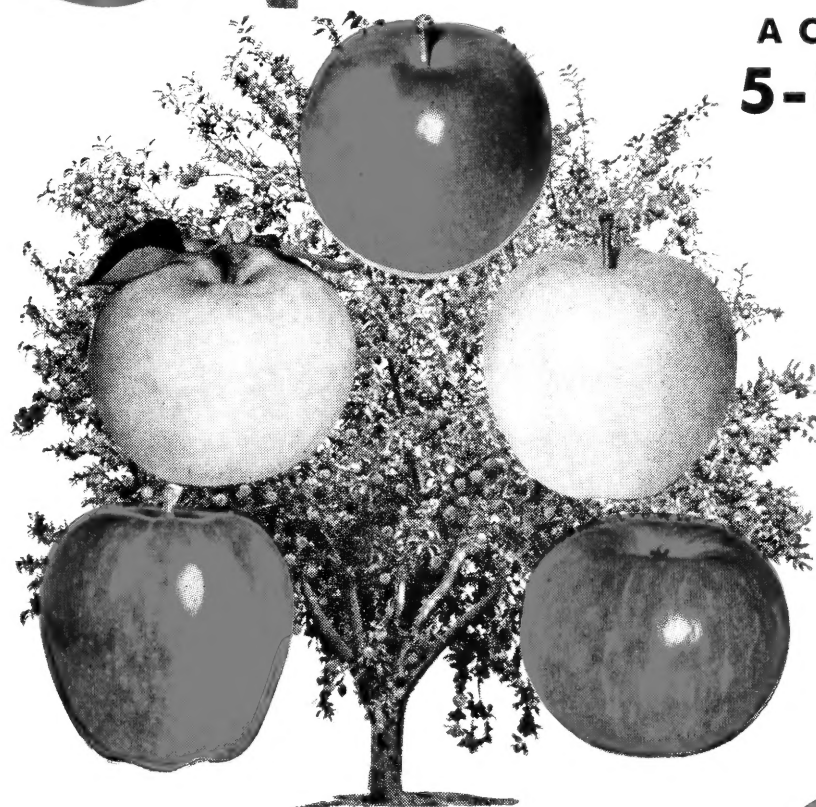

SOUR CHERRY

The World's Finest Sour Cherry

LARGE MONTMORENCY — The largest and best Sour Cherry grown for market and canning. Preferred by canners and pie makers everywhere. Deliciously sub-acid, it is good to eat from the tree; beautiful dark red, very firm, the best Sour Cherries. Montmorency is a regular bearer of enormous crops, brings good prices and ships well, in fact, is the best market cherry. Montmorency has remarkable keeping quality, on the tree and after picked; always a top-notch.

PRICES: BIG BEARING AGE TREES, \$2.35 Each; 5 for \$10.75. (Other sizes see page 7)

(For other cherries, see pages 6, 7, 8, and 9)

A Complete Orchard on One Tree

5-N-1 APPLE TREE

Imagine 5 different varieties of apples on one tree. 5-N-1 apples are very hardy and grow fast. We offer Yellow Transparent, Yellow Delicious, Red Delicious, Jonathan, and Wine-sap. All budded on the same tree.

STRONG, 3-yr. 5 to 6 ft. TREES, \$3.00 each, or 2 for \$5.50.

SPECIAL OFFER No. 10

50 SUPERFECTION

50 NEW GEM

100 Plants for only

\$3.35

(Other Strawberries, pages 16 to 18)

NEW *Superfection*

EVERBEARING STRAWBERRY

SUPERFECTION bears some of the largest fruit that we have ever seen on Everbearing strawberry plants. The berries are dark red all the way through and have that zippy, sweet strawberry flavor. Berries are of extra firm texture, will withstand handling without discoloration or softening, as most everbearing strawberries do. A hundred plants in your garden will produce enough berries for the average family.

PRICES: 25 Plants for \$1.75; 50 for \$2.95; 100 for \$4.90.

(For larger amounts, see page 18)
